

The studio - first impression

A wider showcase with seven named products and real interfaces.

DESKTOP - 1440 x 900 CSS pixels

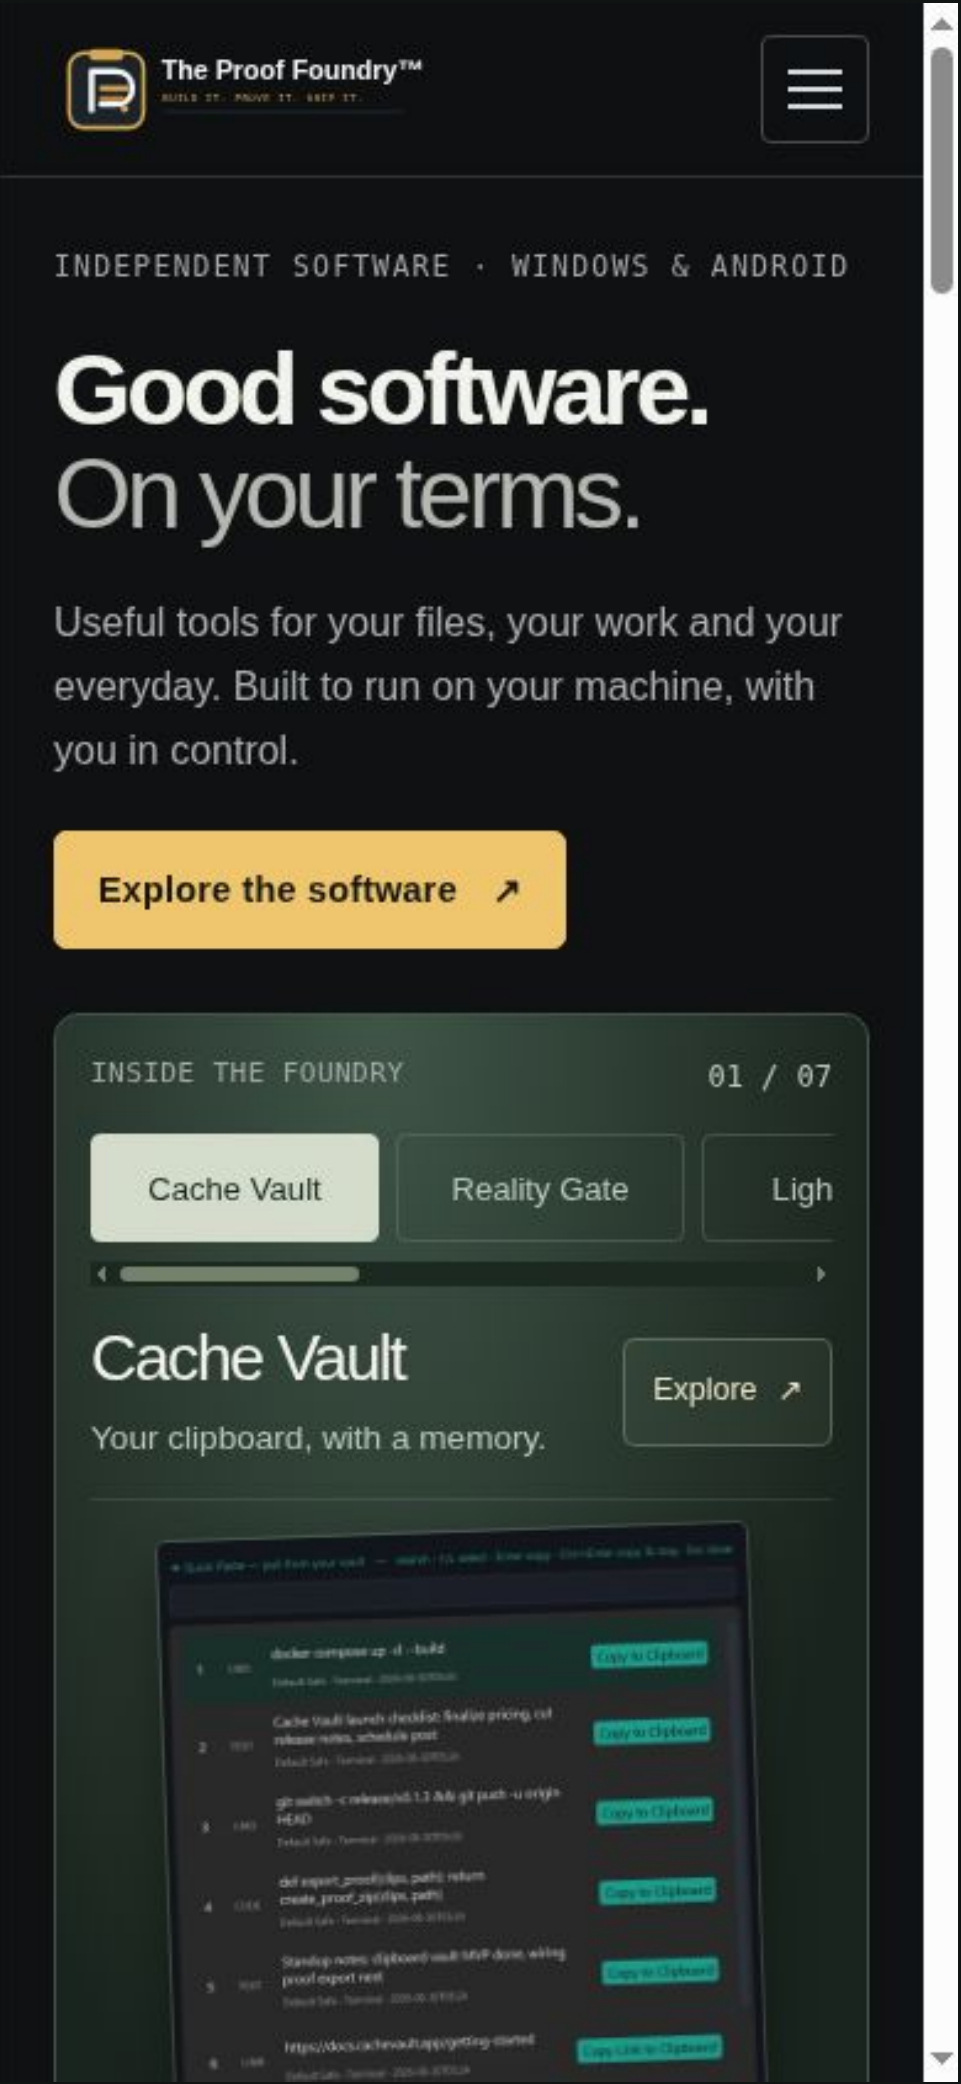

The live site matched the original source and build byte for byte. This is the improved local build.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

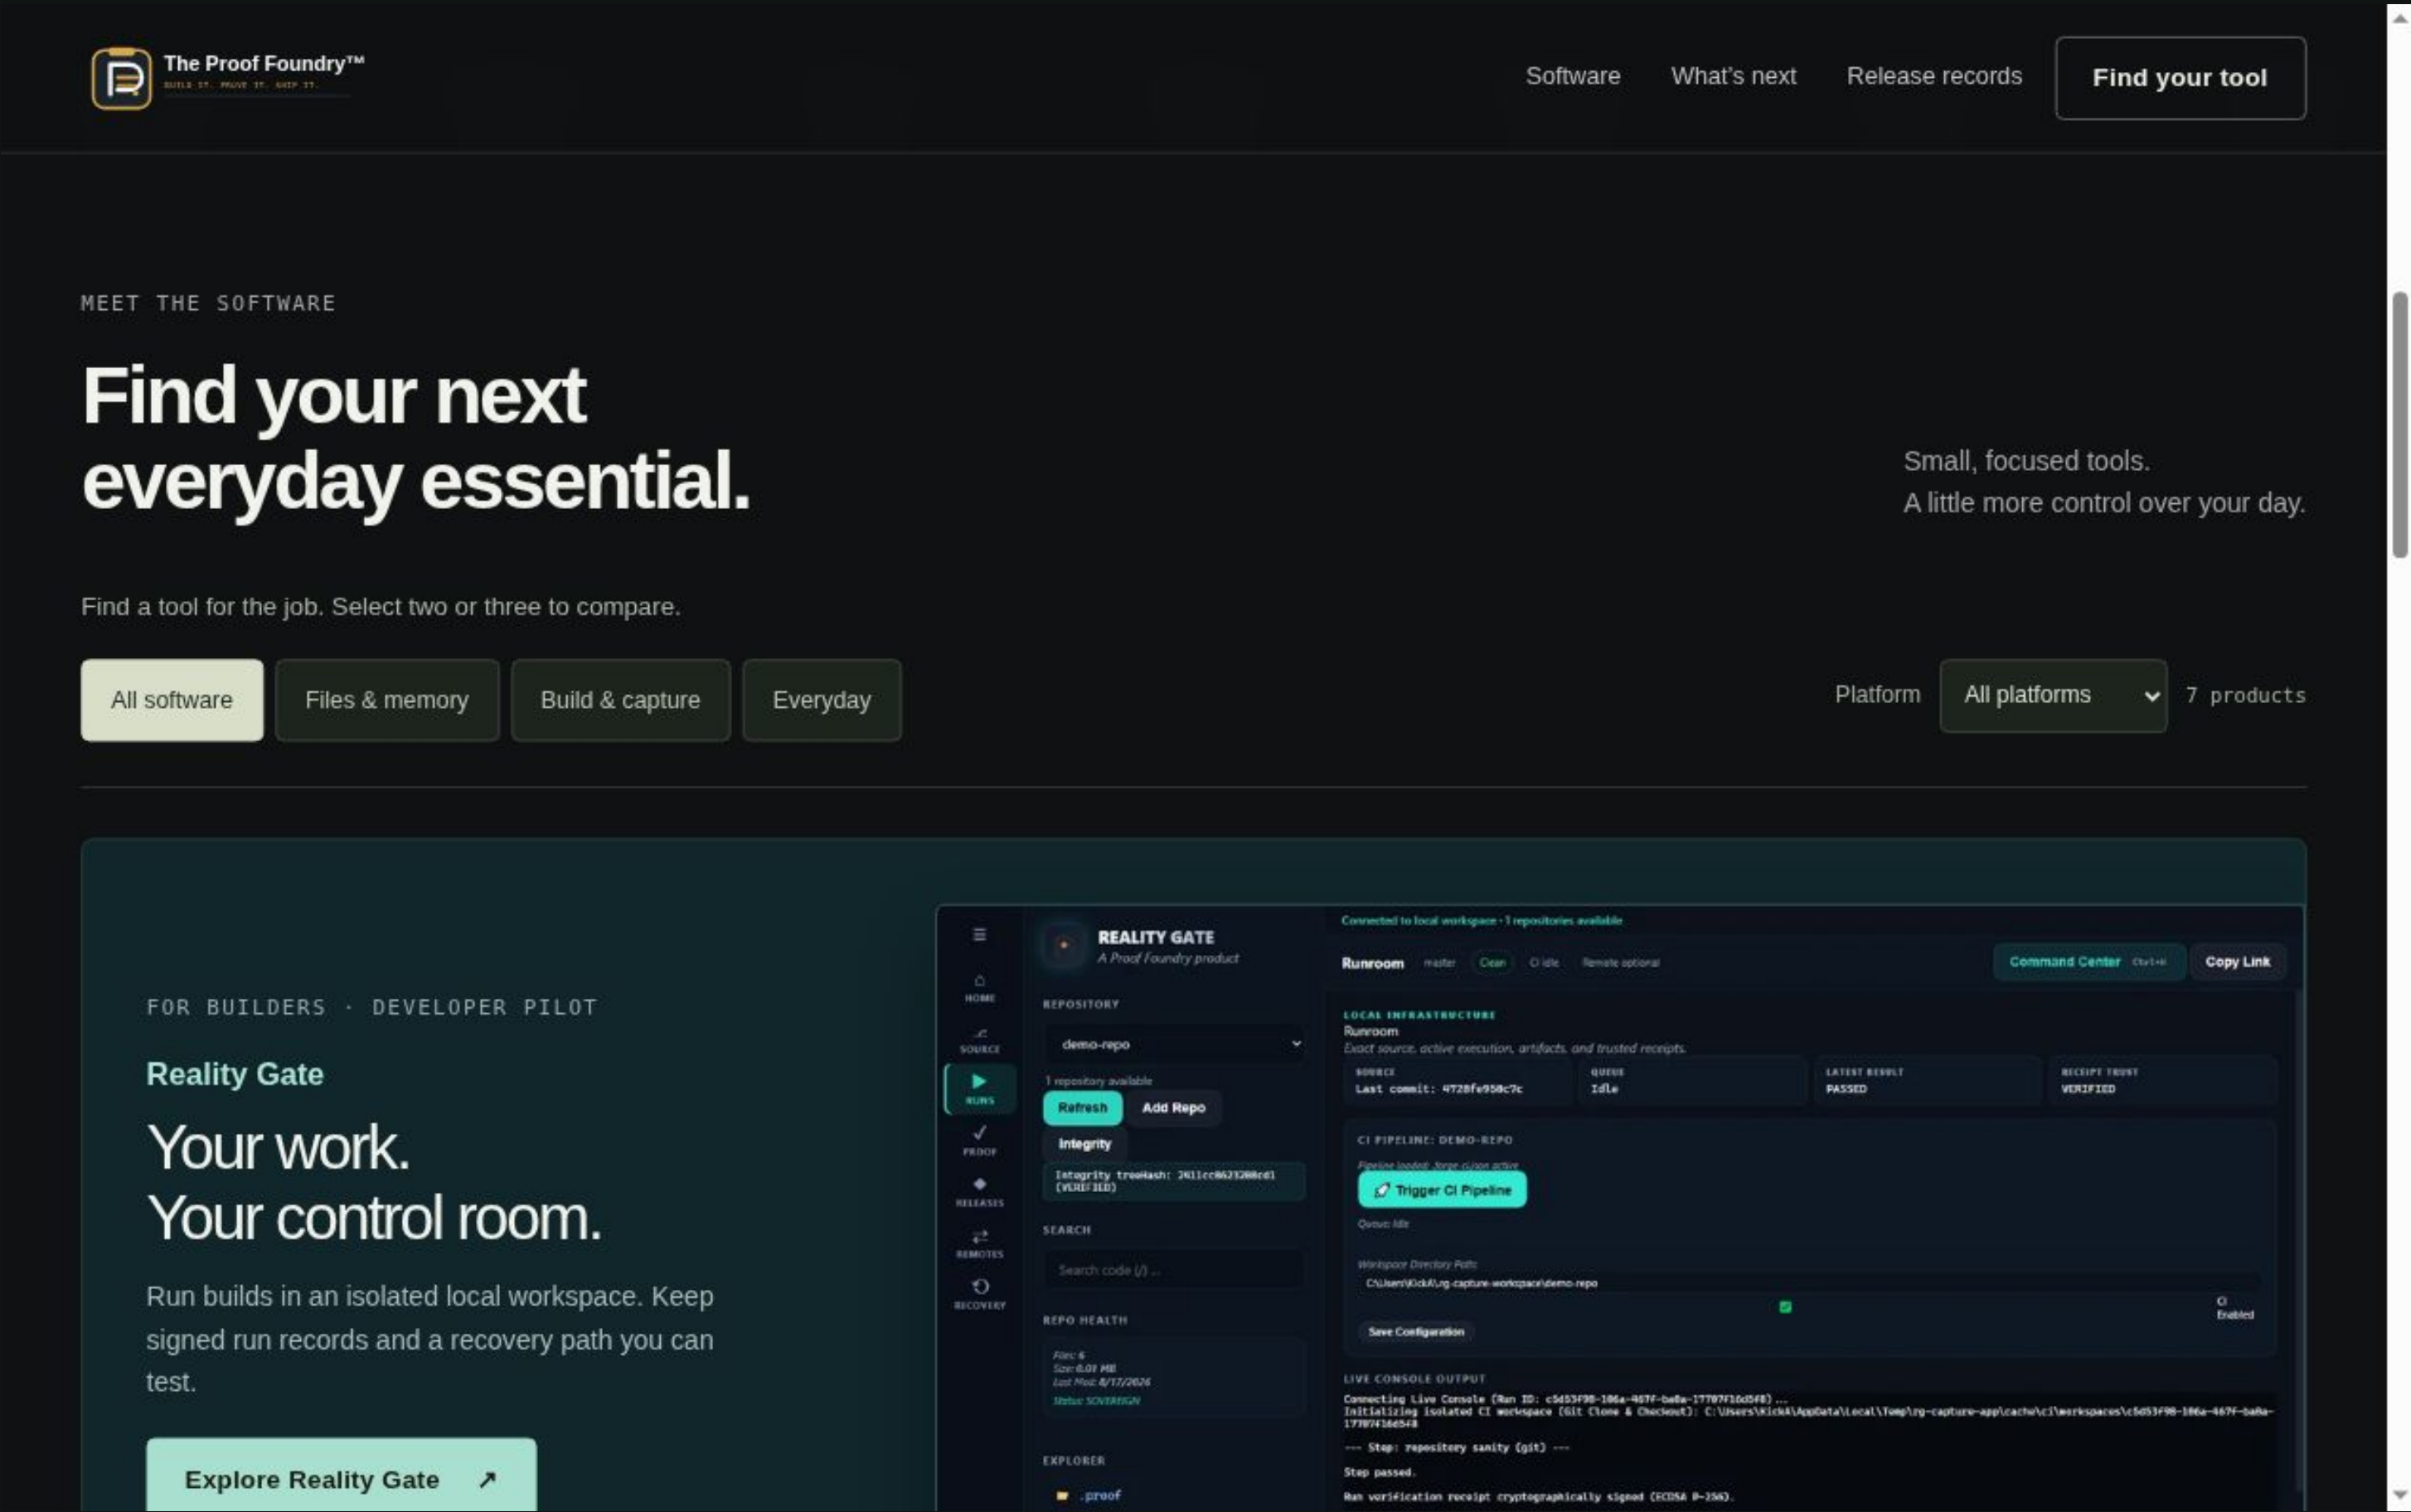

MOBILE - 390 x 844 CSS pixels

The studio - hands on

Find by purpose and platform. Select two or three tools to compare.

DESKTOP - 1440 x 900 CSS pixels

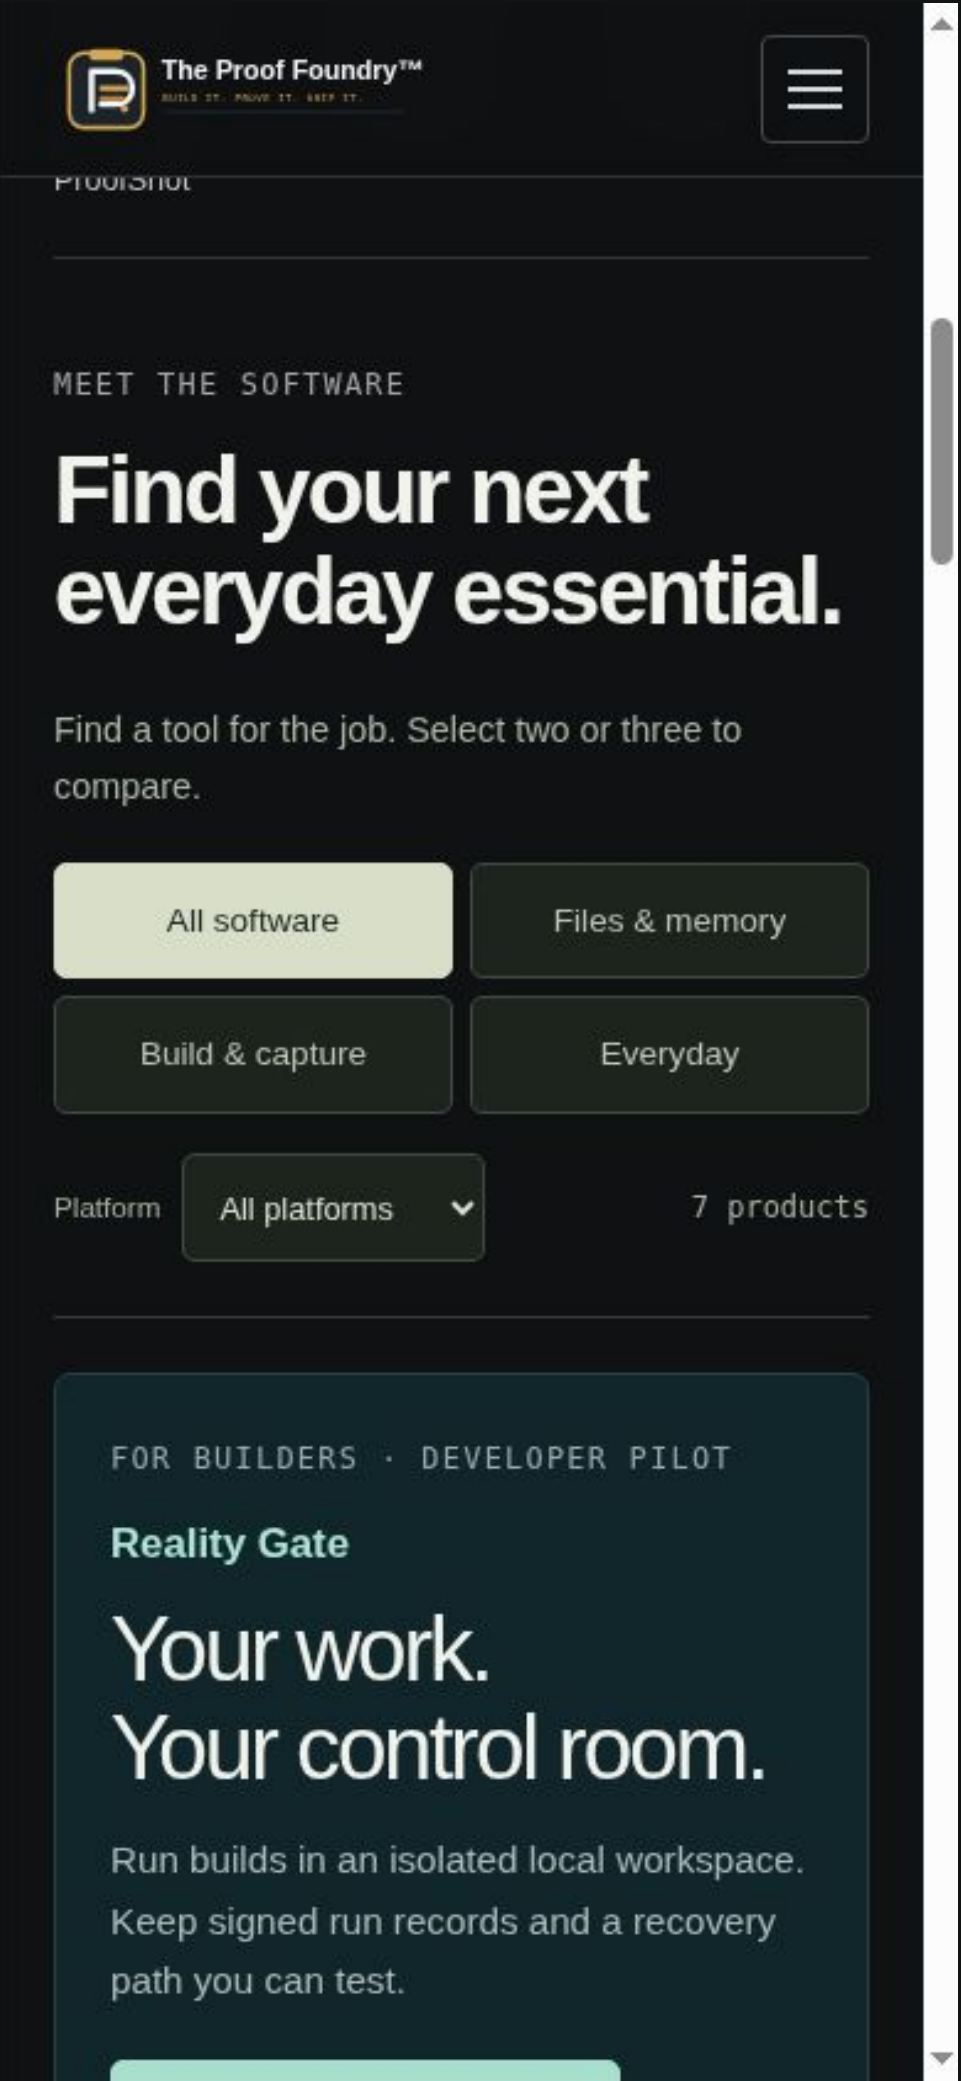

The live site matched the original source and build byte for byte. This is the improved local build.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

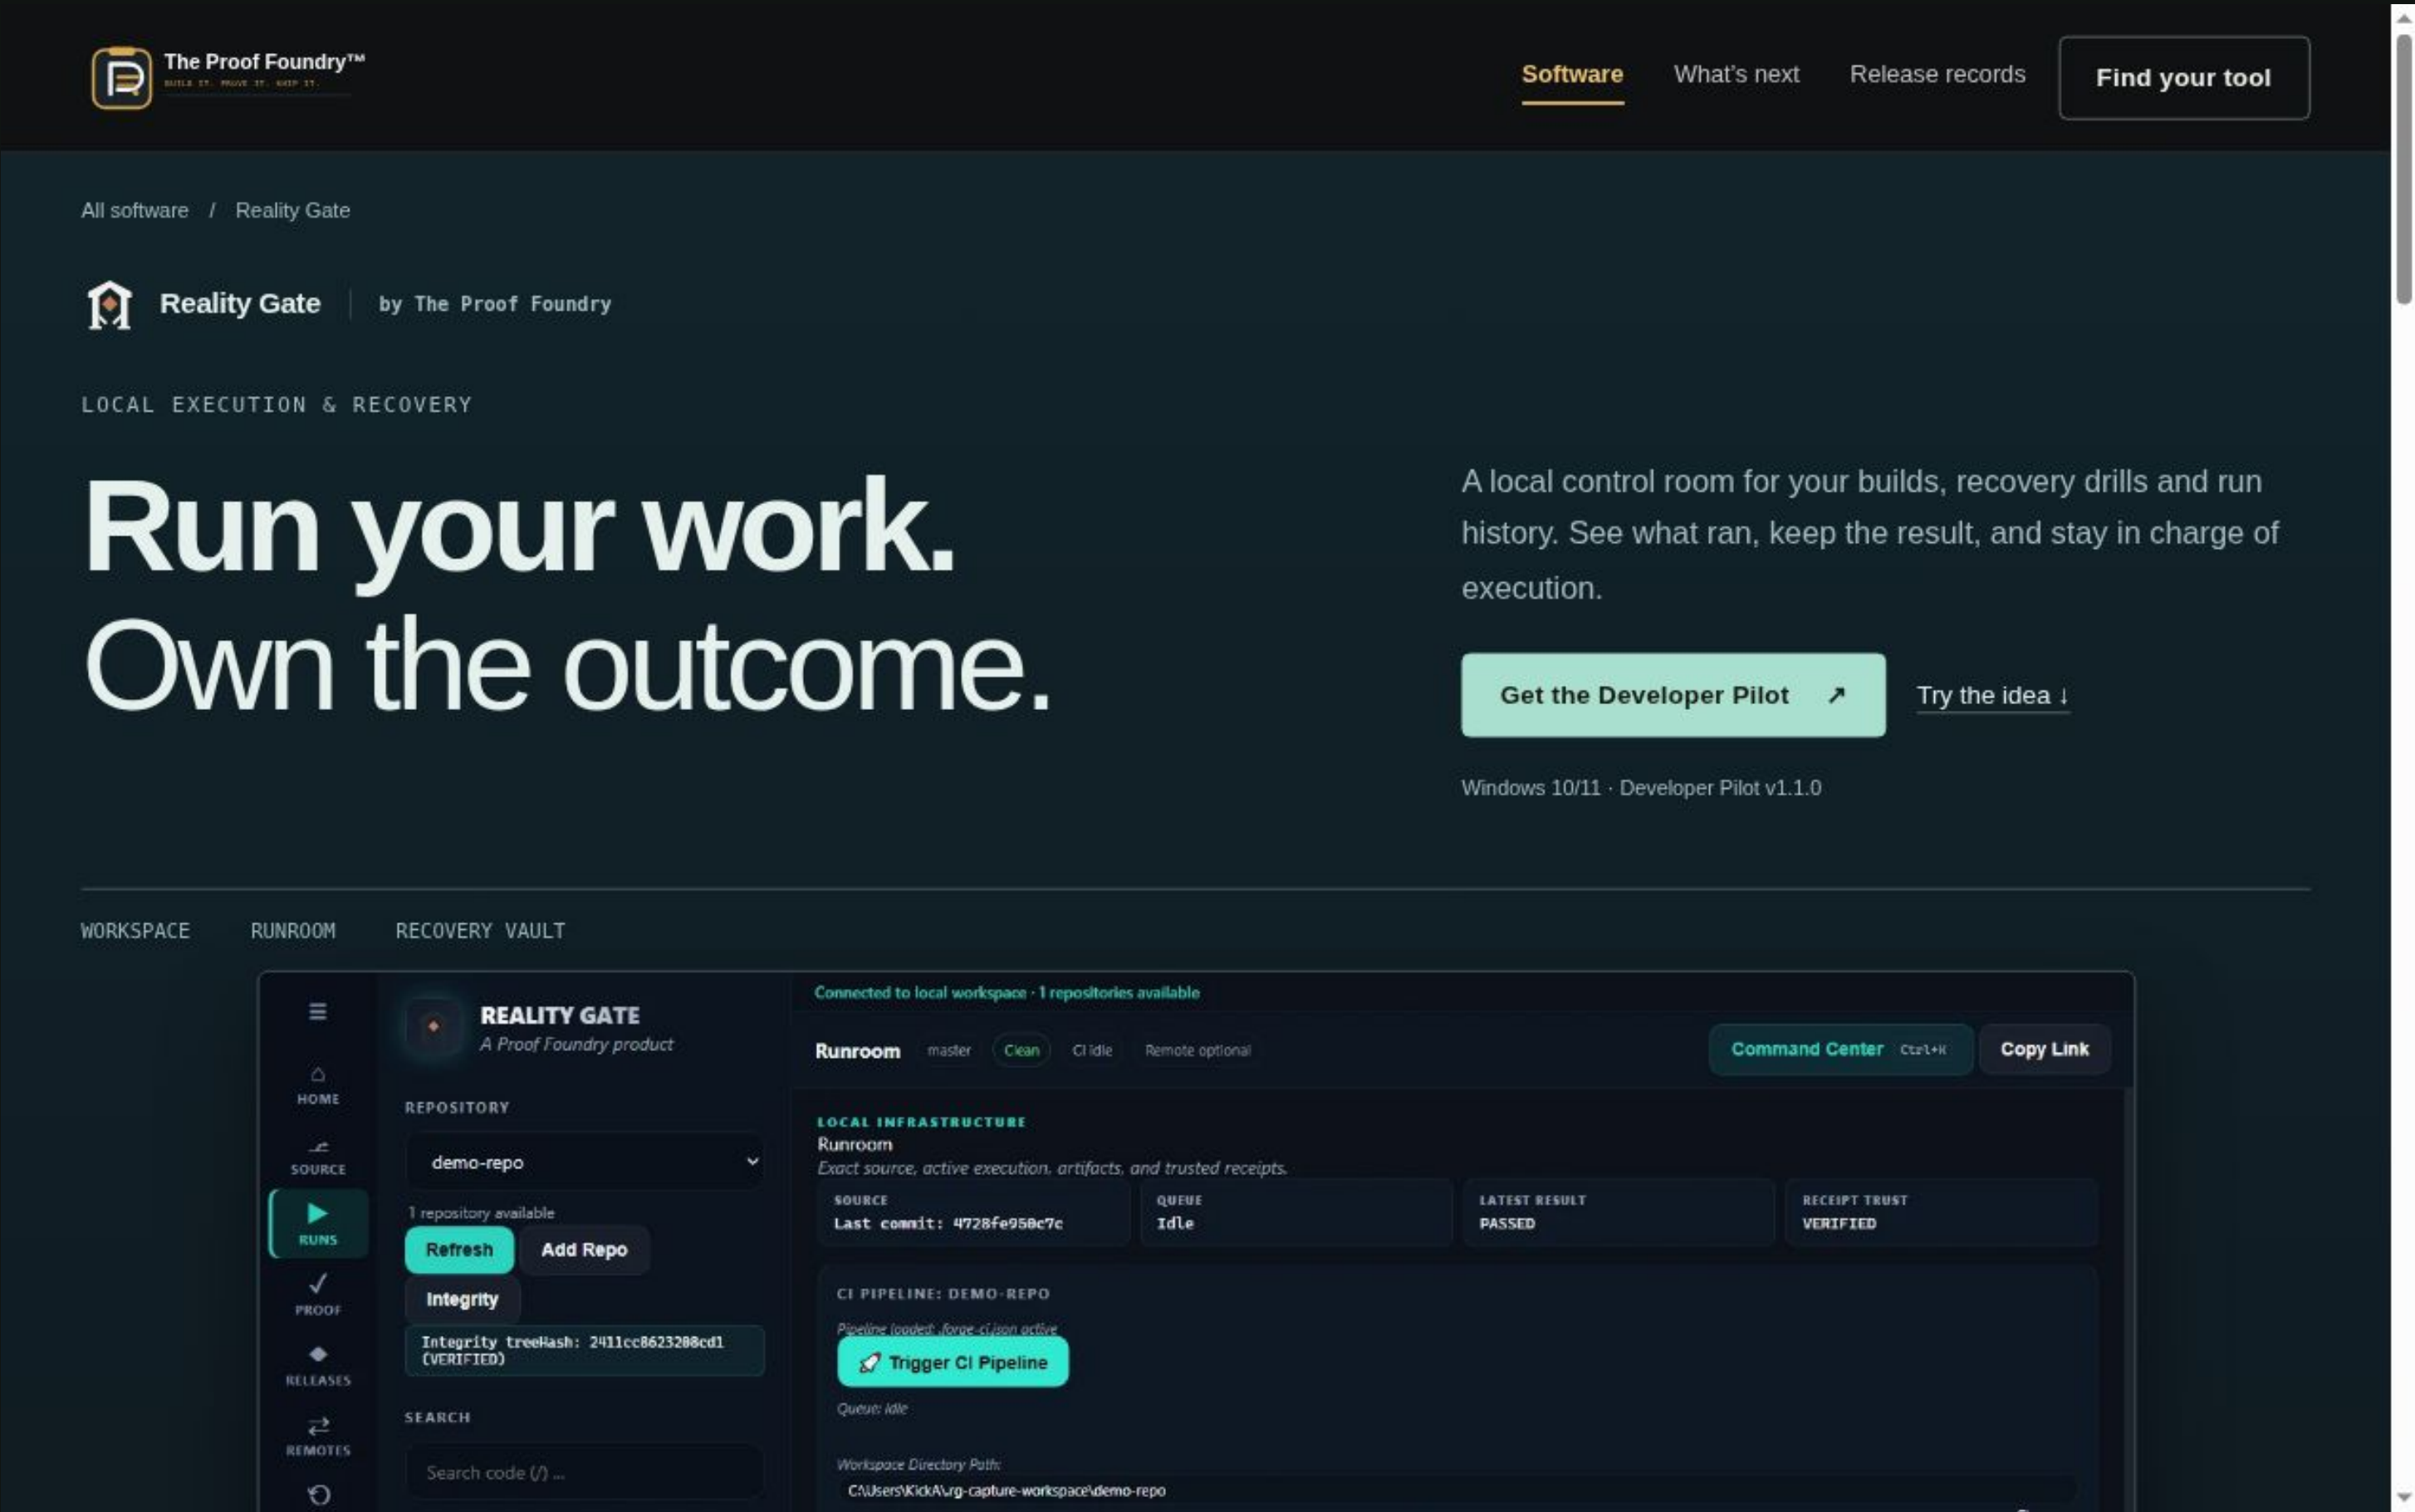

MOBILE - 390 x 844 CSS pixels

Reality Gate - first impression

A control room for local execution, run records and recovery.

DESKTOP - 1440 x 900 CSS pixels

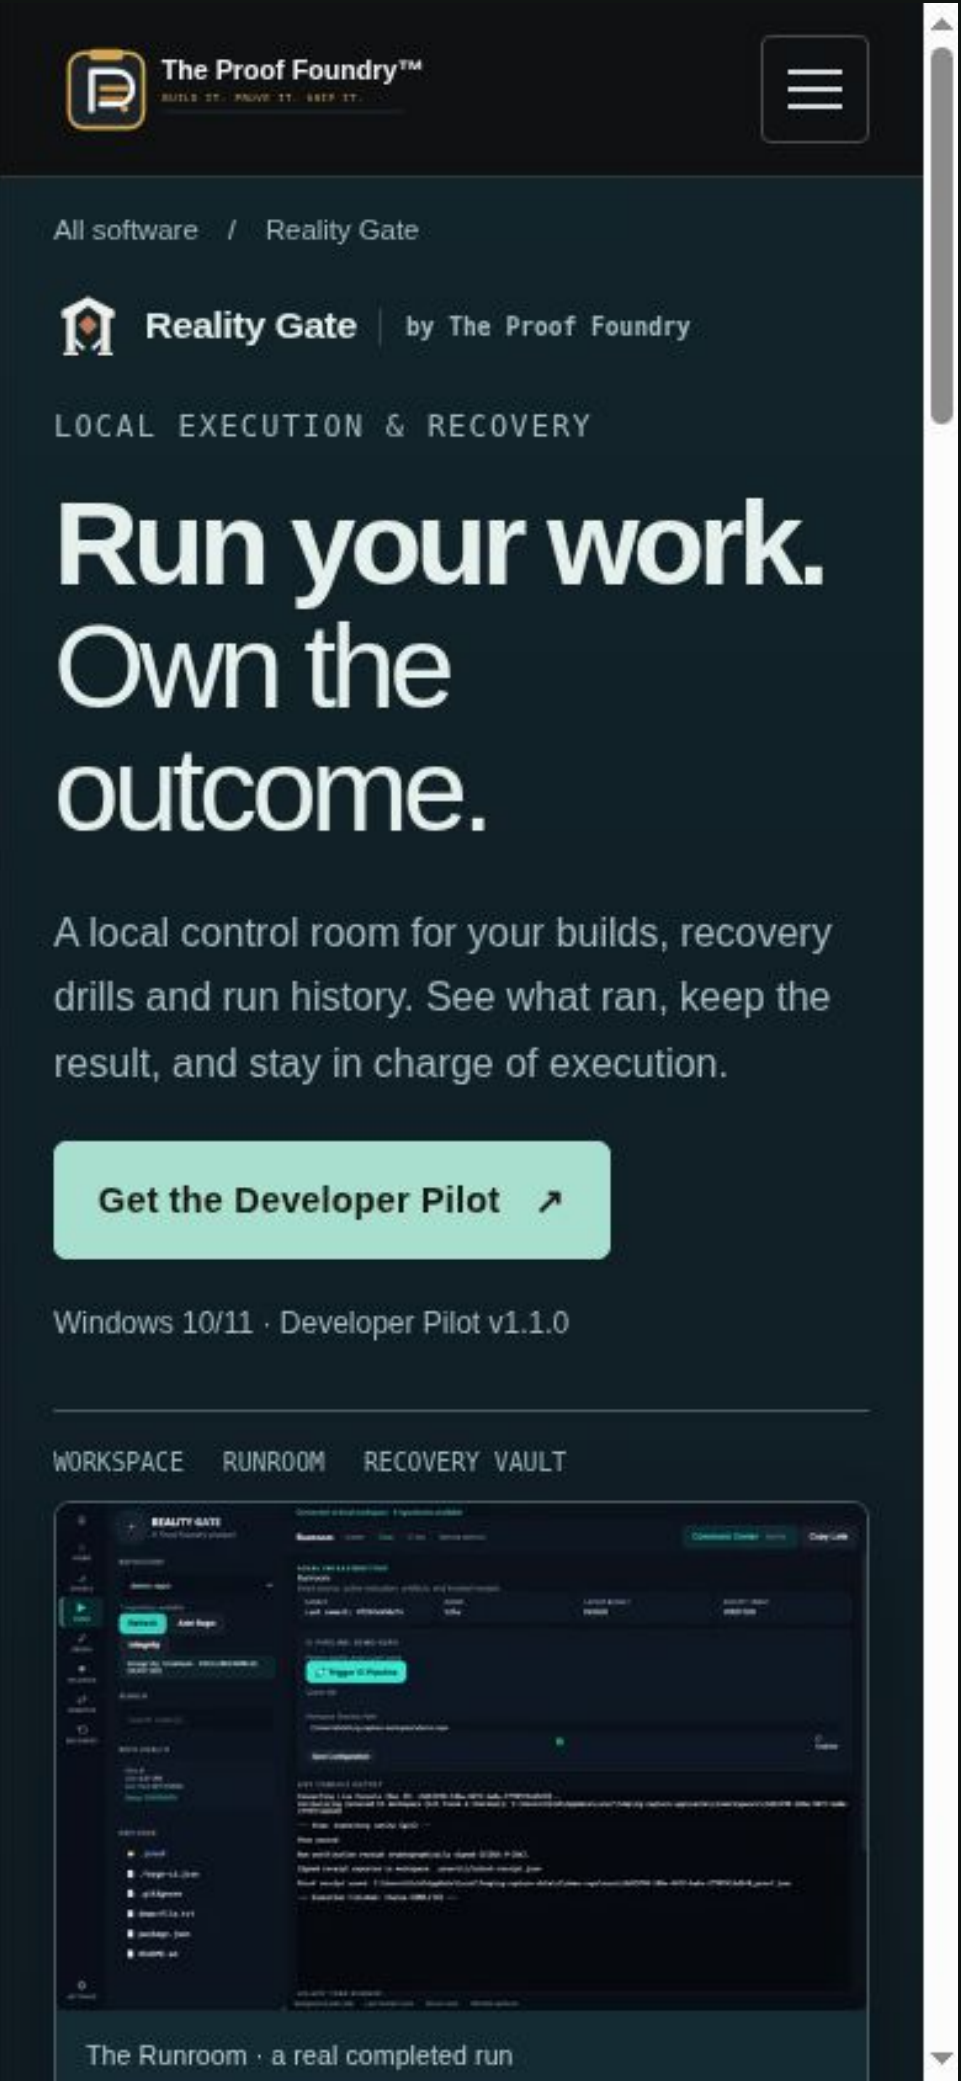

Developer Pilot / PUBLIC_RELEASE / public v1.1.0: authoritative classification preserved.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

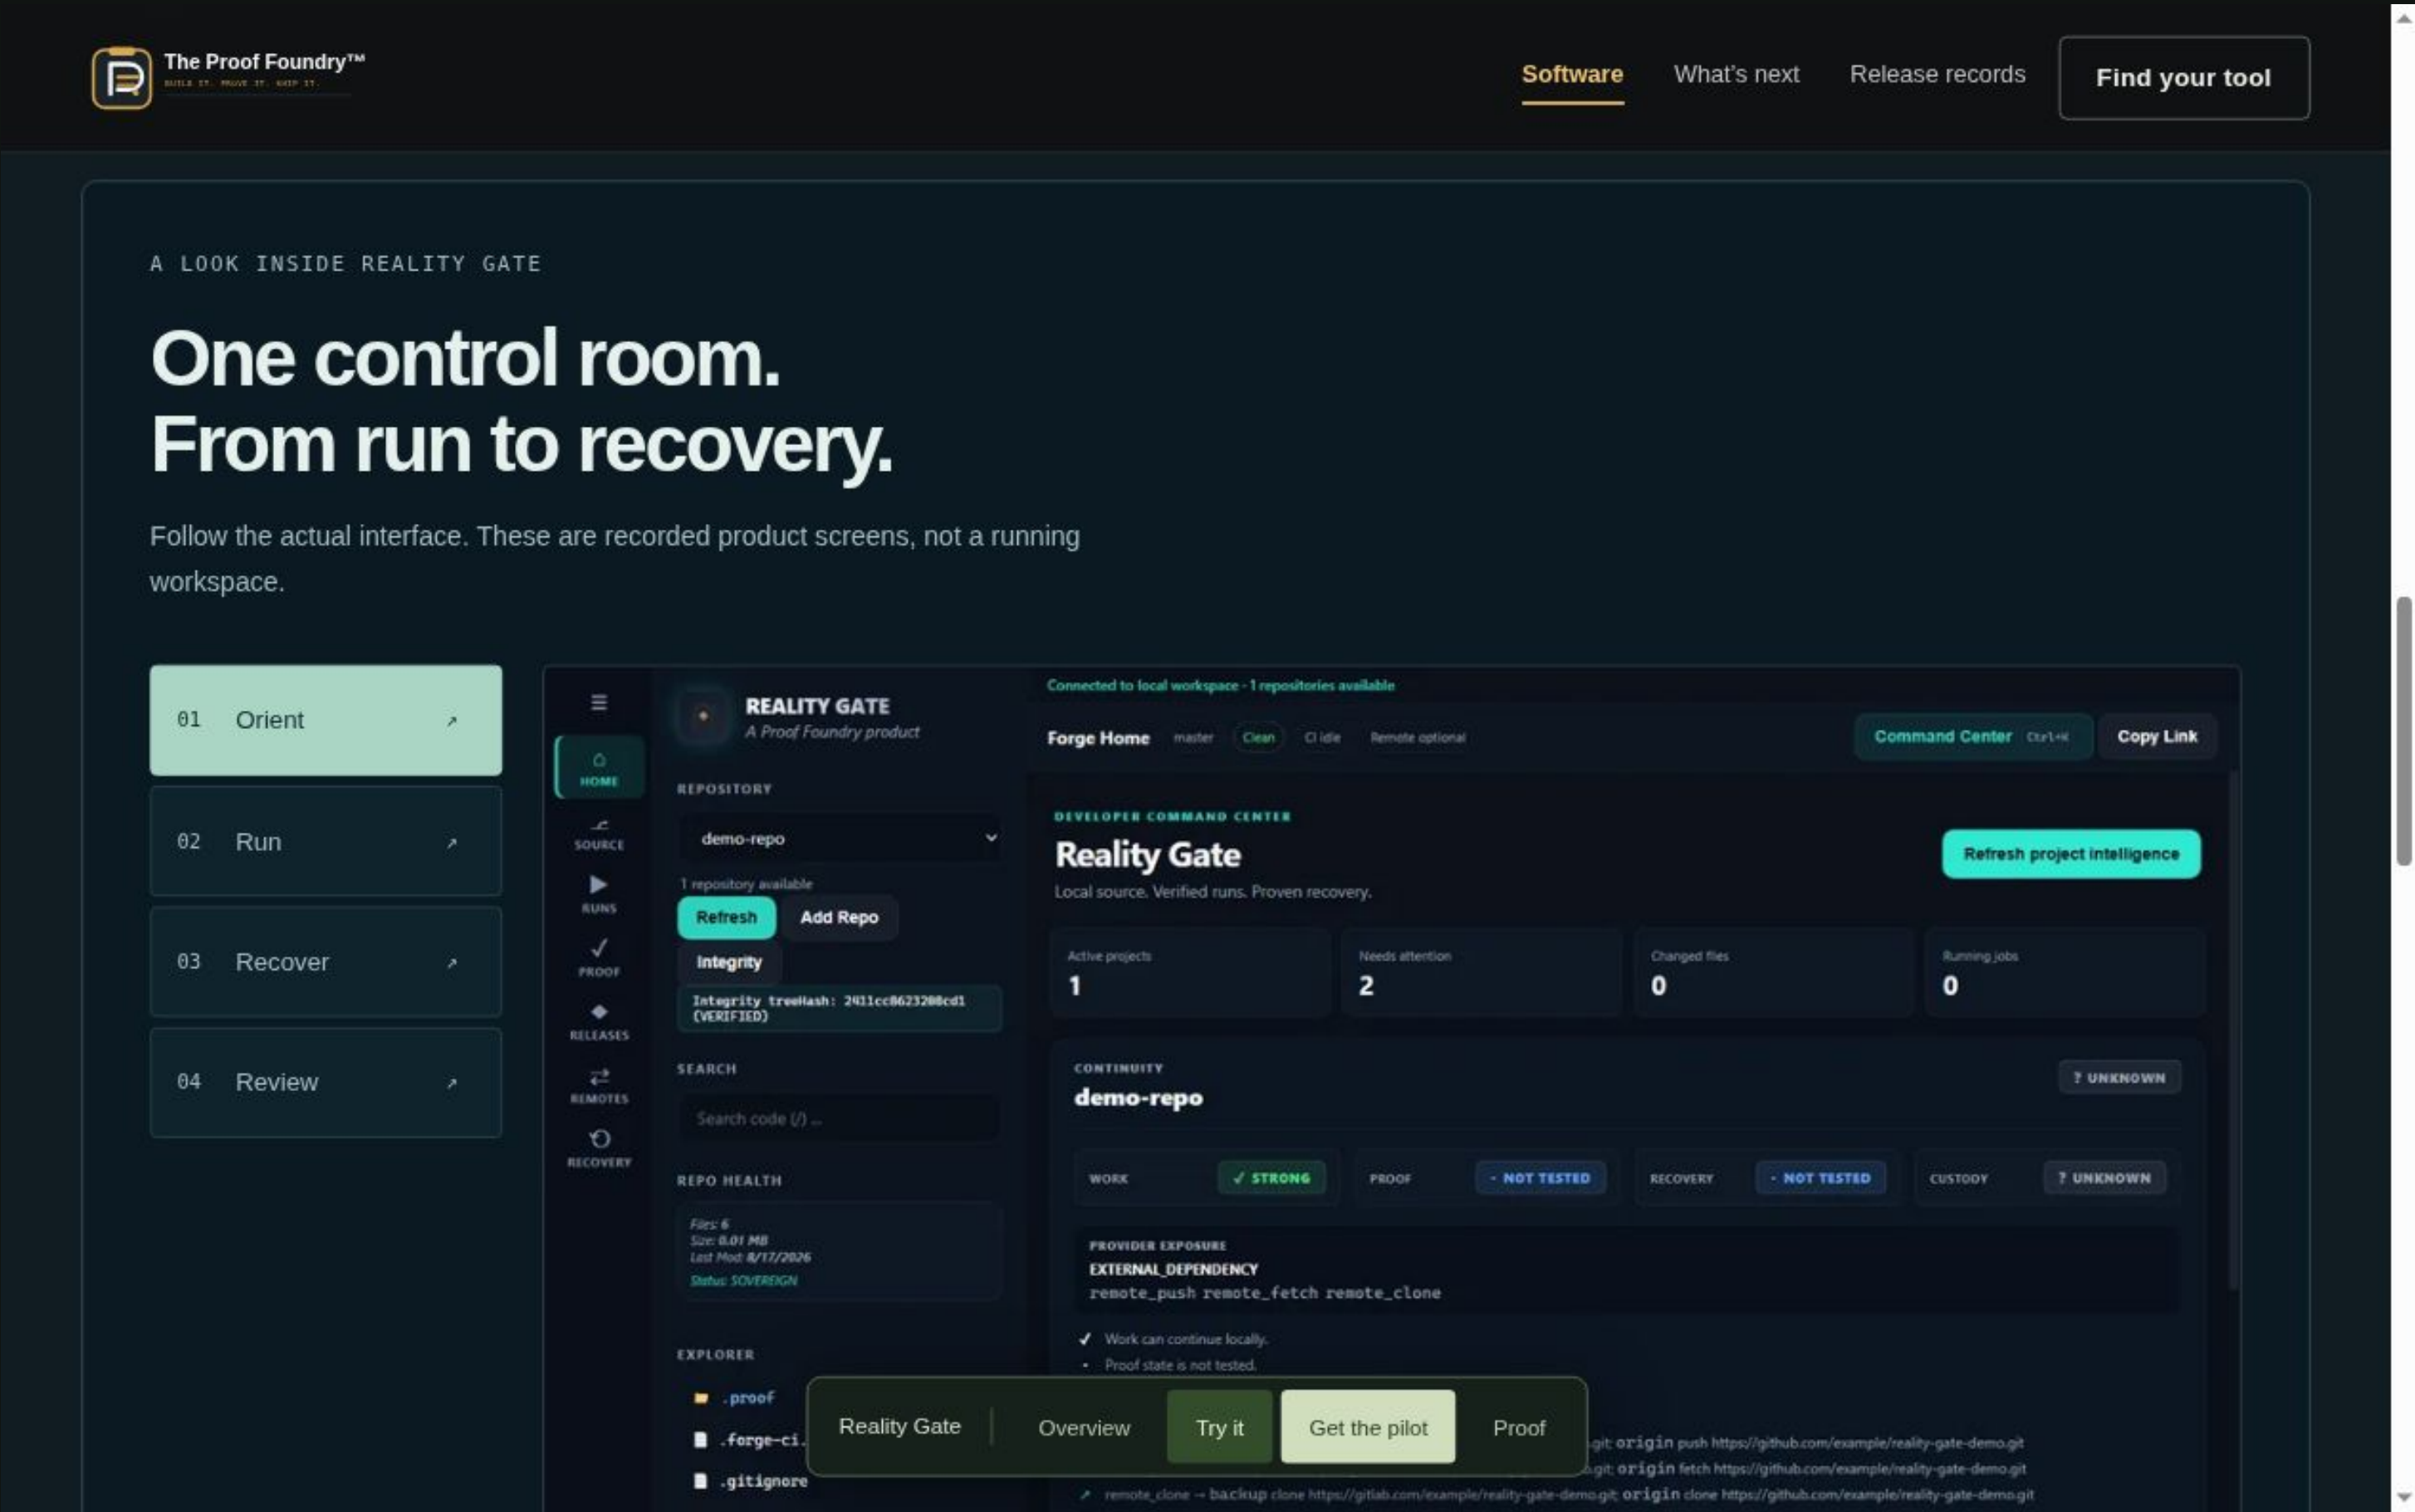

MOBILE - 390 x 844 CSS pixels

Reality Gate - hands on

Move through recorded Home, Runroom, Recovery and Ledger screens.

DESKTOP - 1440 x 900 CSS pixels

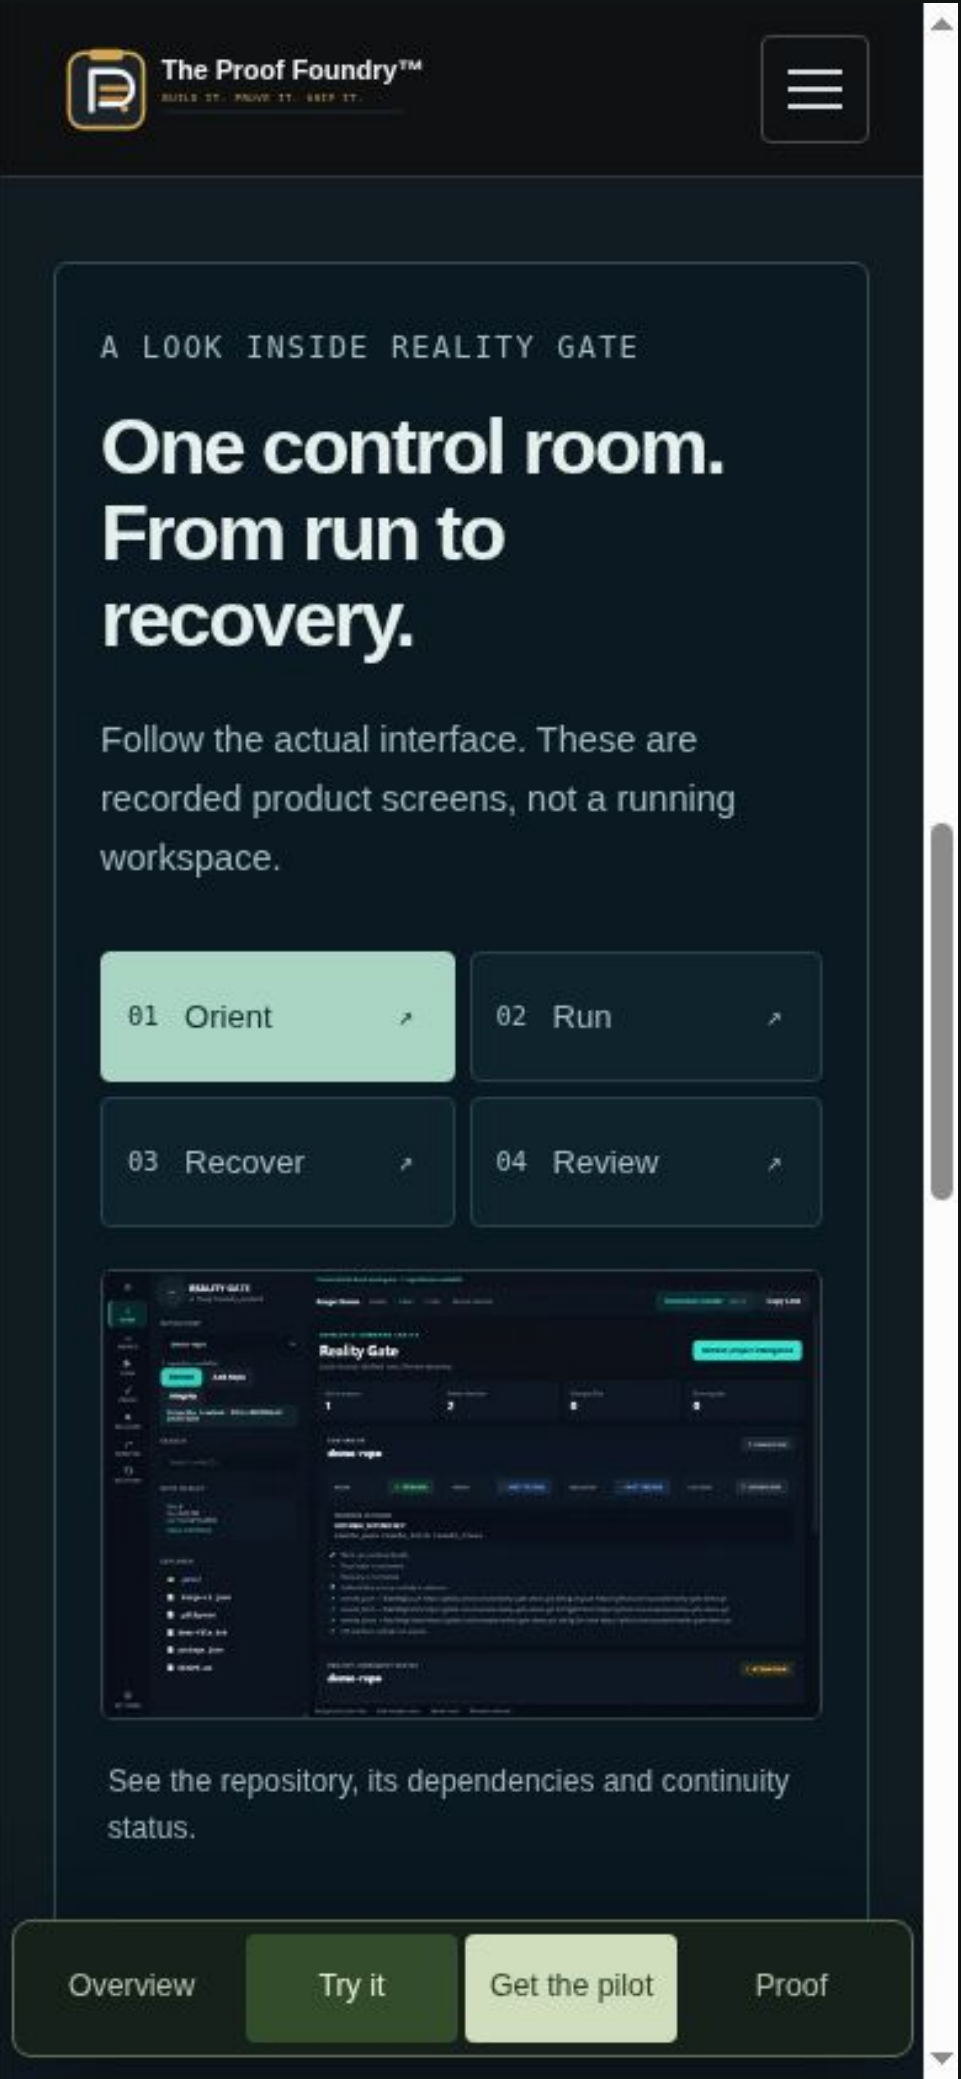

Developer Pilot / PUBLIC_RELEASE / public v1.1.0: authoritative classification preserved.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

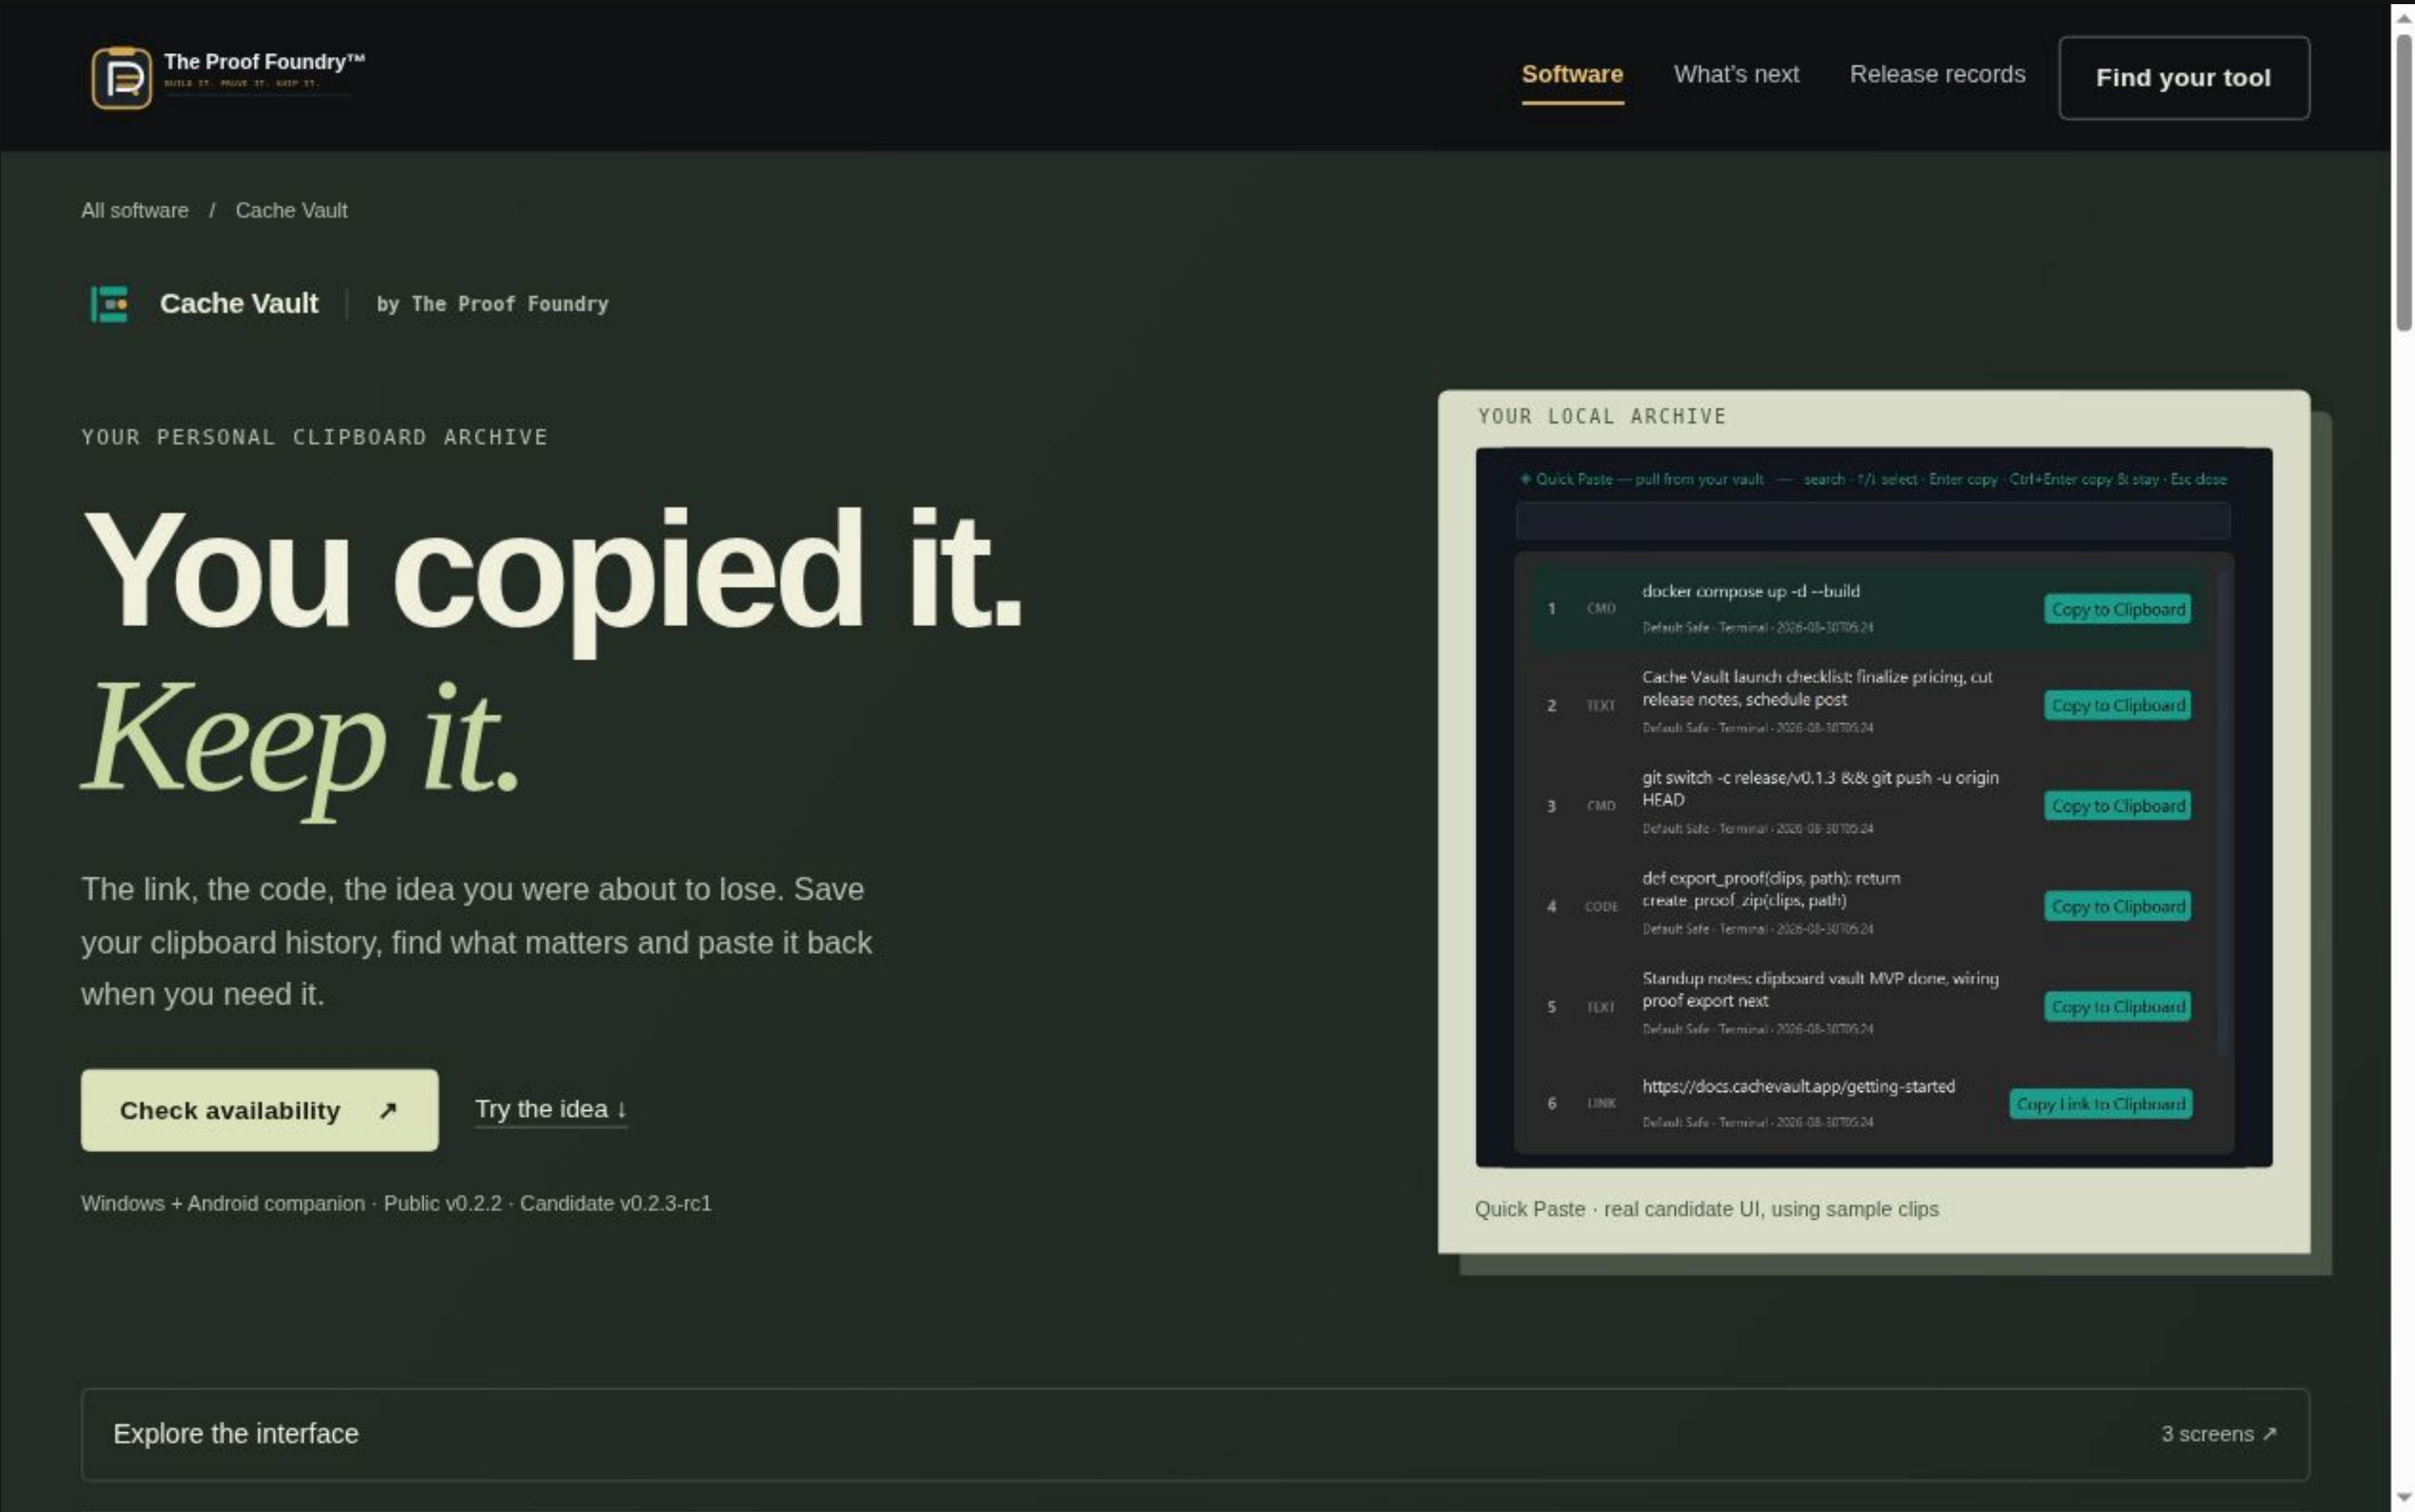

MOBILE - 390 x 844 CSS pixels

Cache Vault - first impression

A personal archive, led by the actual Quick Paste interface.

DESKTOP - 1440 x 900 CSS pixels

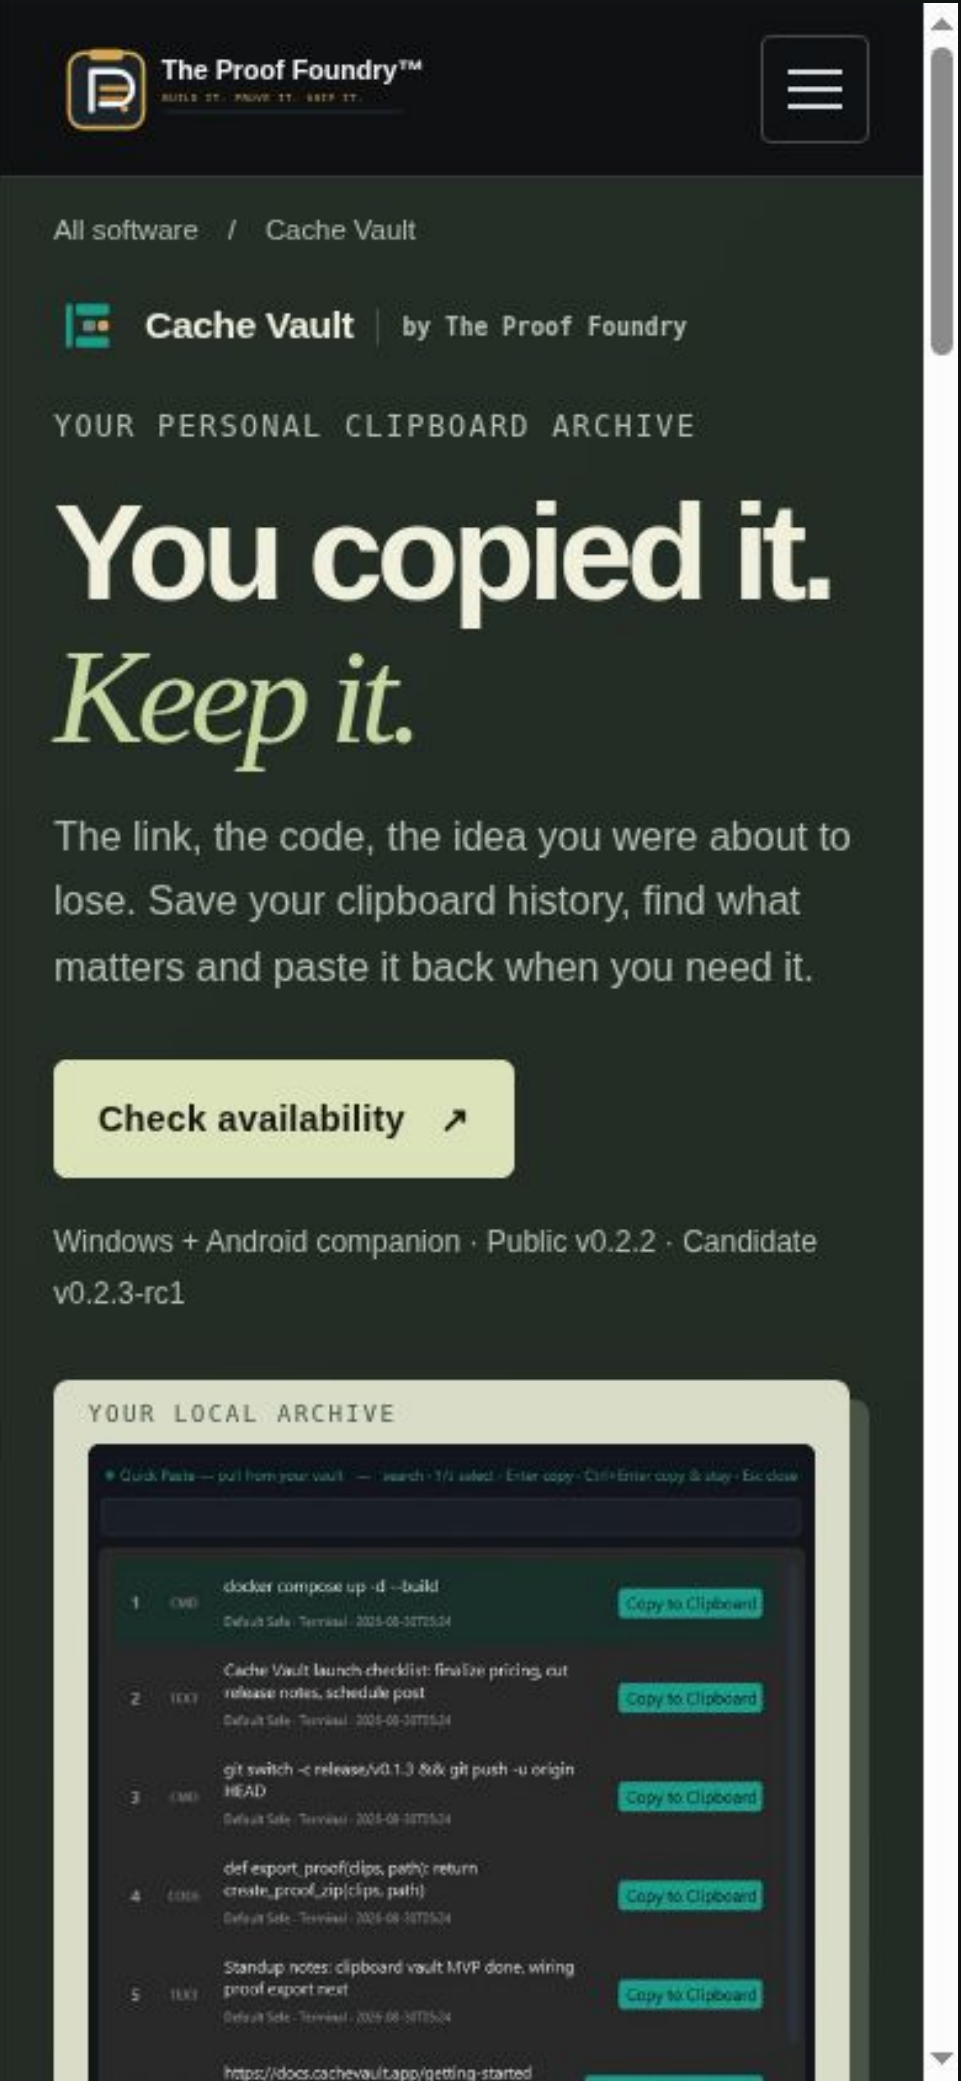

Public v0.2.2; candidate v0.2.3-rc1. Recorded downloads unavailable; availability CTA retained.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

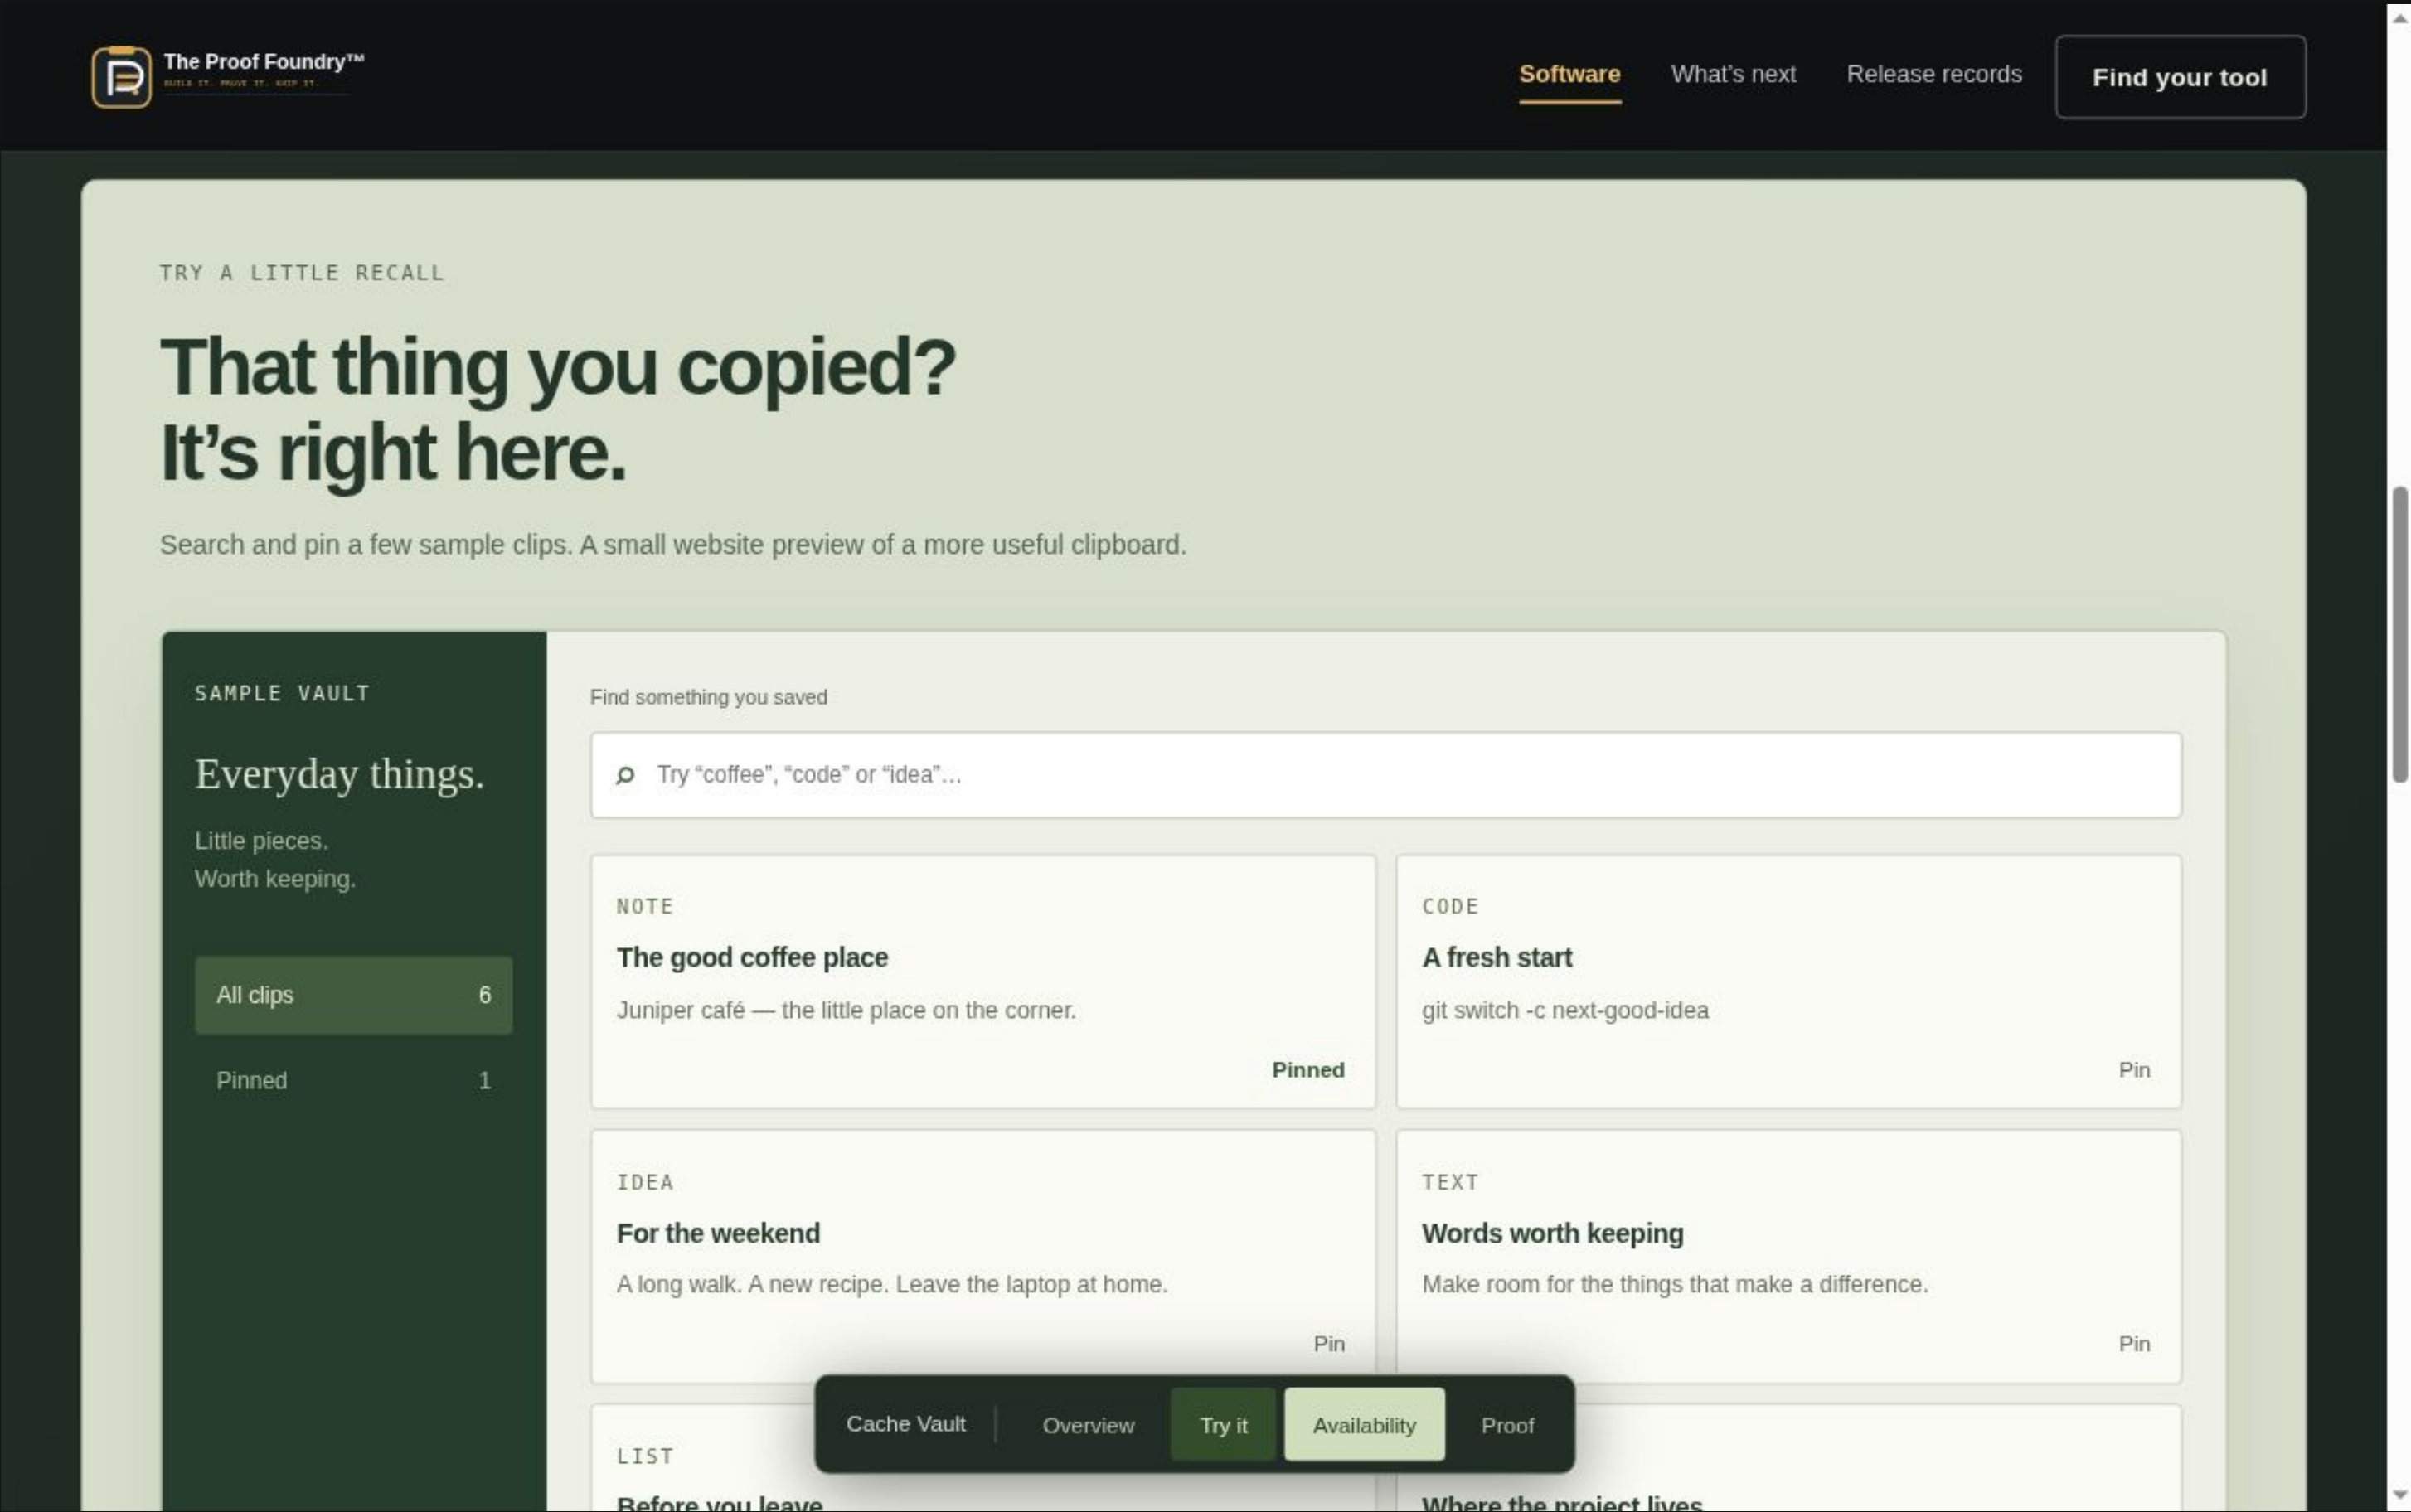

MOBILE - 390 x 844 CSS pixels

Cache Vault - hands on

Search and pin sample clips in a small, local website preview.

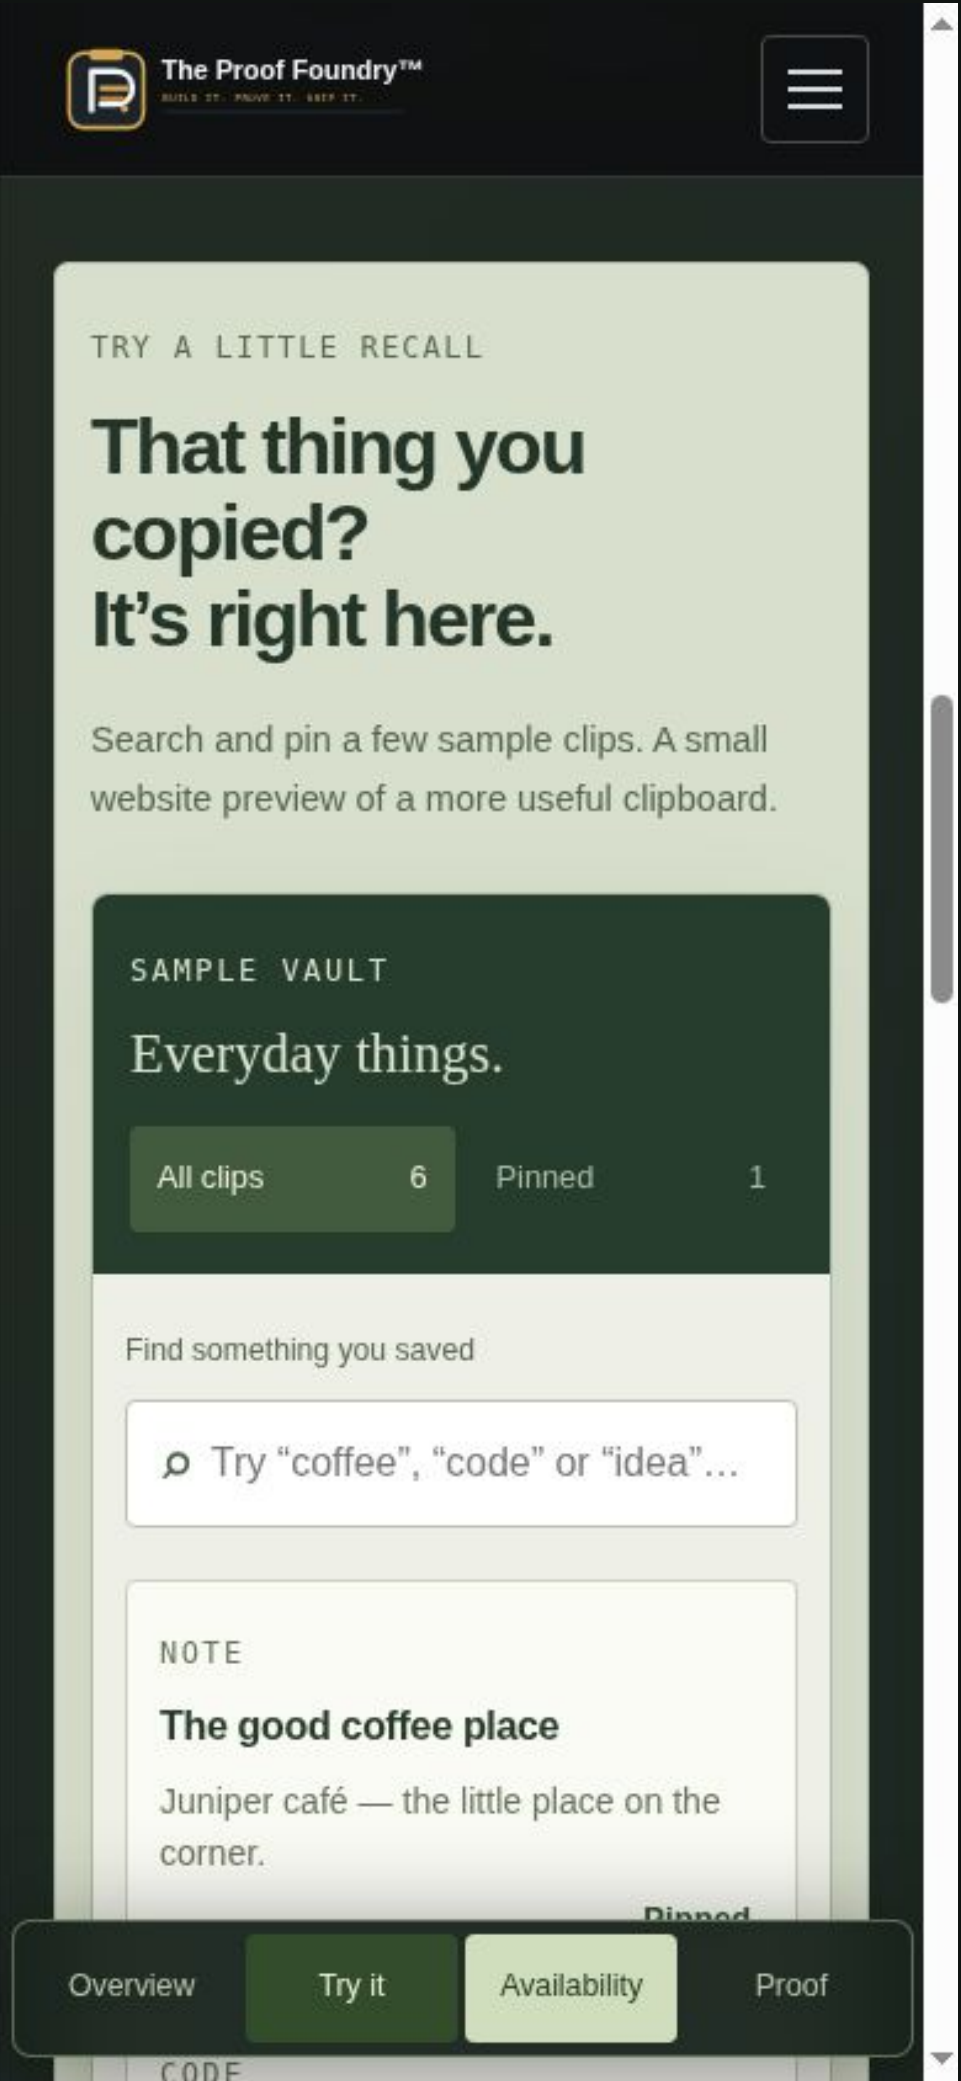

DESKTOP - 1440 x 900 CSS pixels

Public v0.2.2; candidate v0.2.3-rc1. Recorded downloads unavailable; availability CTA retained.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.
NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

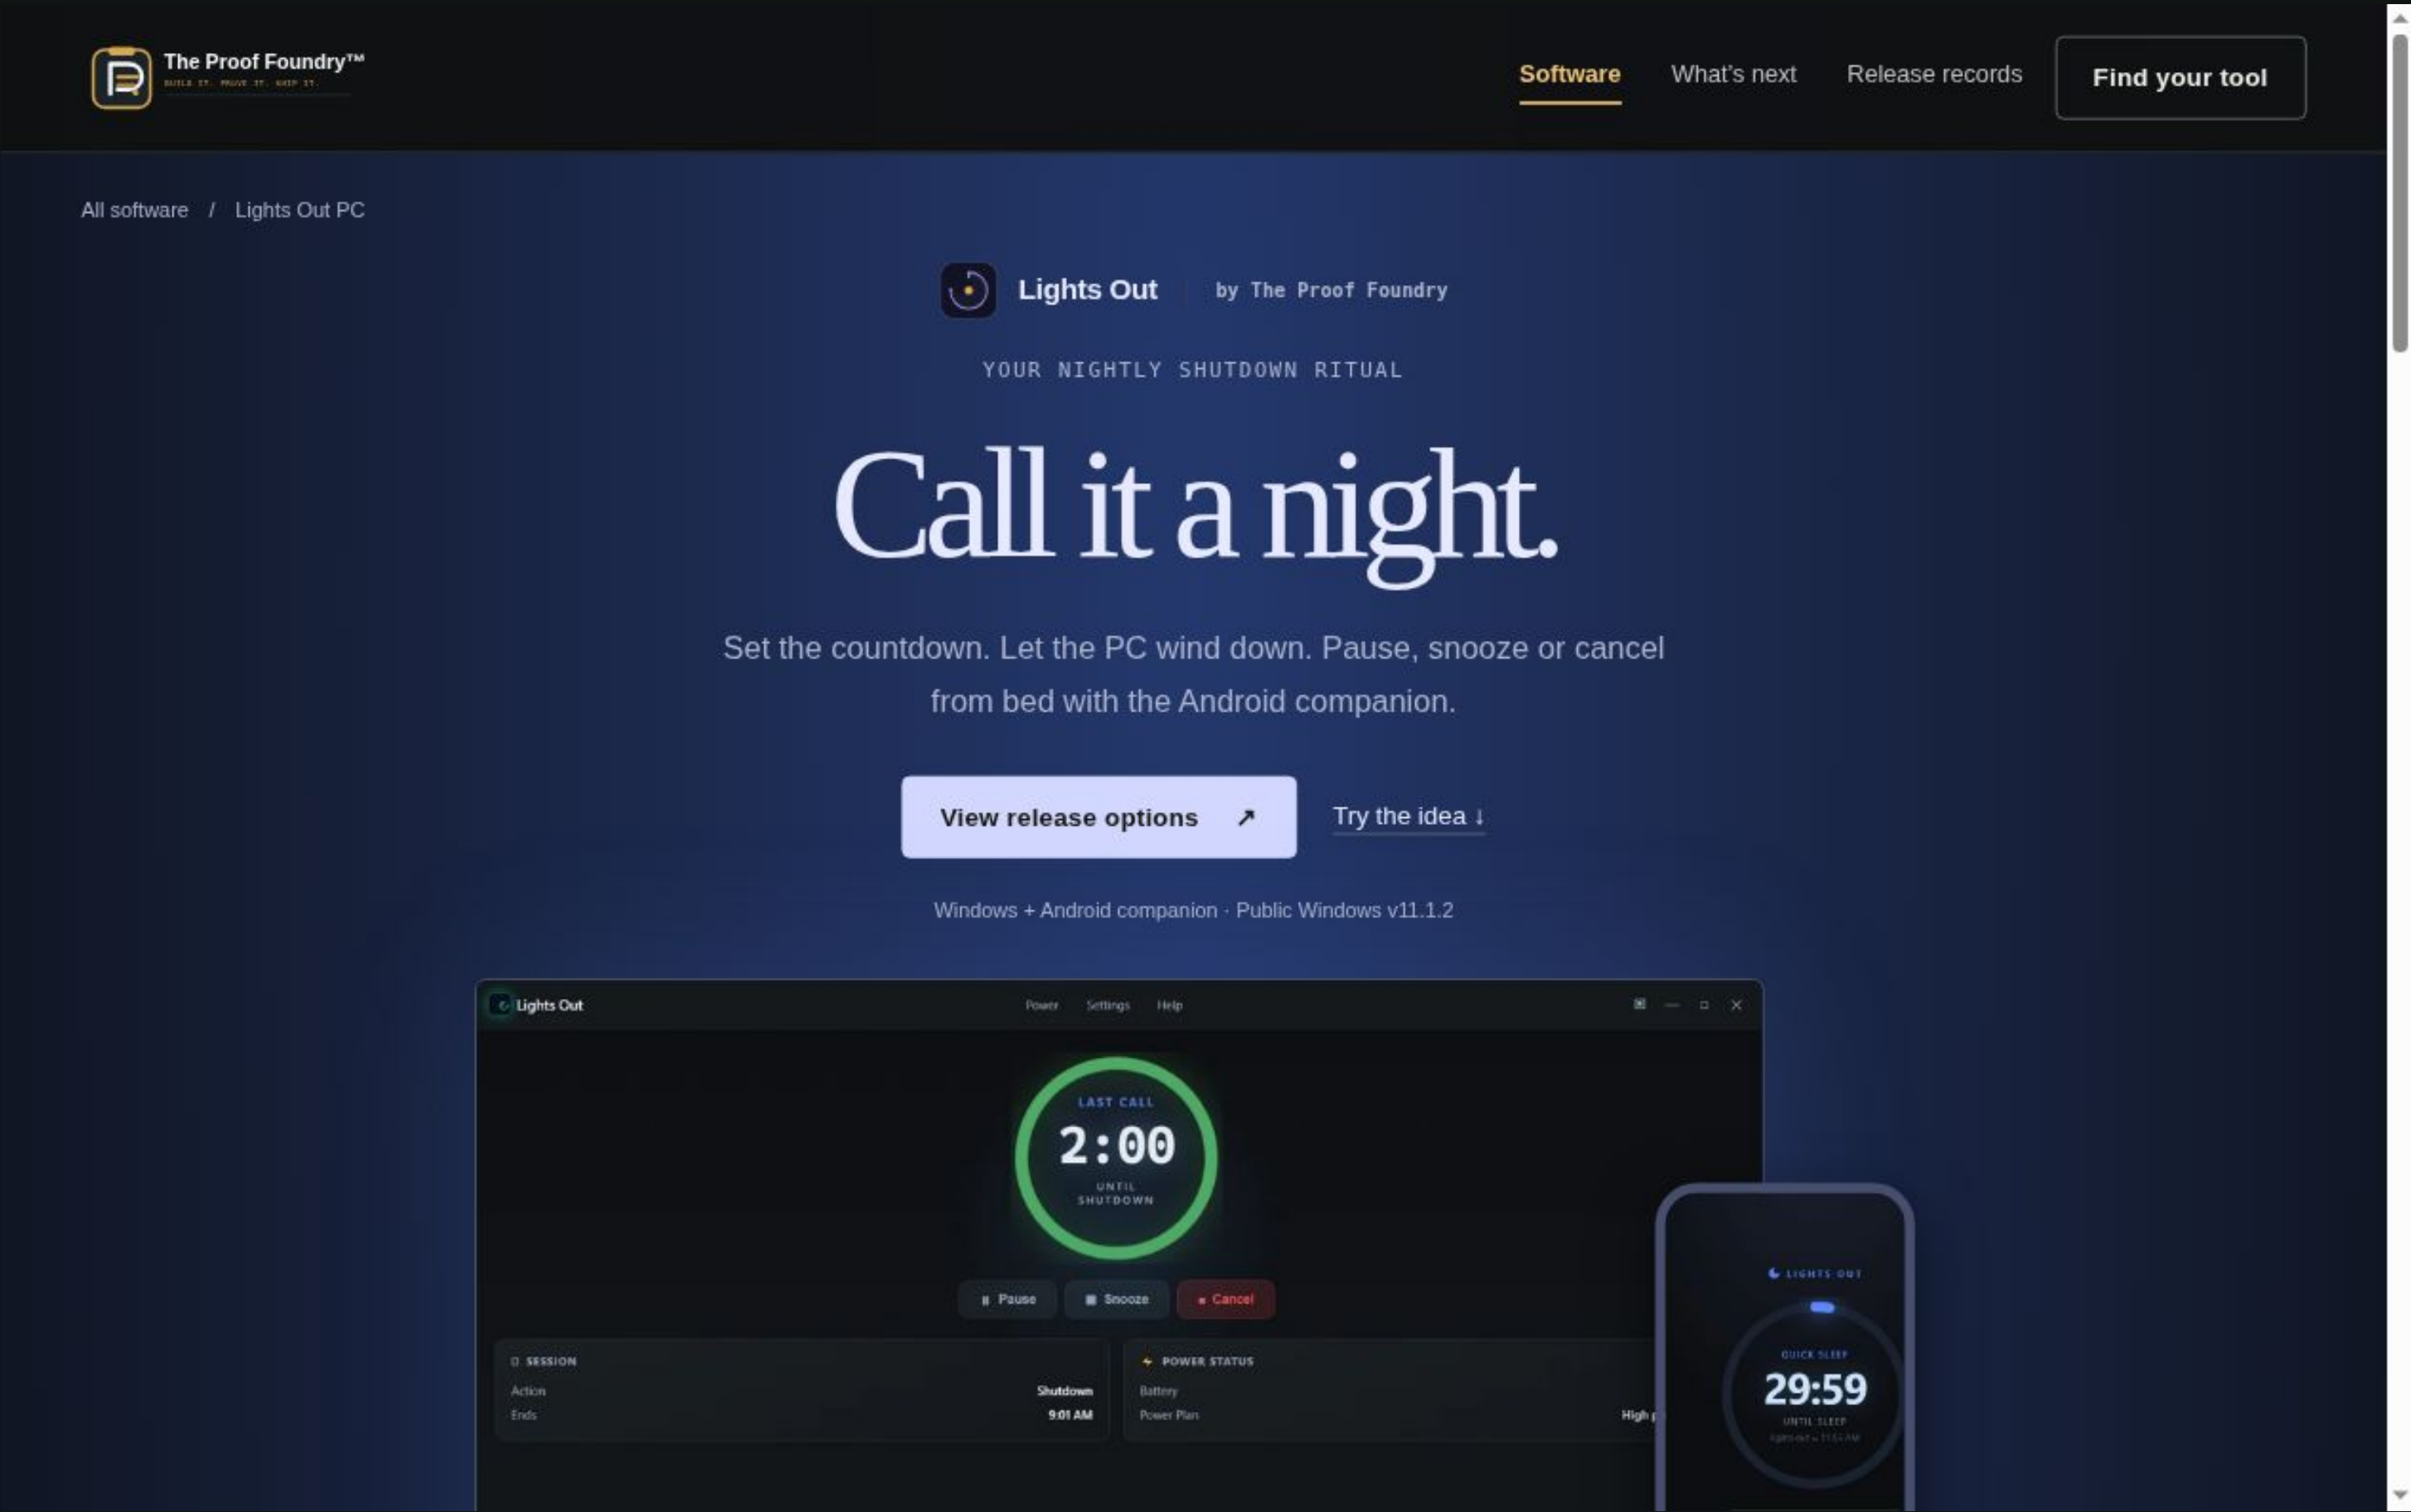

MOBILE - 390 x 844 CSS pixels

Lights Out - first impression

A night setting, a real countdown interface and a bedside companion.

DESKTOP - 1440 x 900 CSS pixels

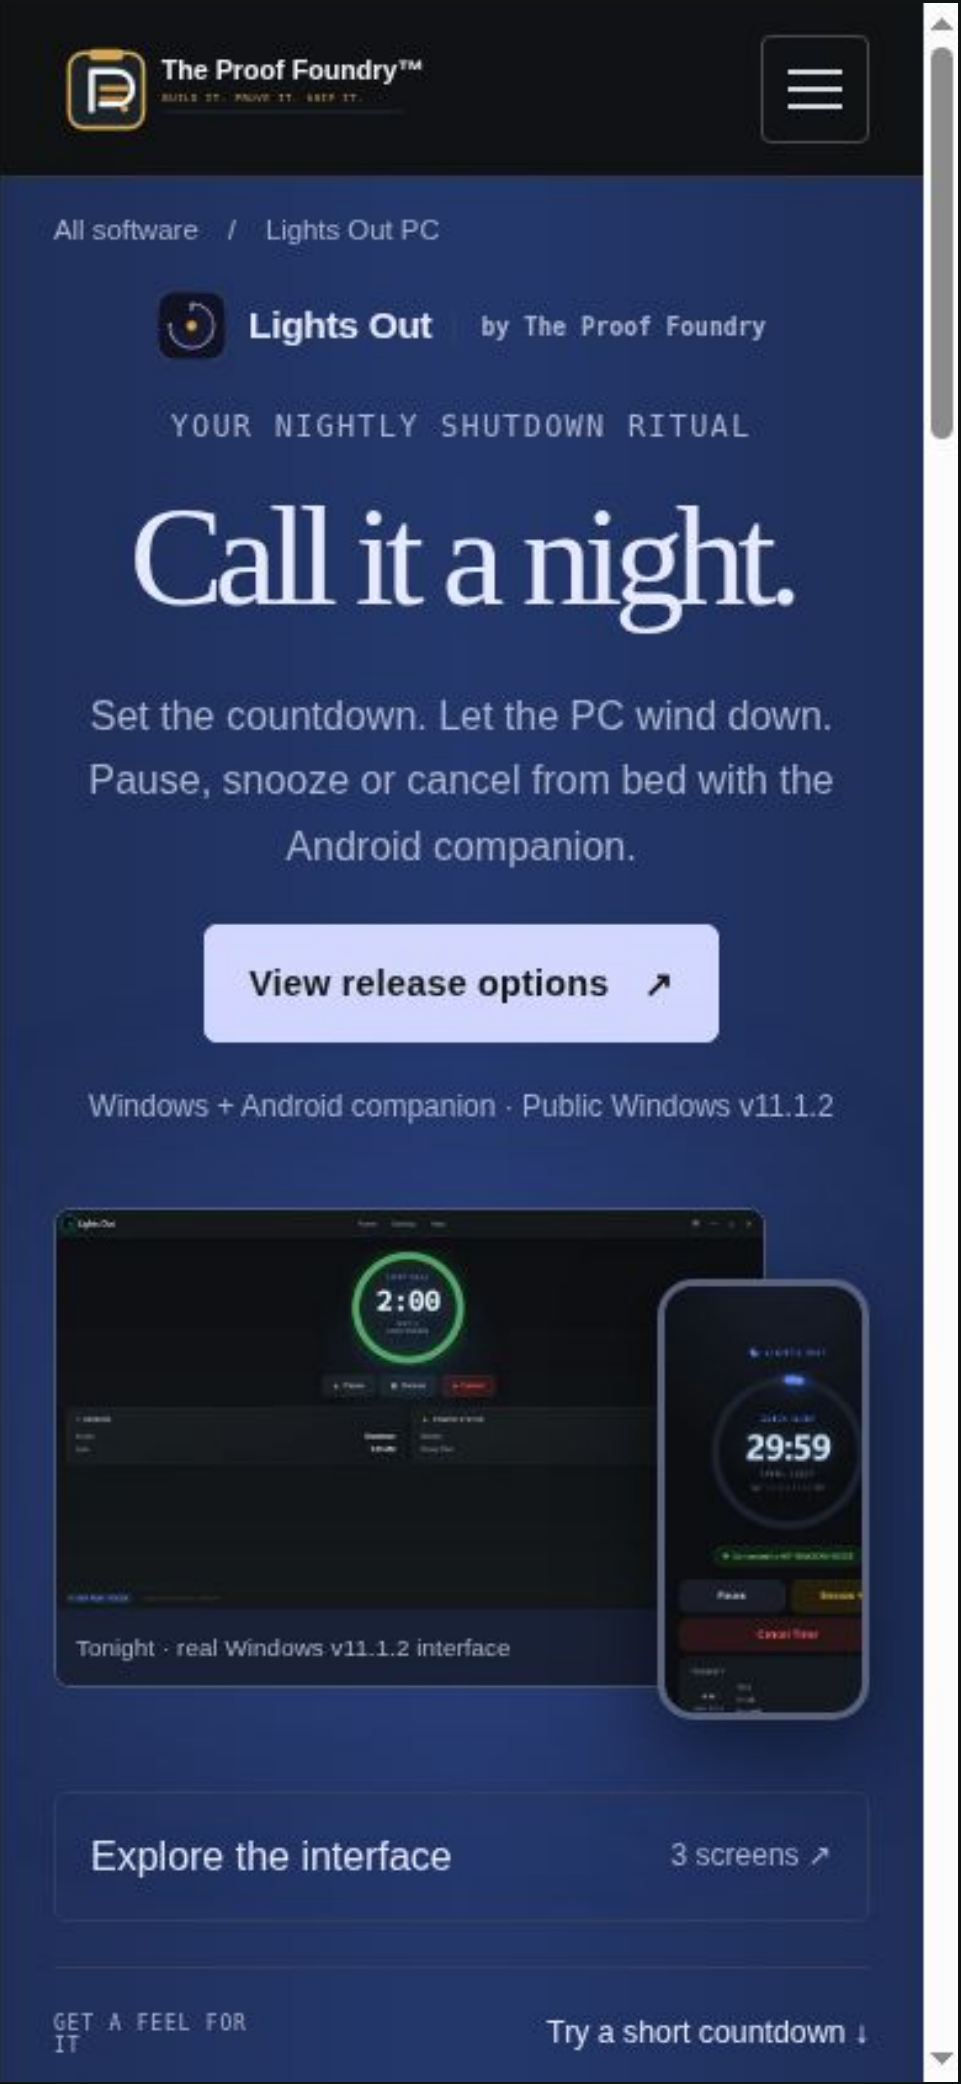

Windows public v11.1.2 / candidate v11.1.3. Android public v11.1.1 / candidate v11.1.3. Candidates are not public.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

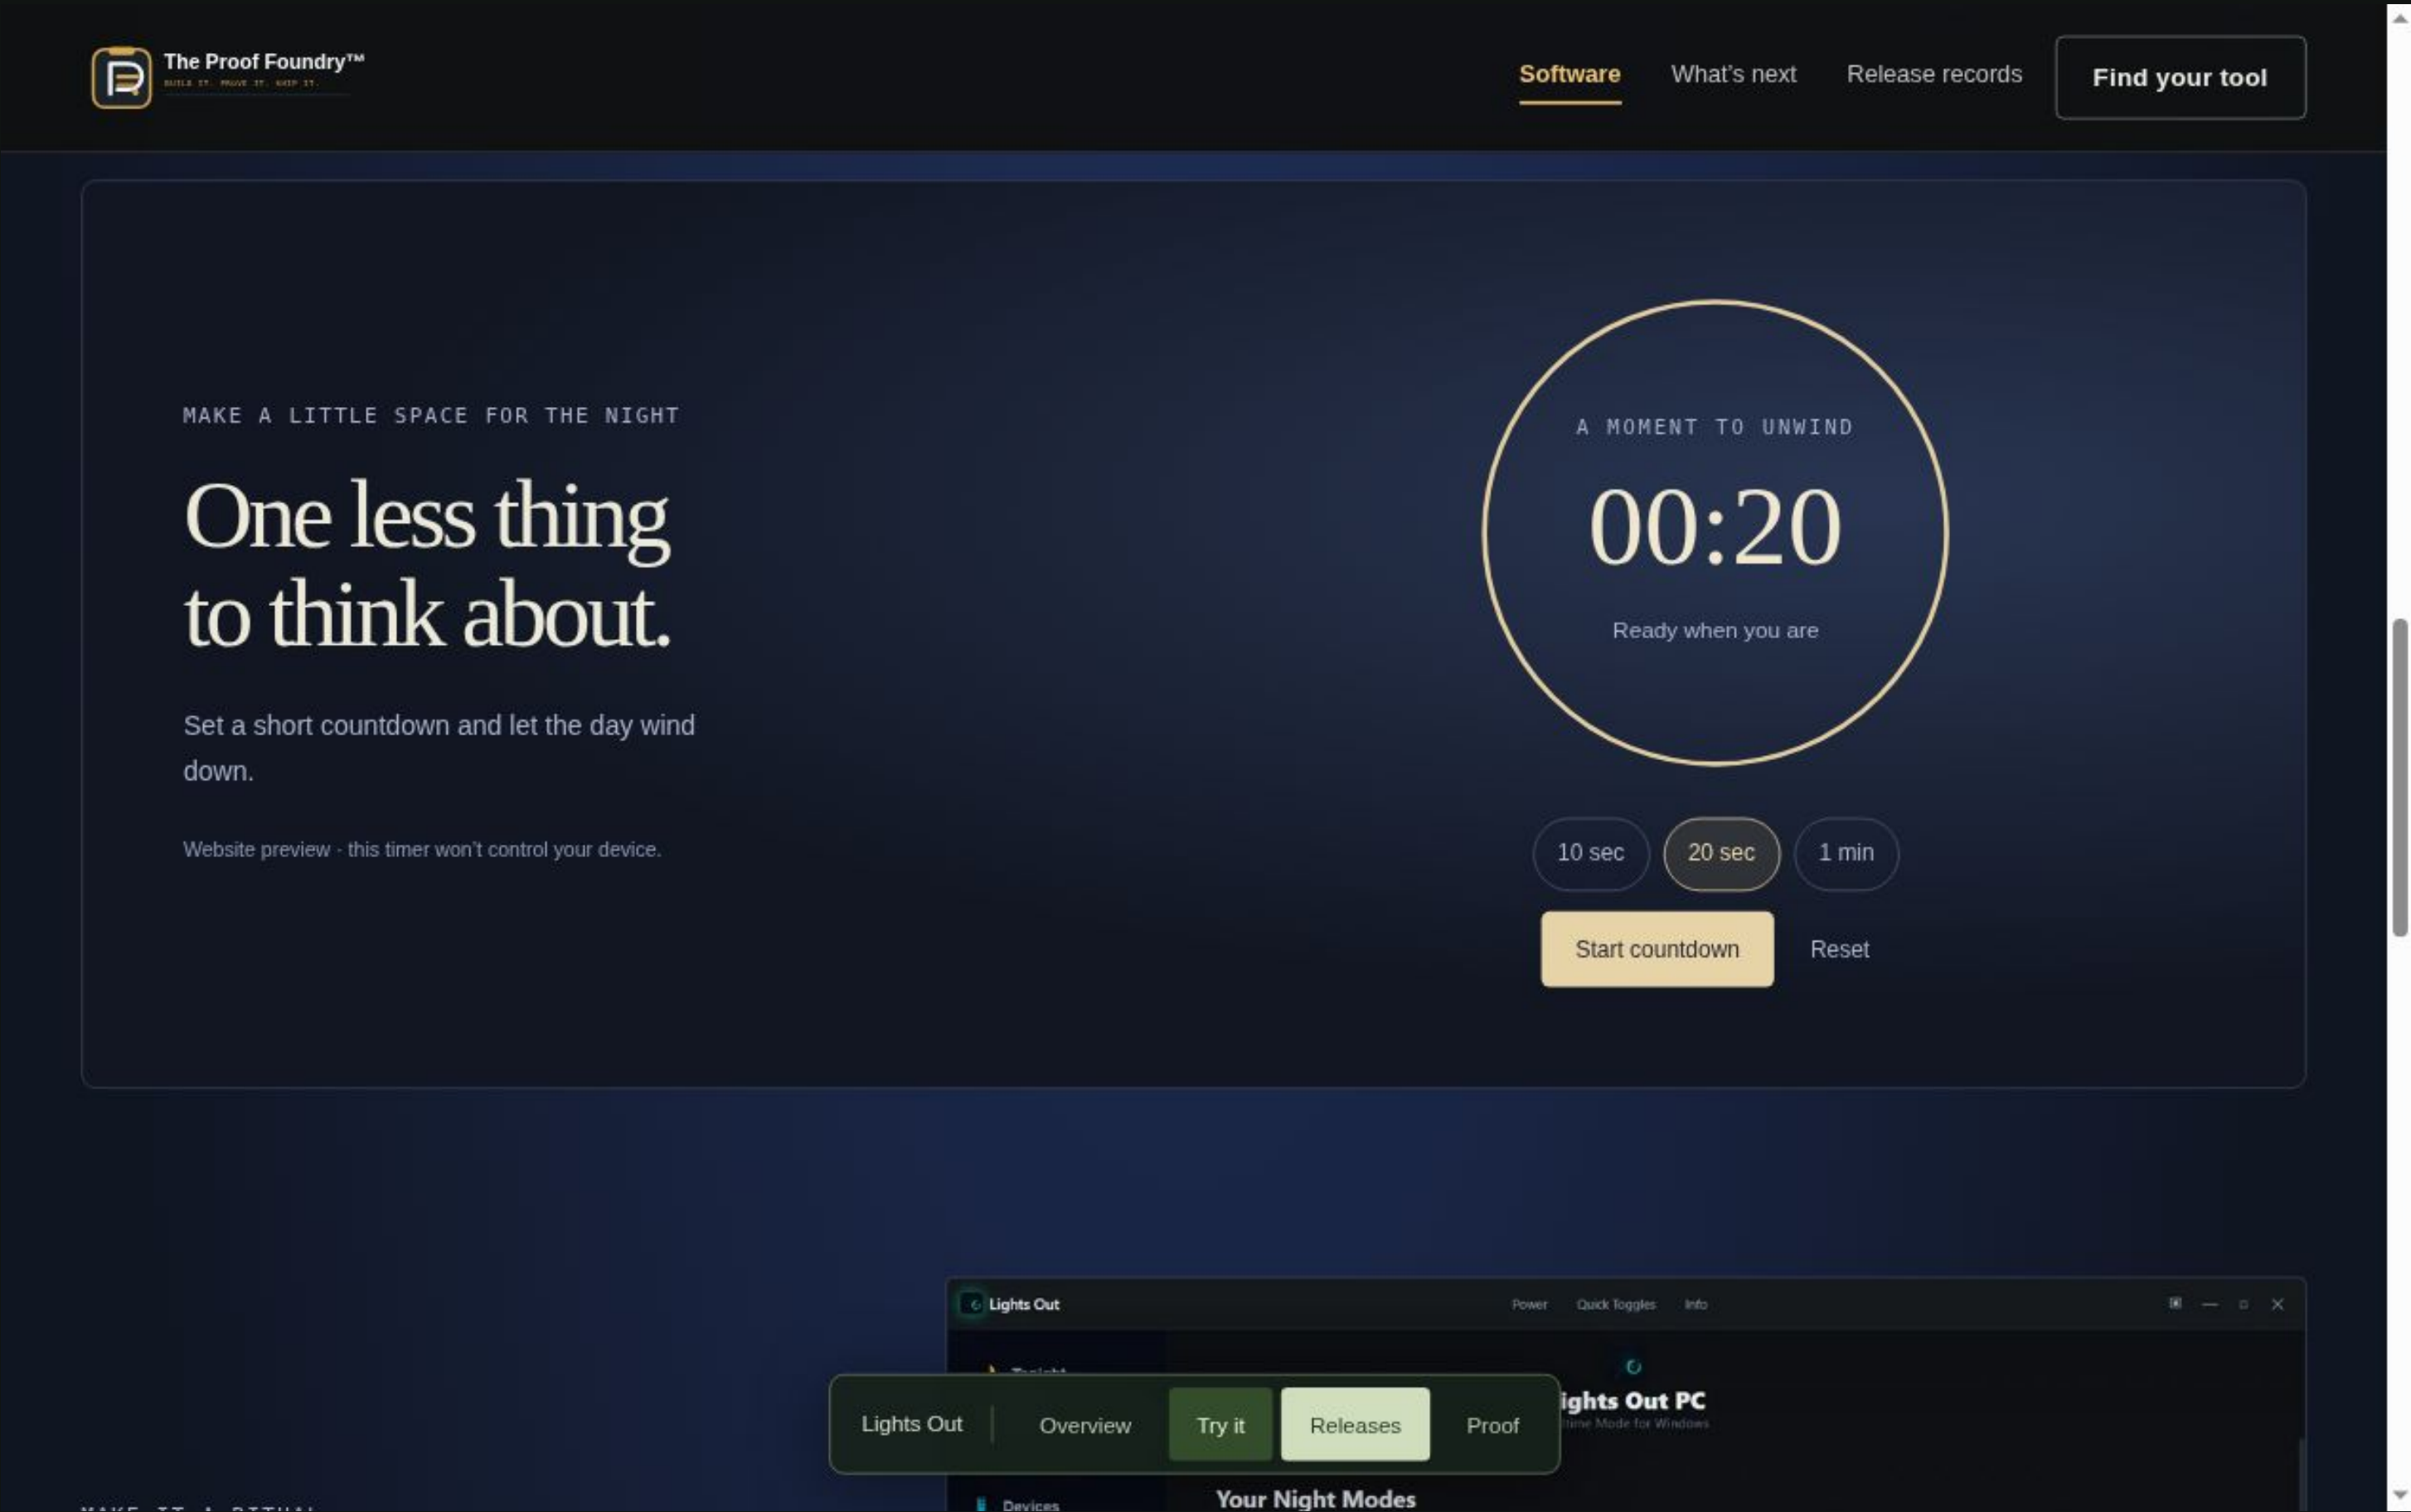

MOBILE - 390 x 844 CSS pixels

Lights Out - hands on

Start, pause or reset a short countdown. The preview has no device controls.

DESKTOP - 1440 x 900 CSS pixels

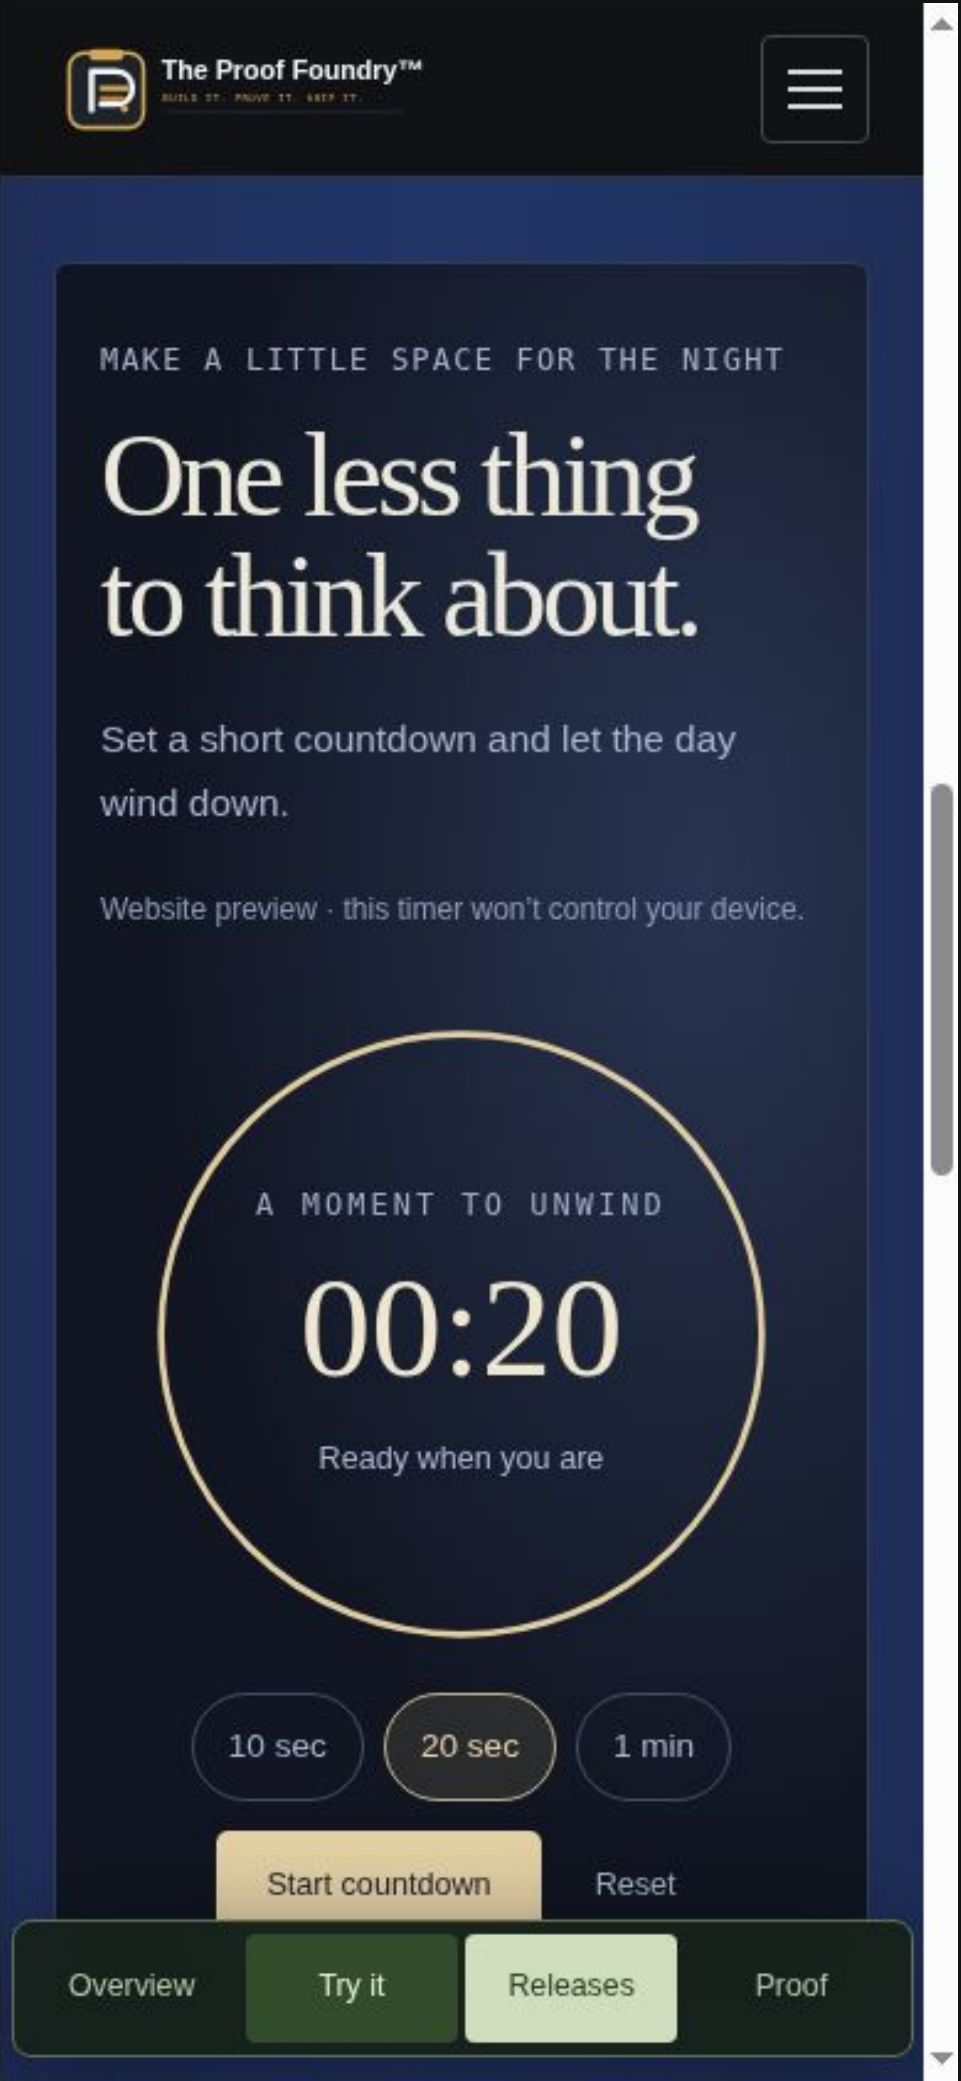

Windows public v11.1.2 / candidate v11.1.3. Android public v11.1.1 / candidate v11.1.3. Candidates are not public.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

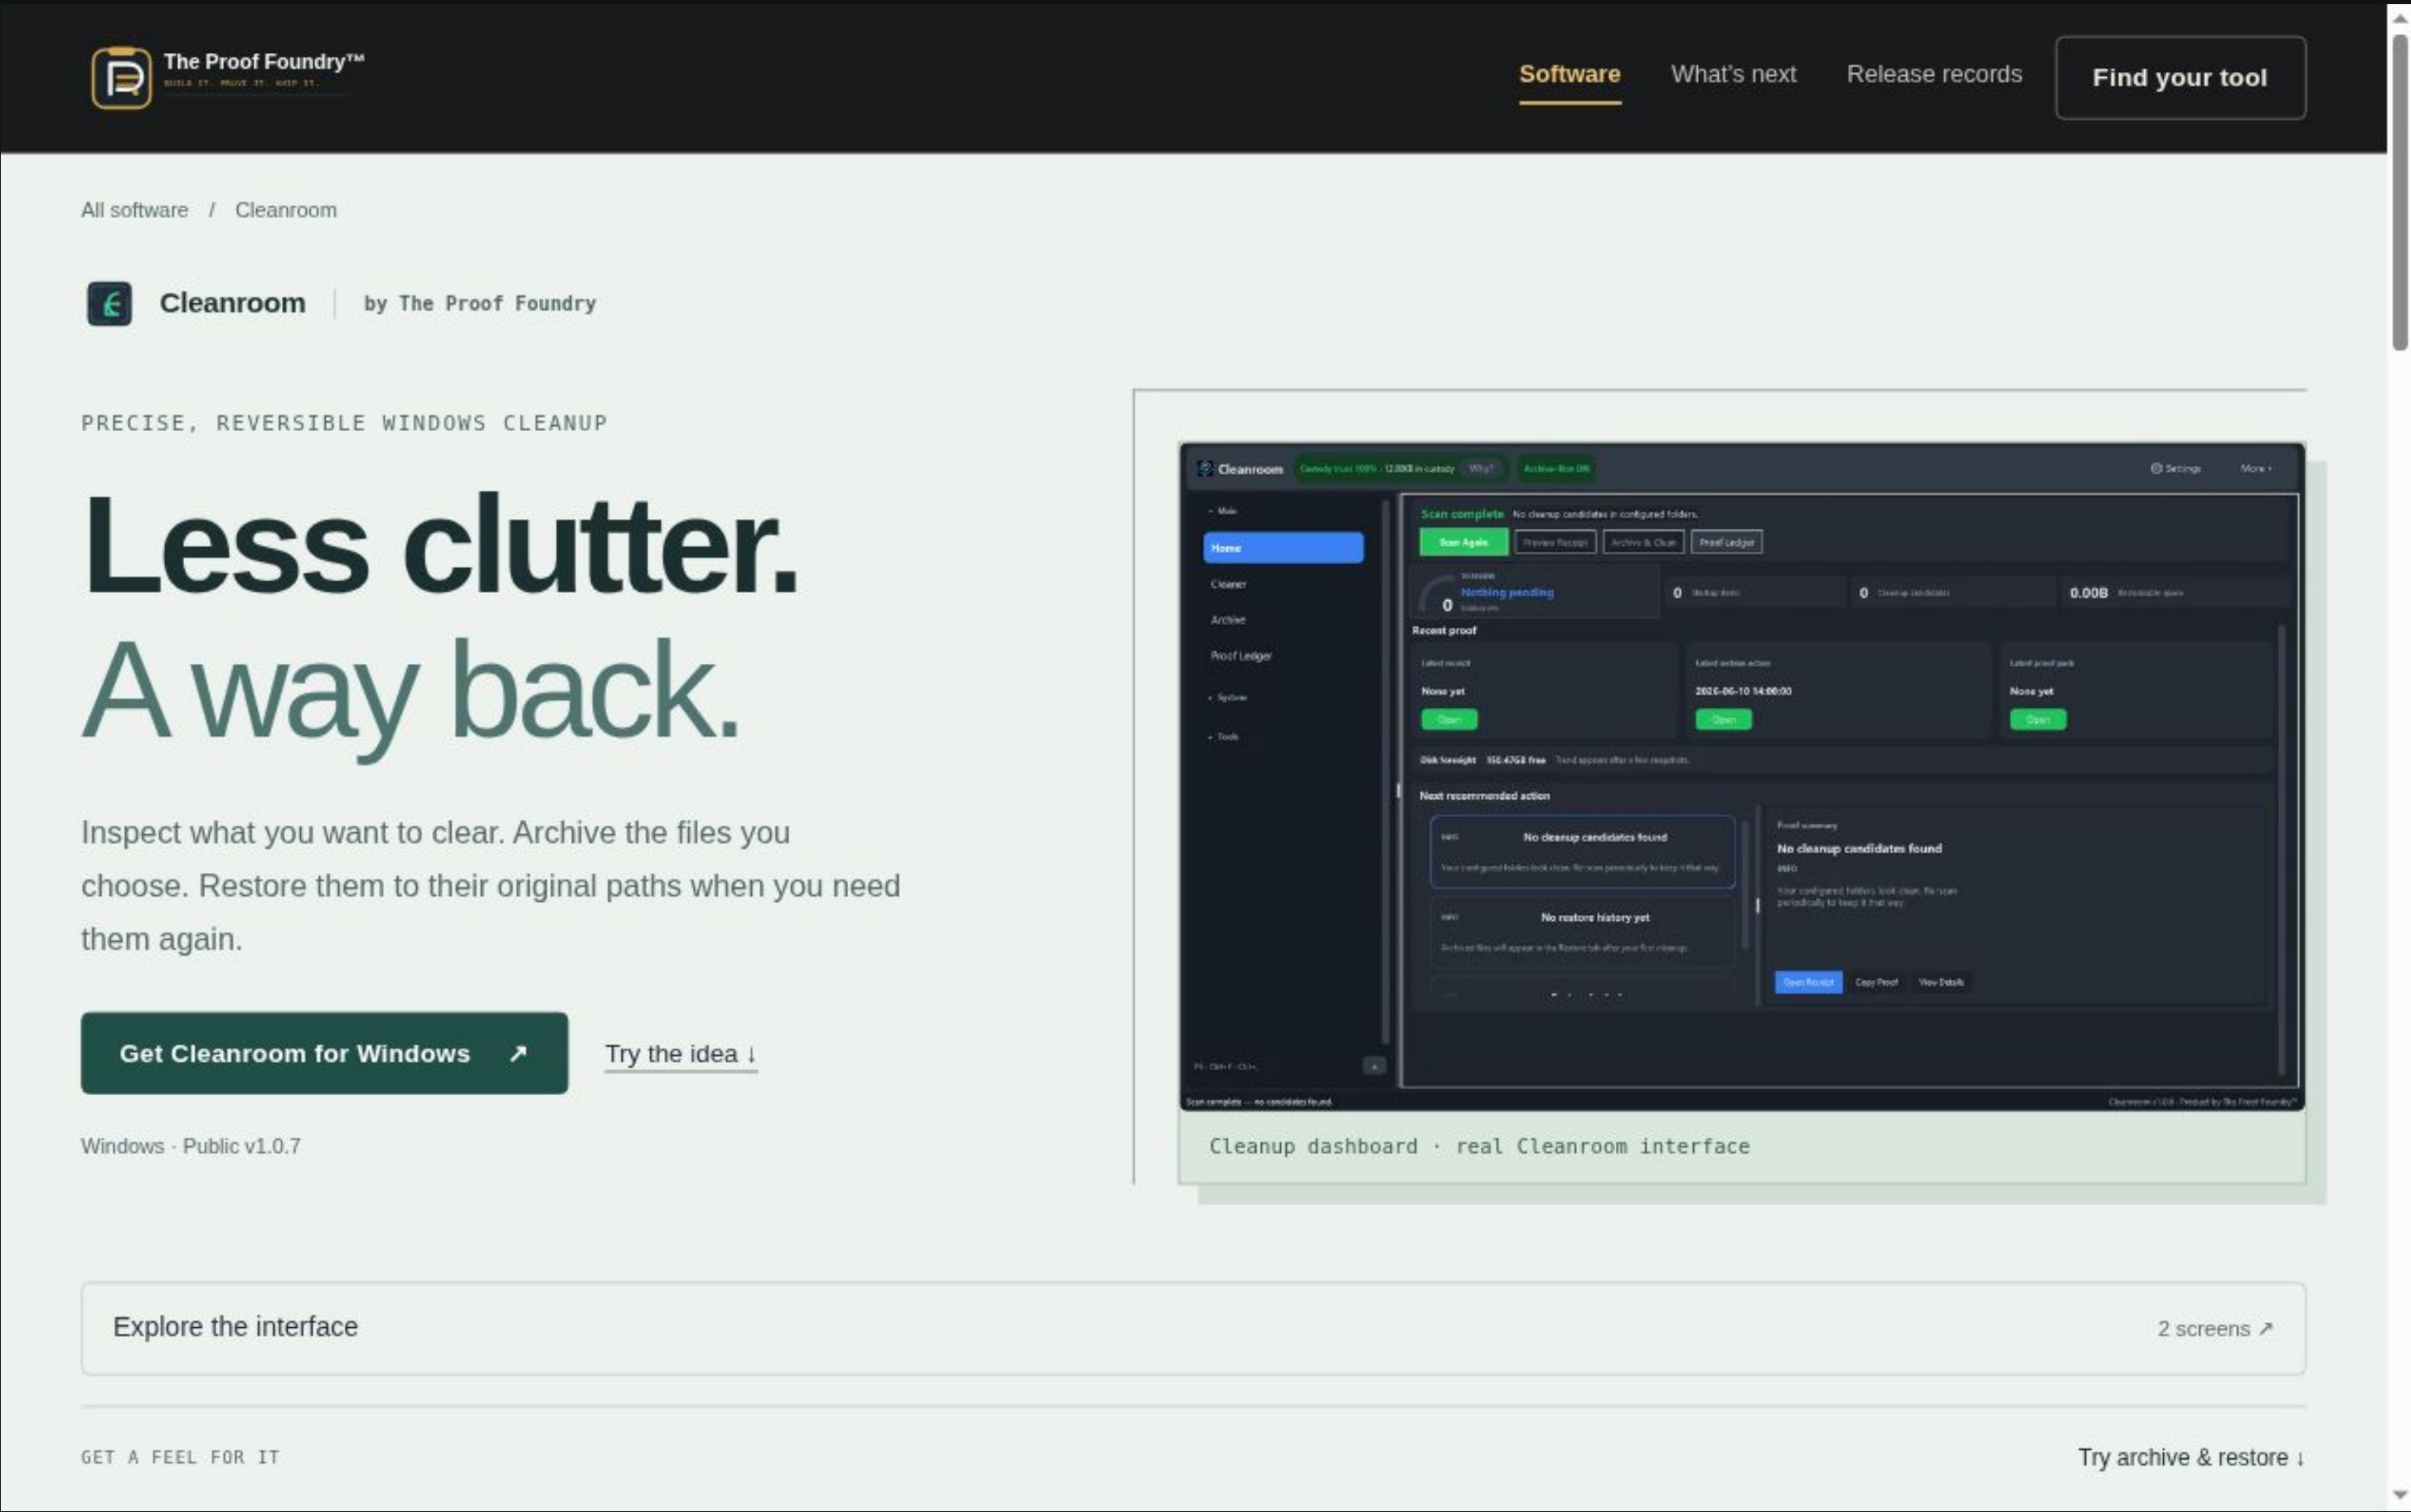

MOBILE - 390 x 844 CSS pixels

Cleanroom - first impression

A bright, precise layout centered on inspect, archive and restore.

DESKTOP - 1440 x 900 CSS pixels

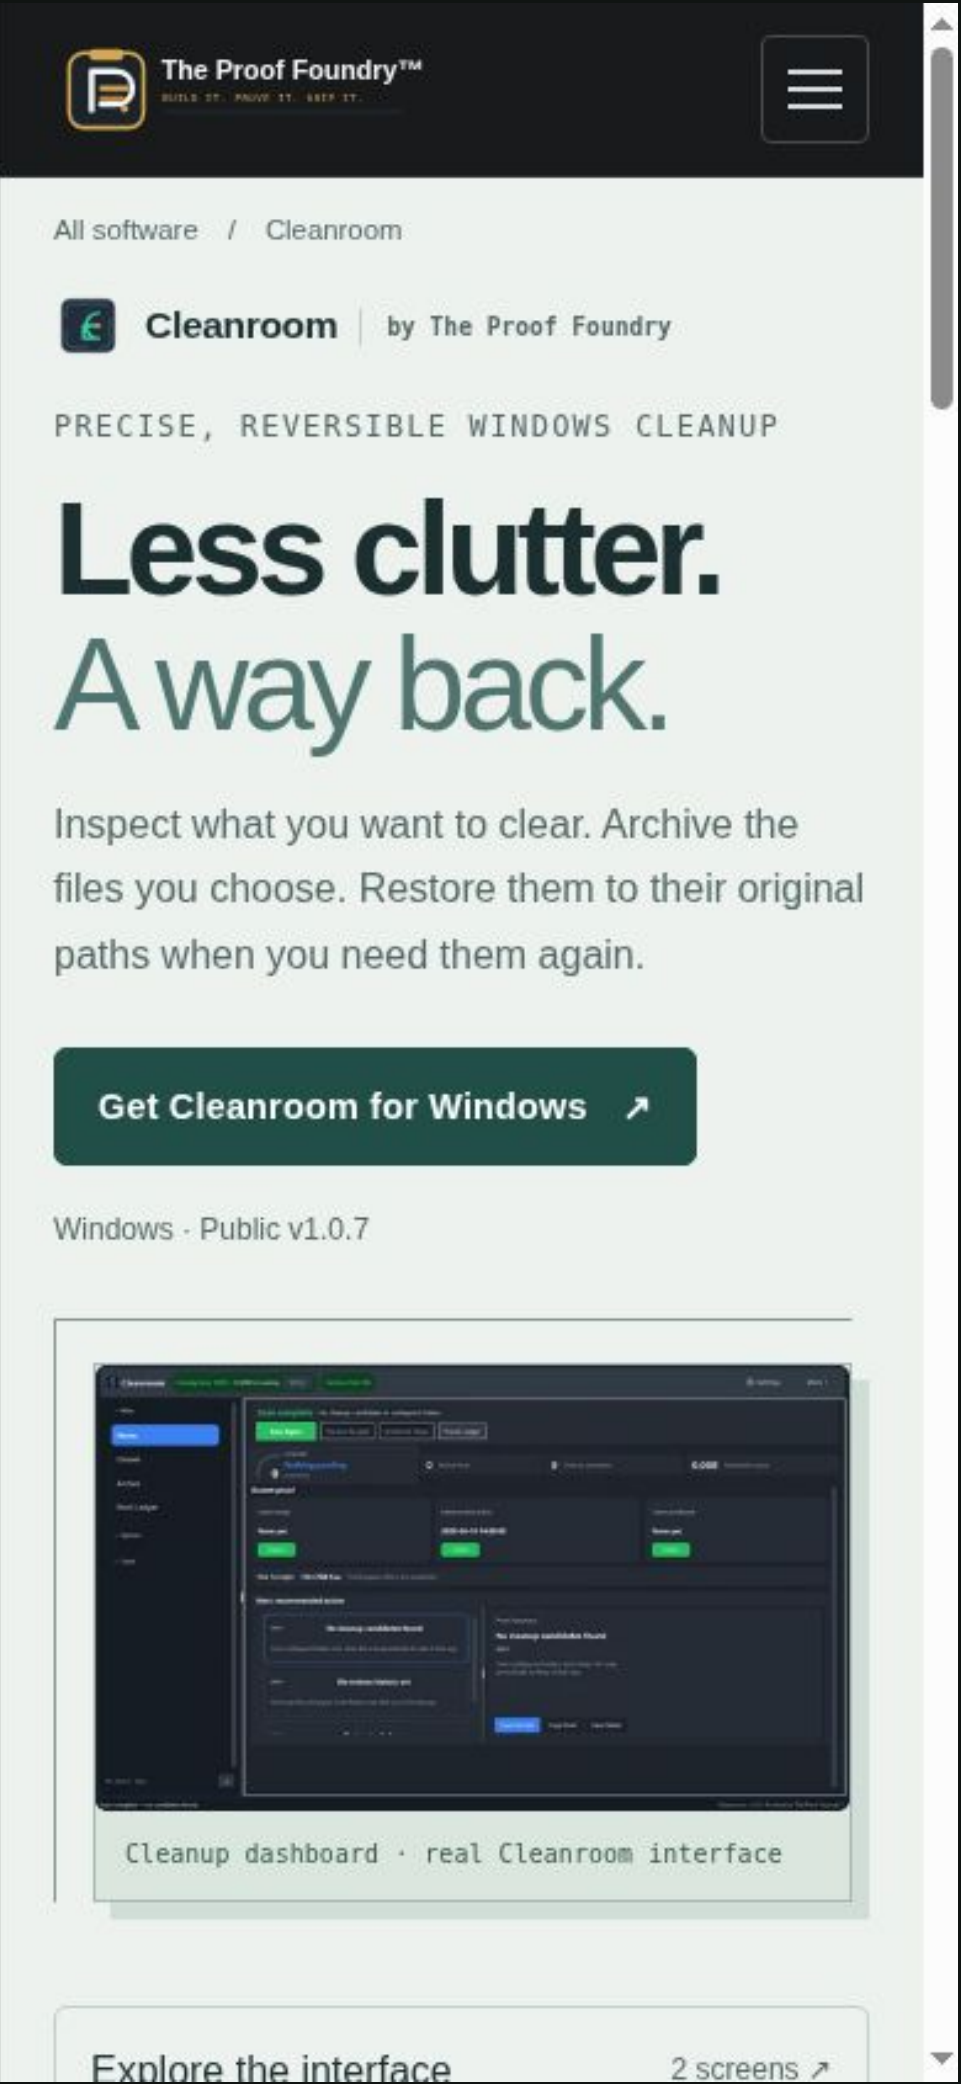

Public v1.0.7. Next v1.0.10 stays separate from the public installer.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

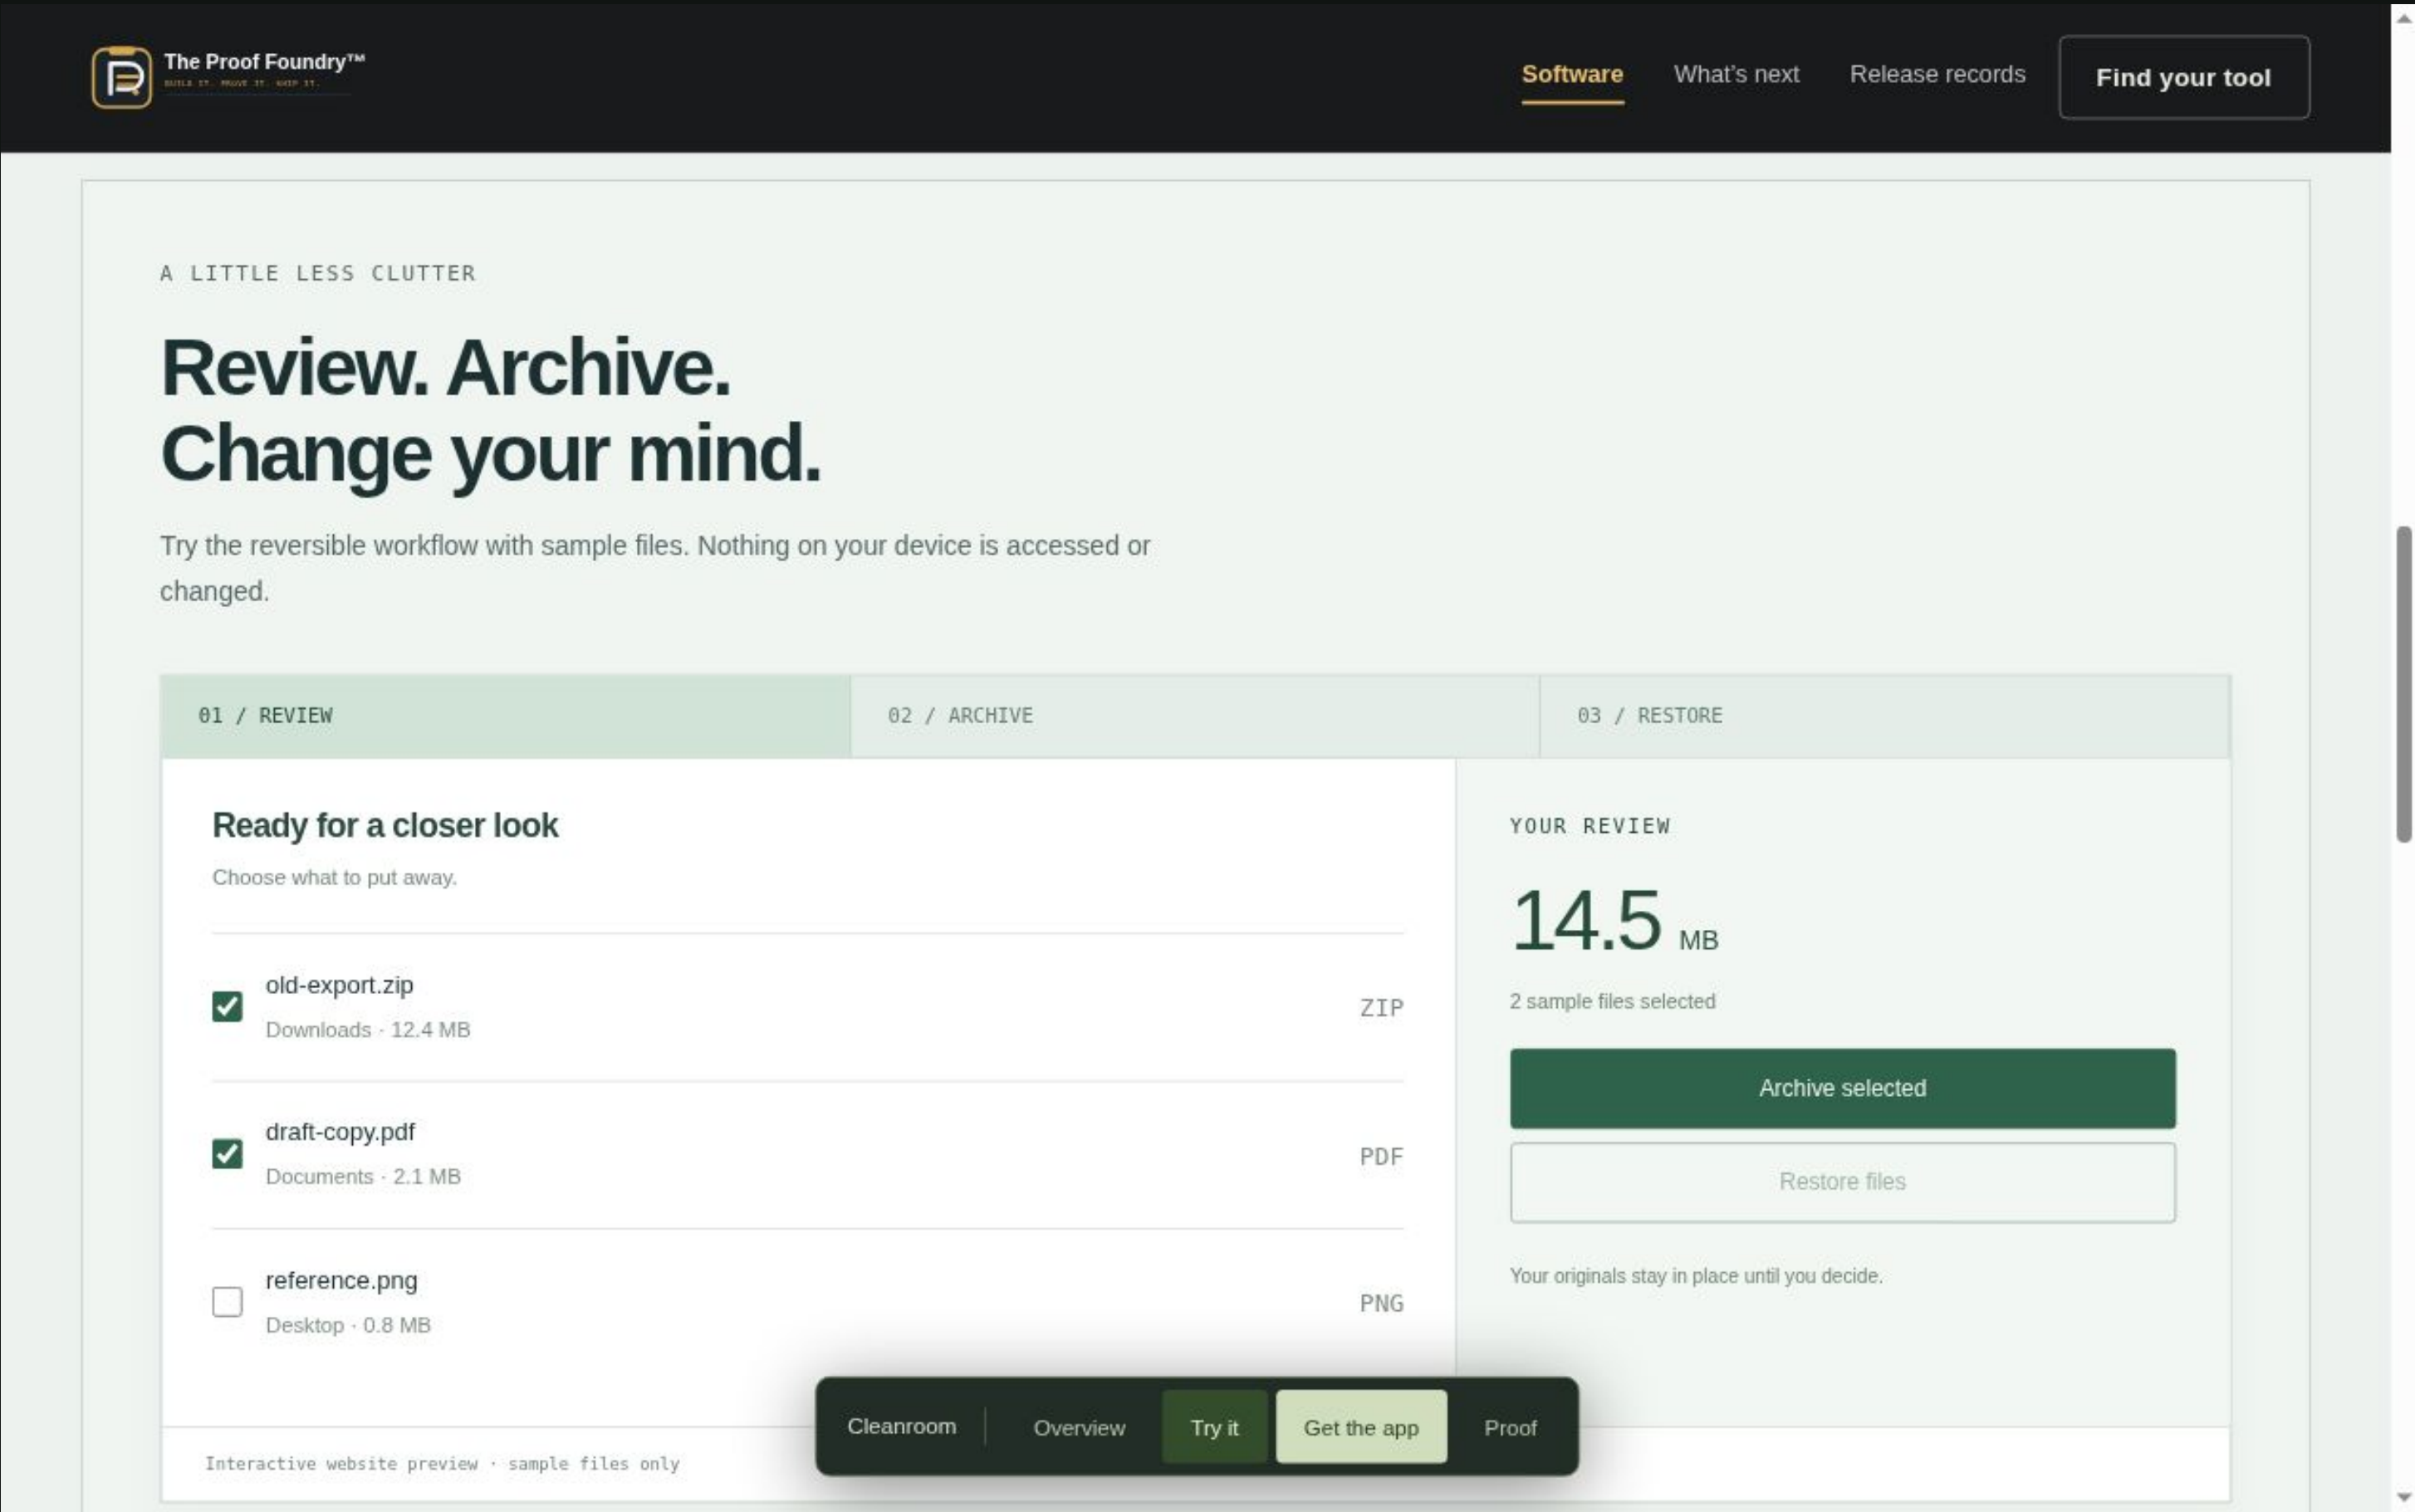

MOBILE - 390 x 844 CSS pixels

Cleanroom - hands on

Select sample files, archive them and restore the same files.

DESKTOP - 1440 x 900 CSS pixels

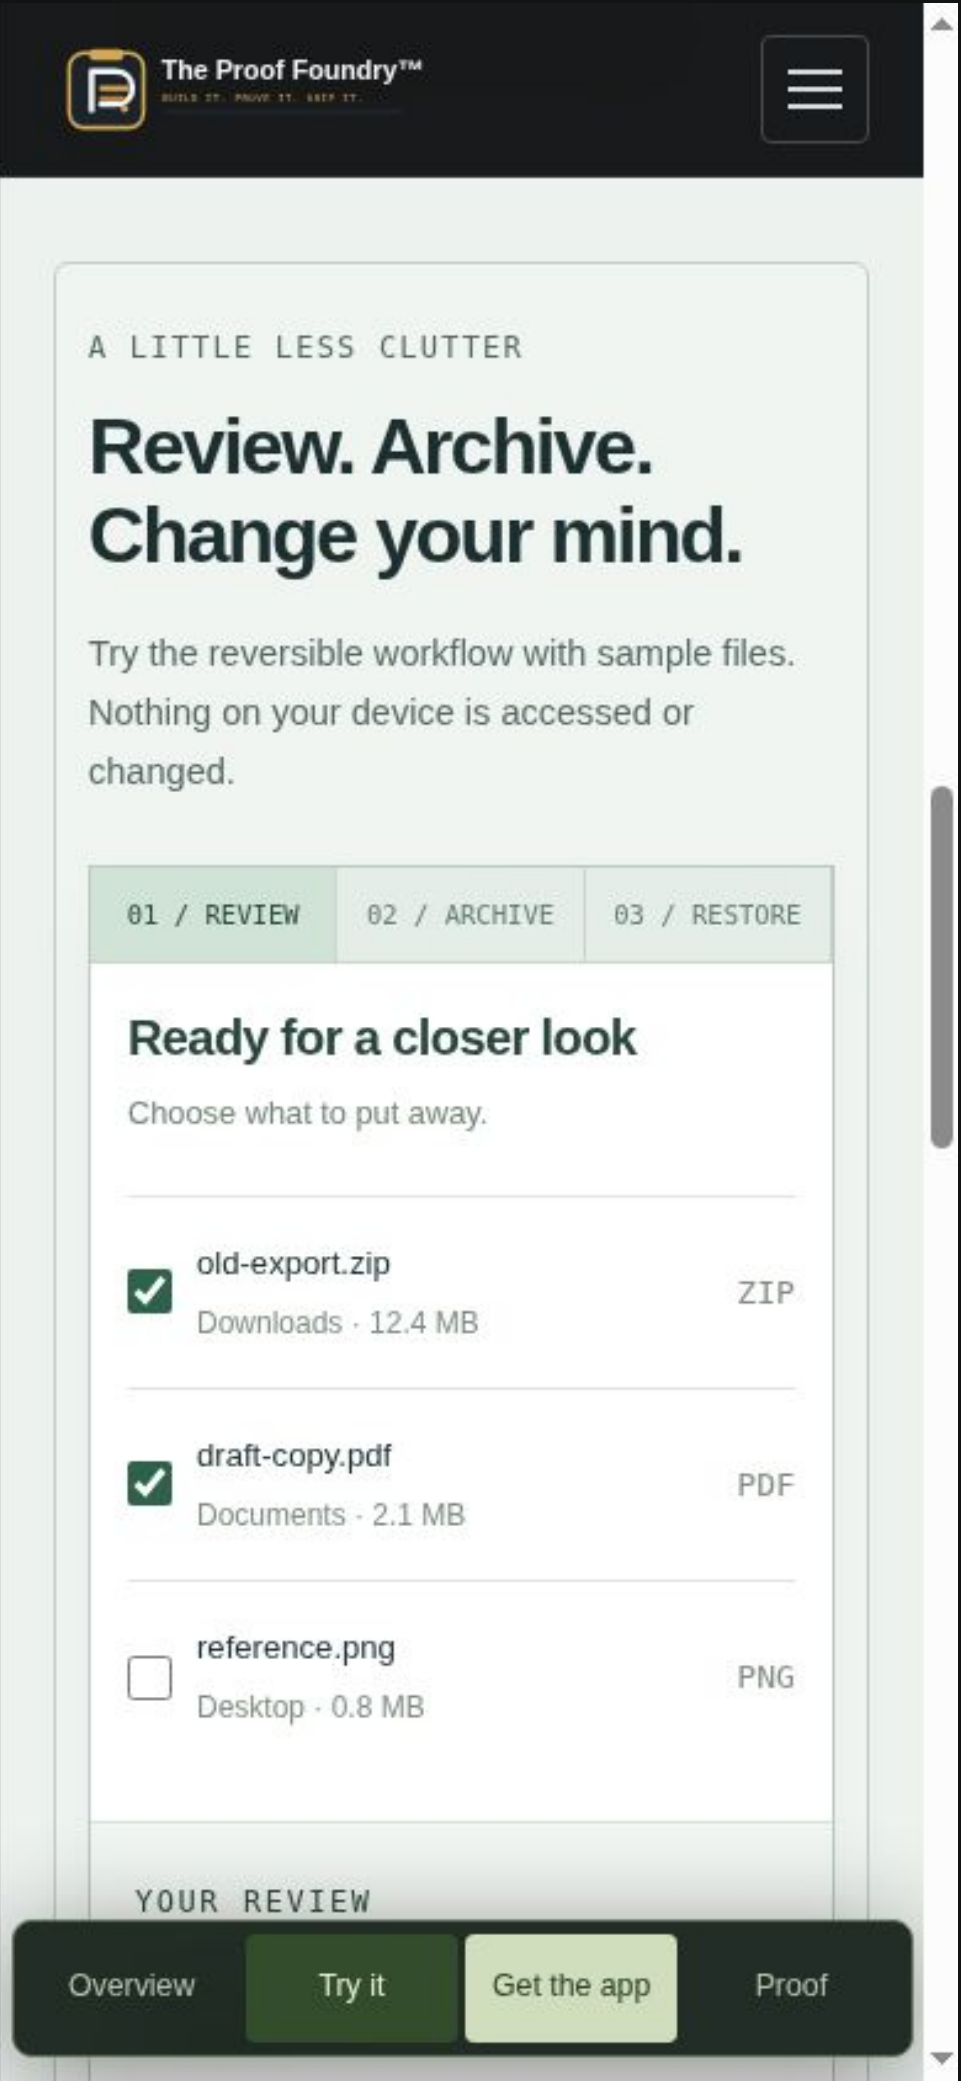

Public v1.0.7. Next v1.0.10 stays separate from the public installer.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

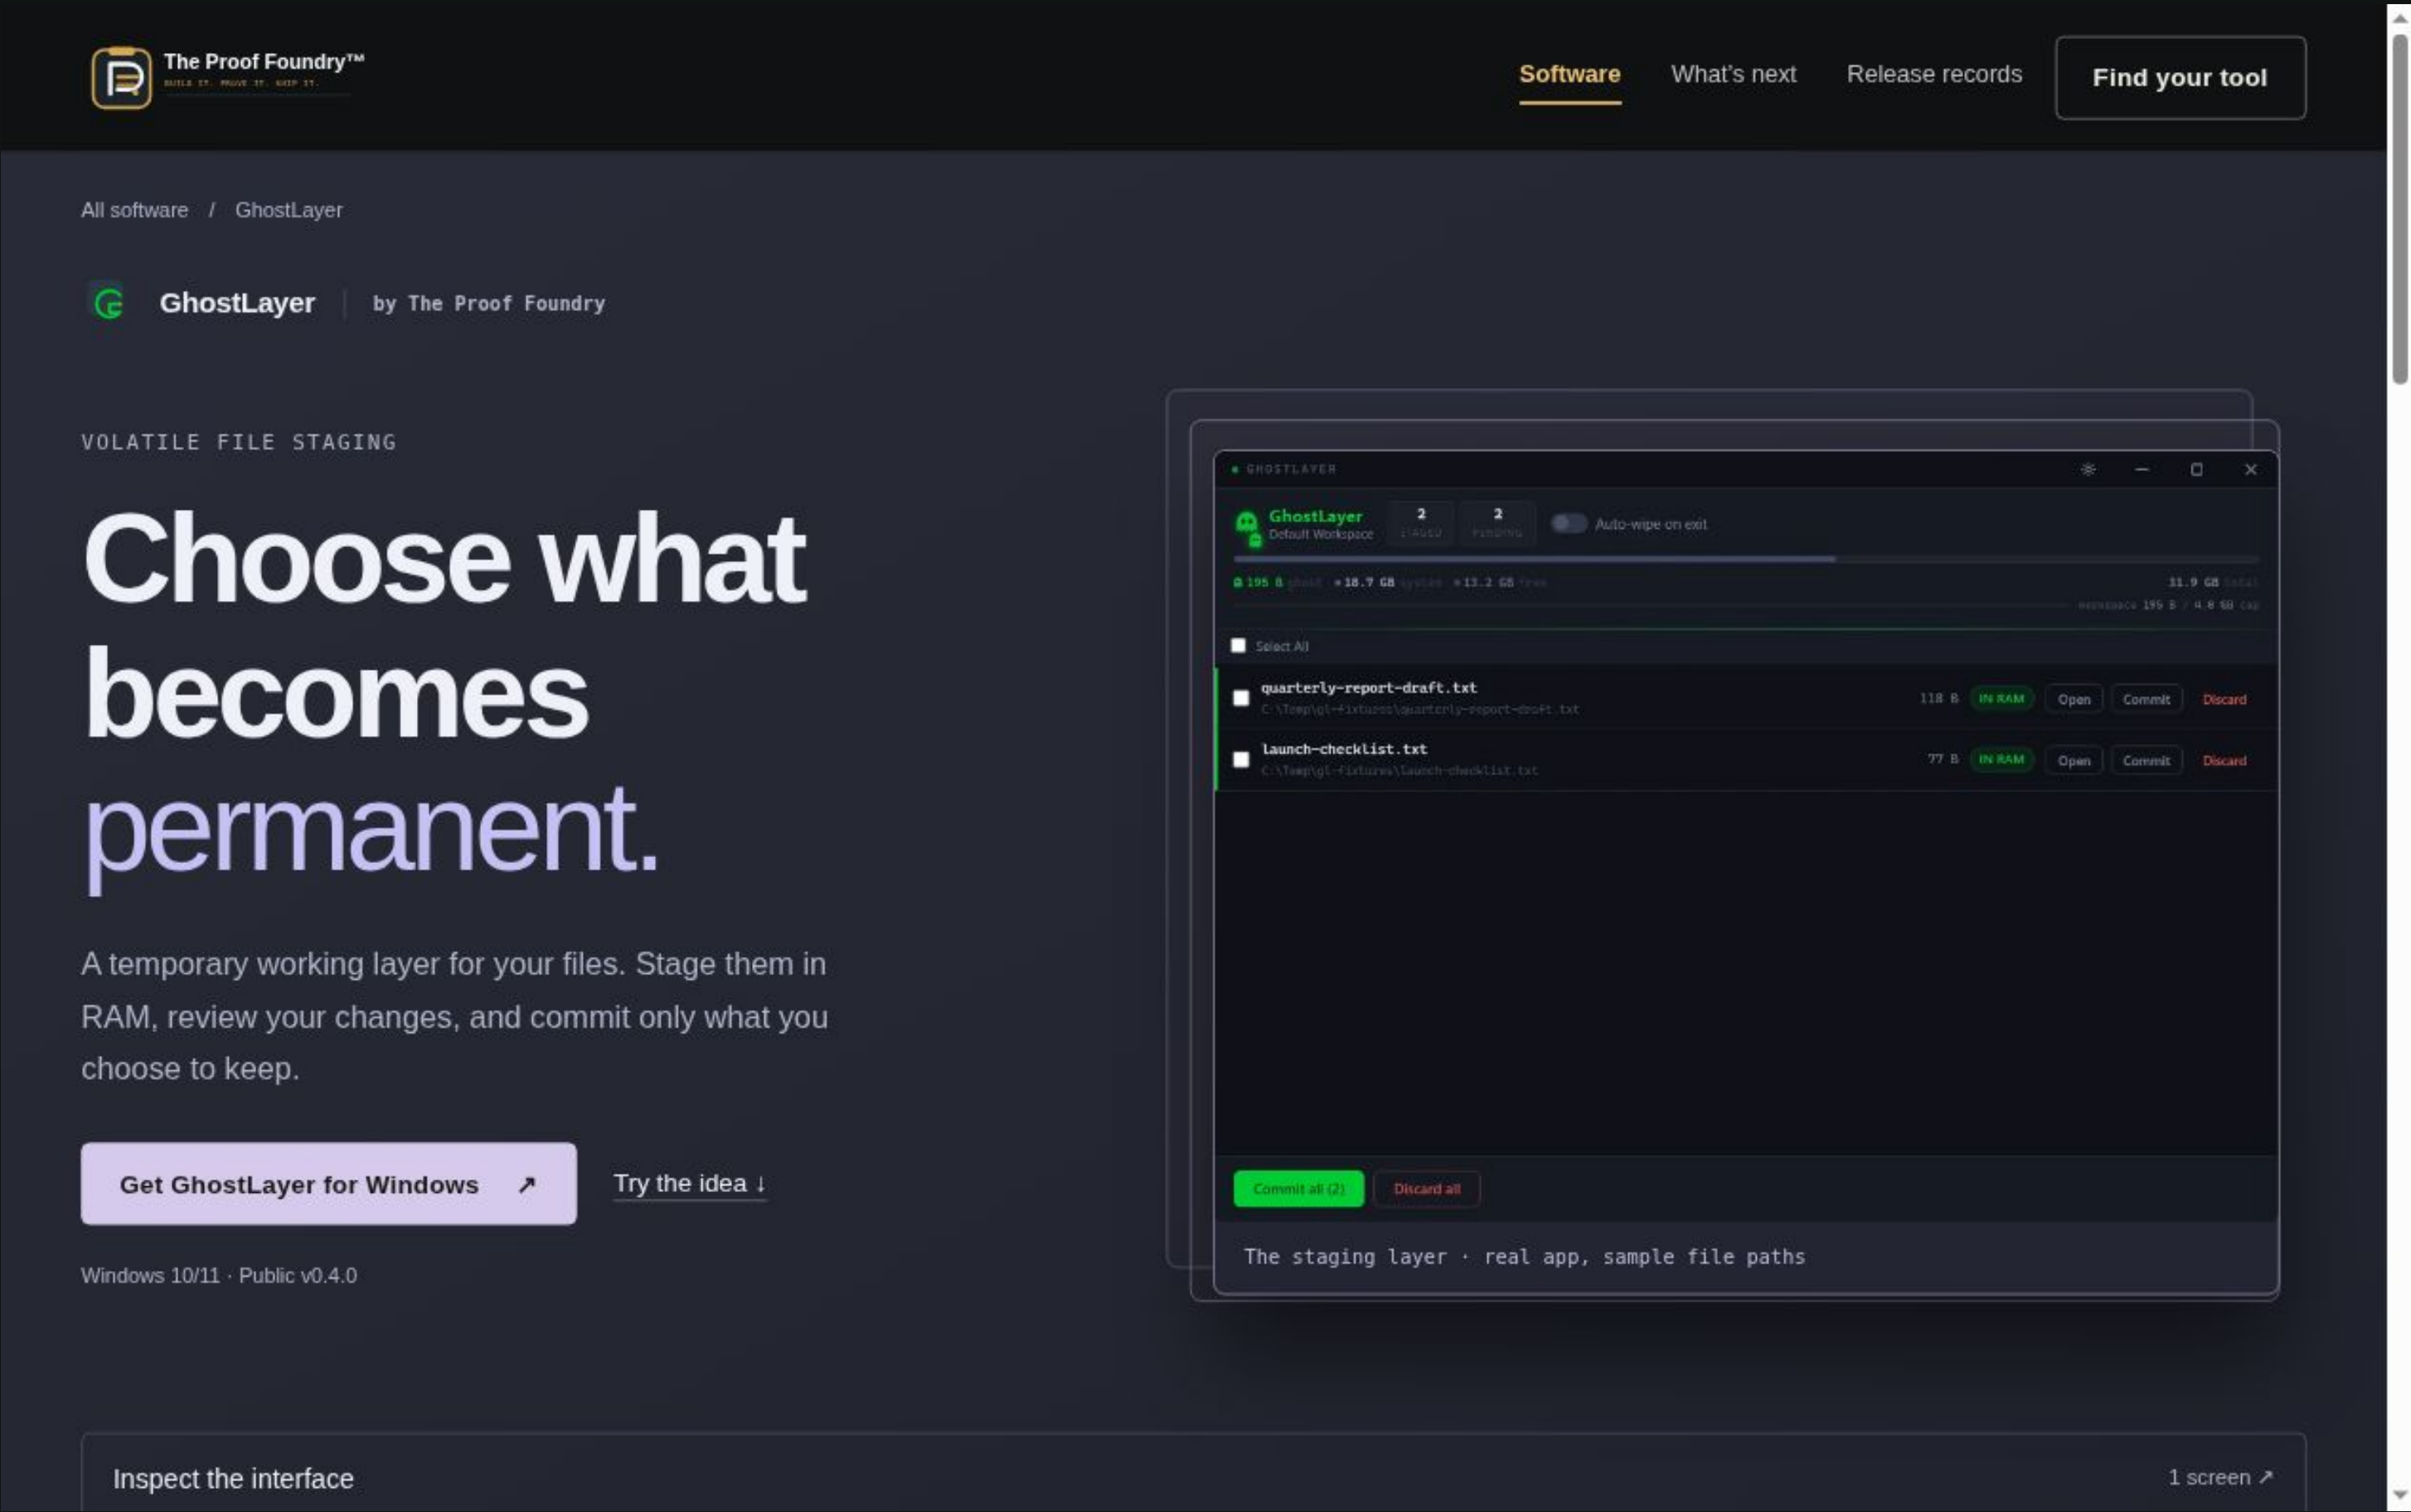

MOBILE - 390 x 844 CSS pixels

GhostLayer - first impression

Contained, temporary staging with a clear decision to make.

DESKTOP - 1440 x 900 CSS pixels

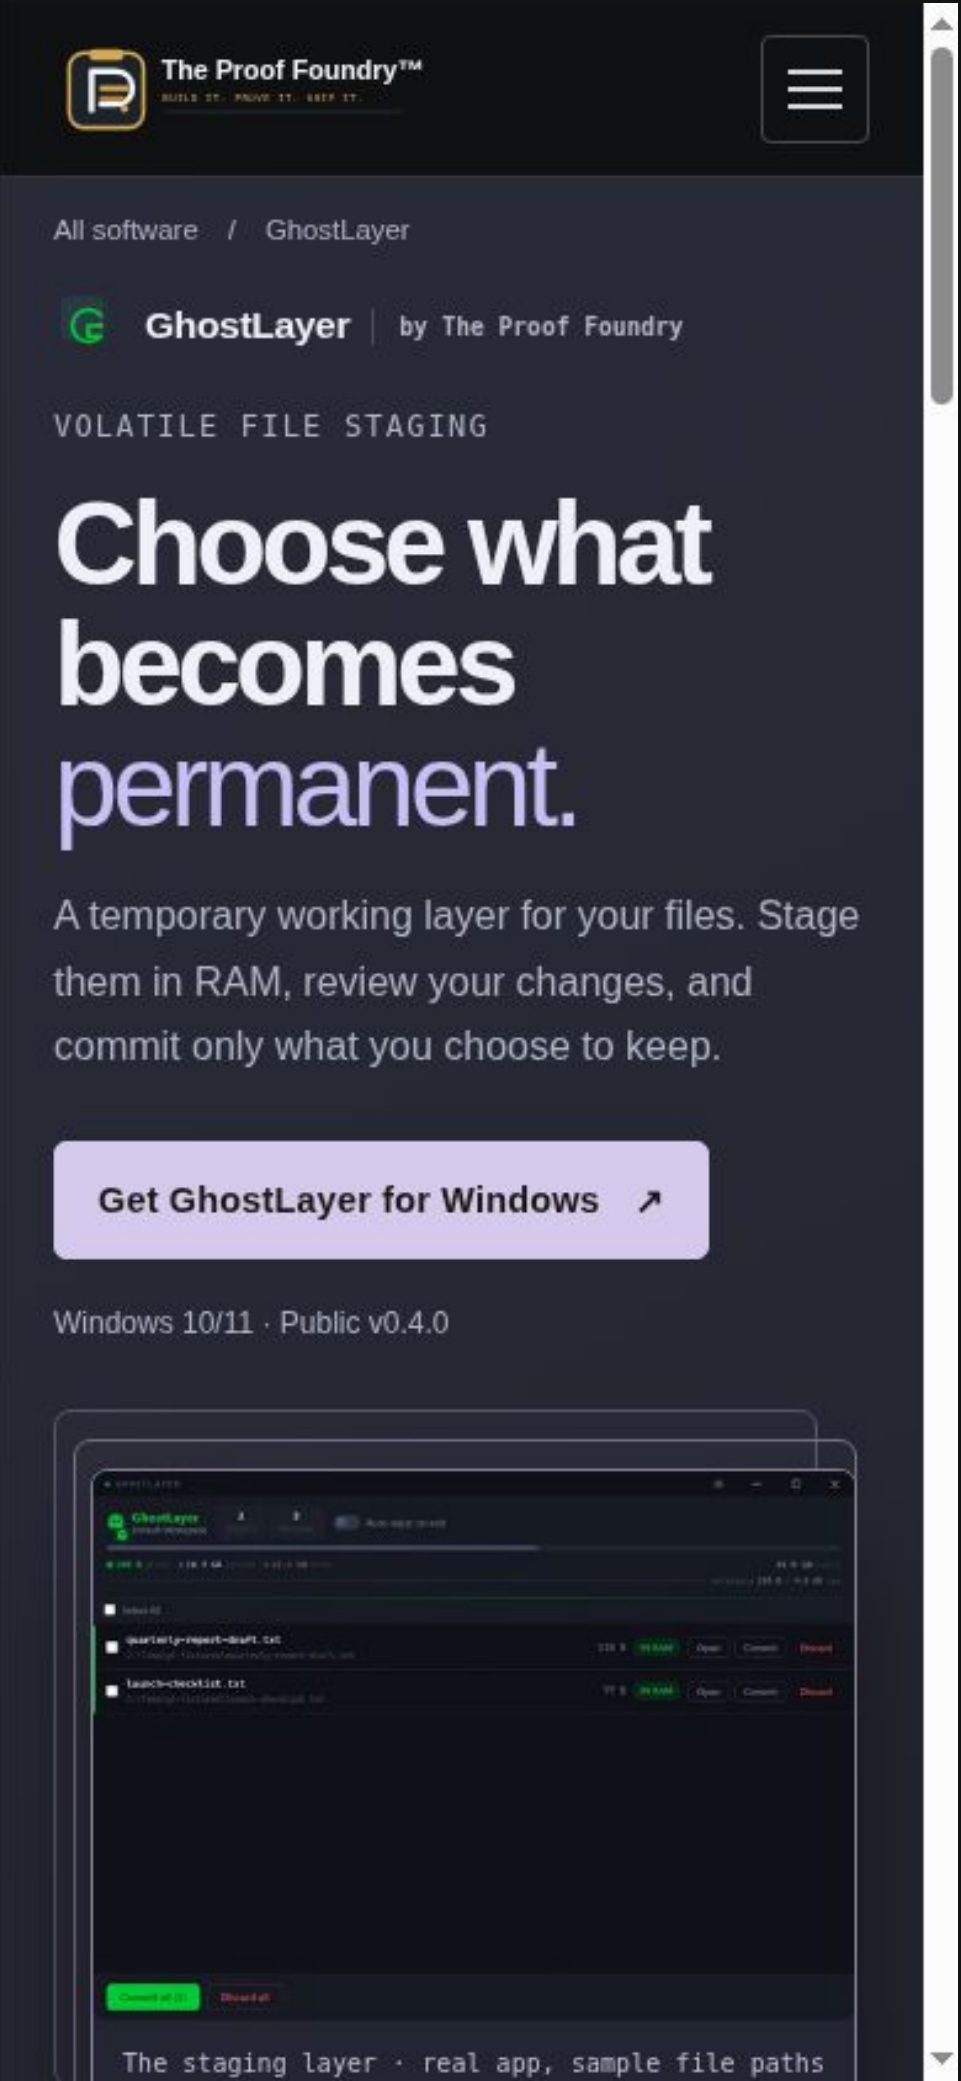

Public v0.4.0. The website preview never accesses, stages or deletes real files.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

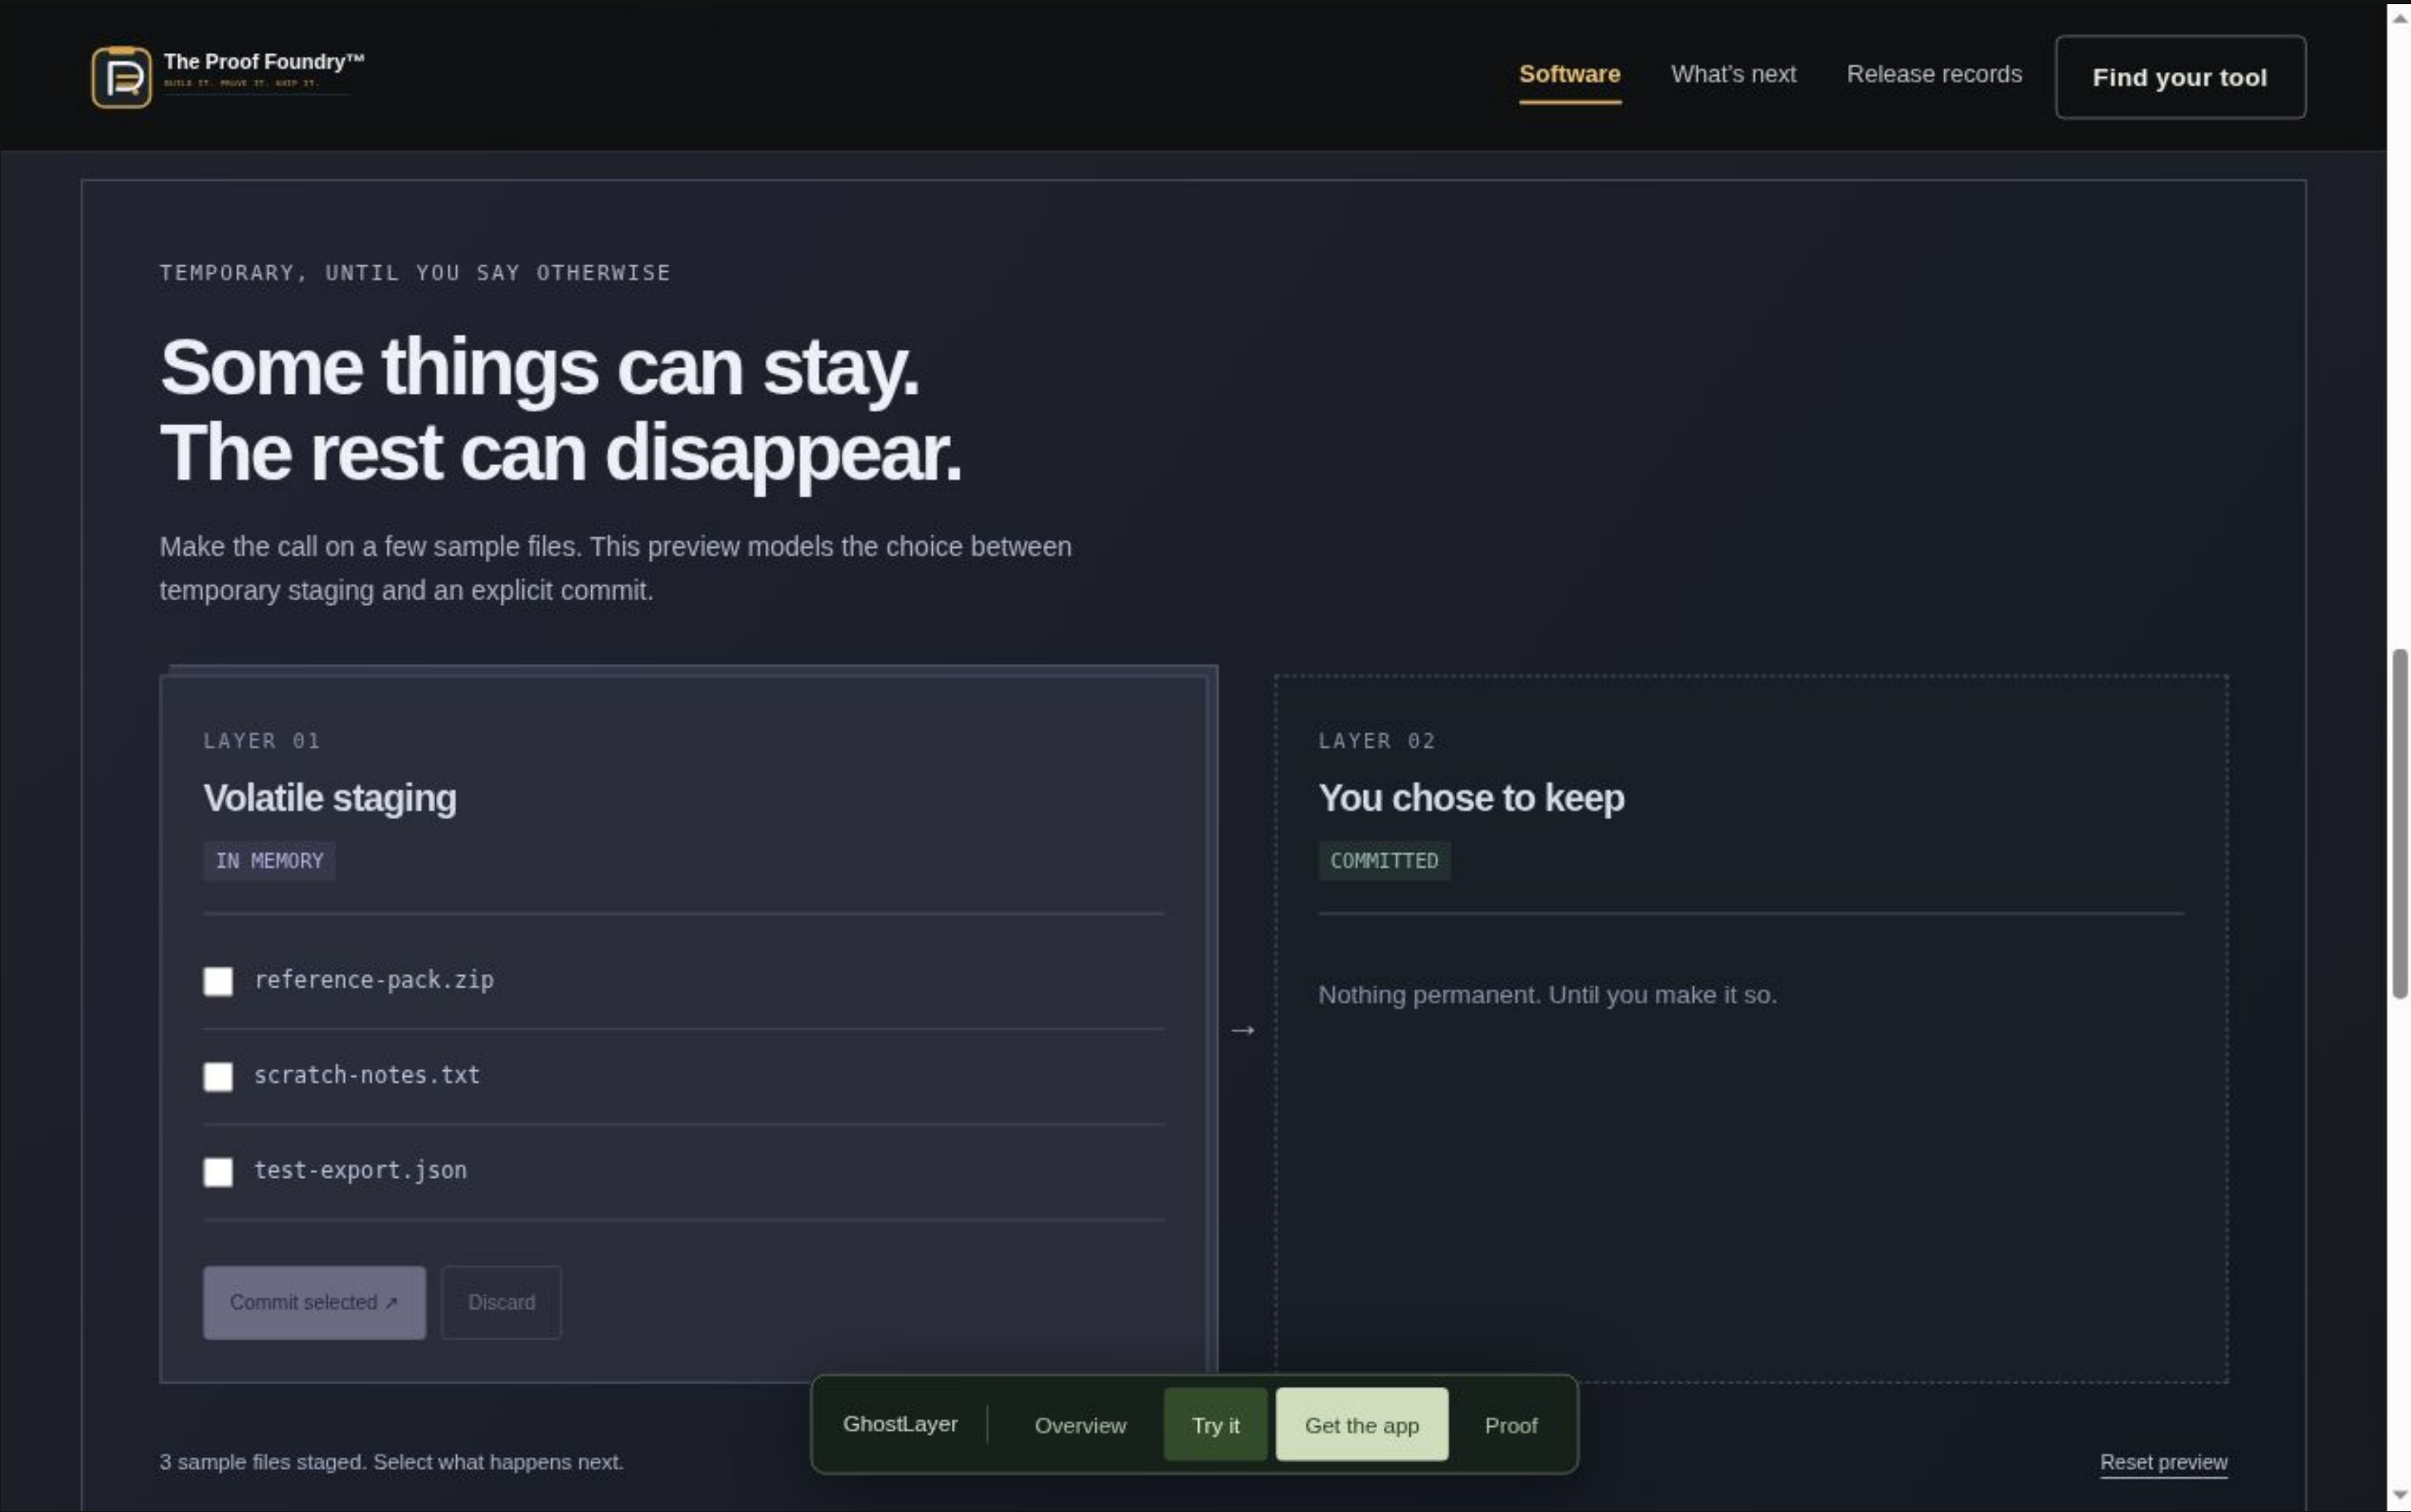

MOBILE - 390 x 844 CSS pixels

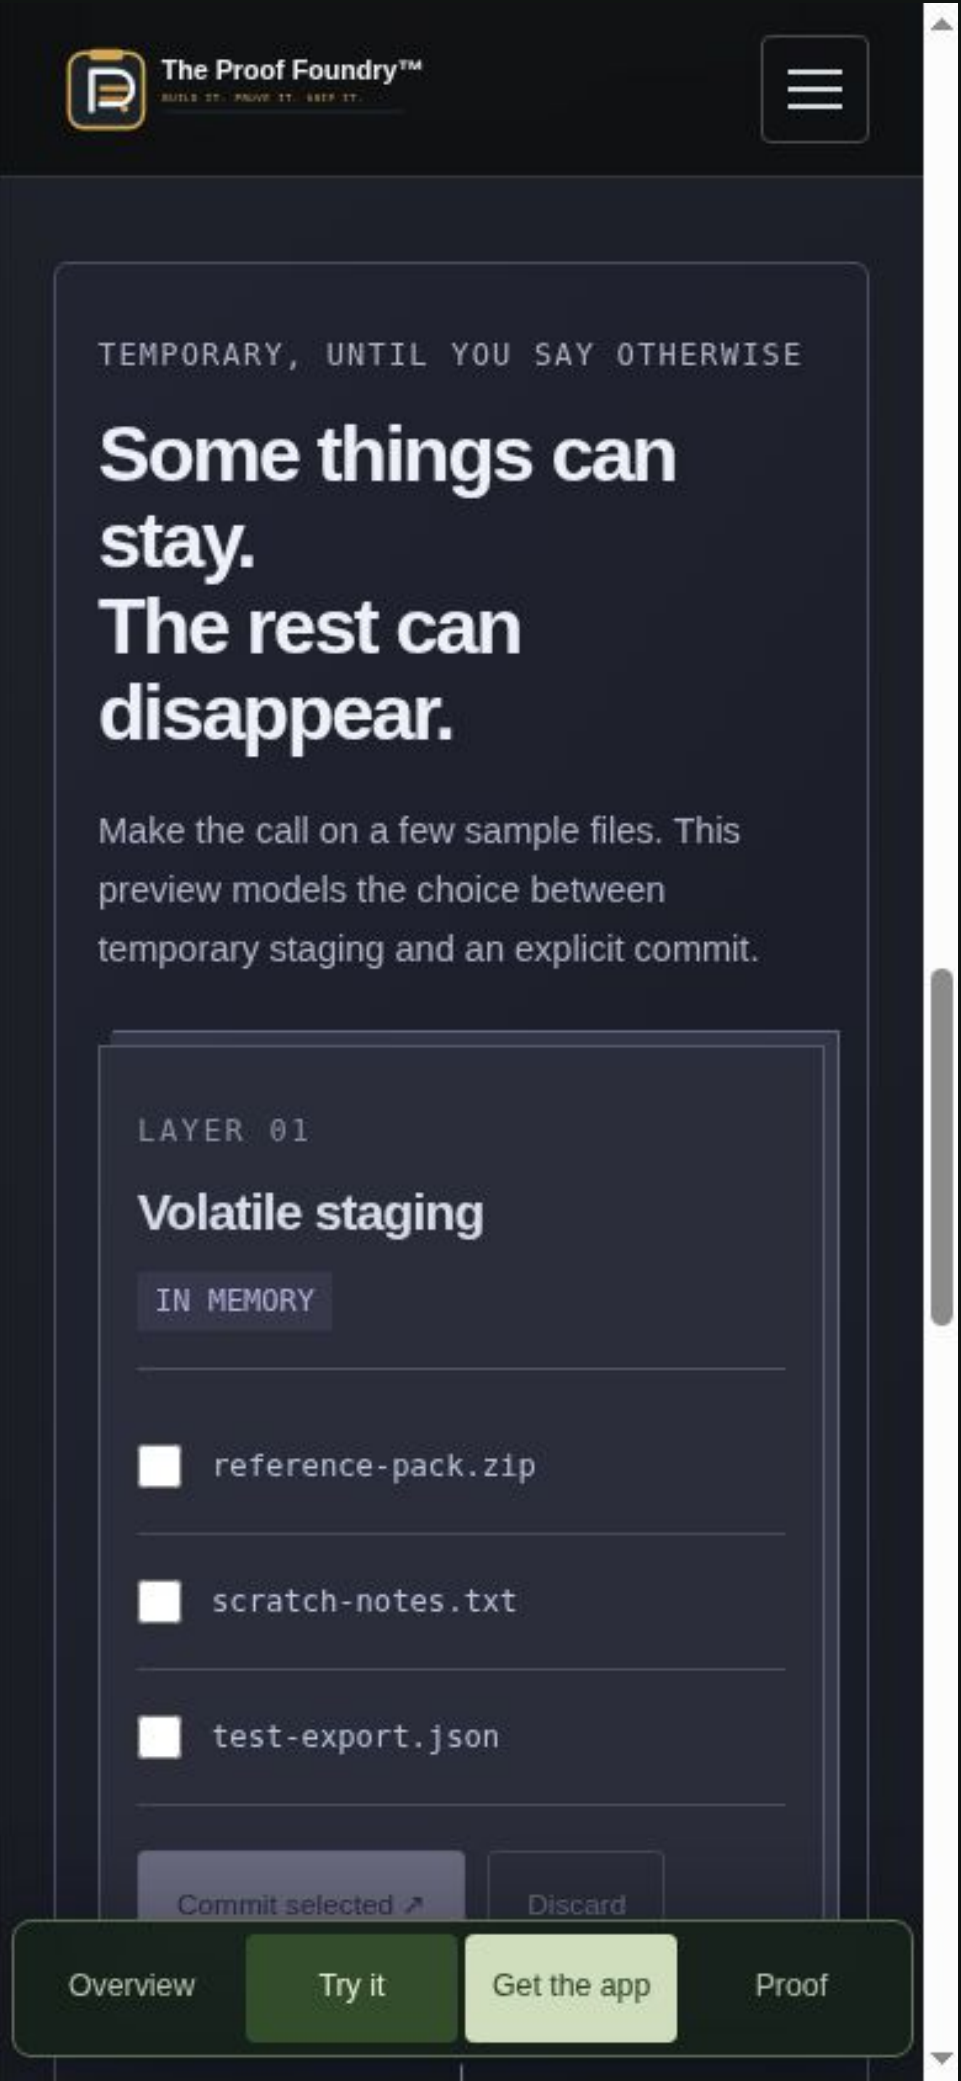

GhostLayer - hands on

Commit selected samples, discard others, or reset the staging preview.

DESKTOP - 1440 x 900 CSS pixels

MOBILE - 390 x 844 CSS pixels

Public v0.4.0. The website preview never accesses, stages or deletes real files.

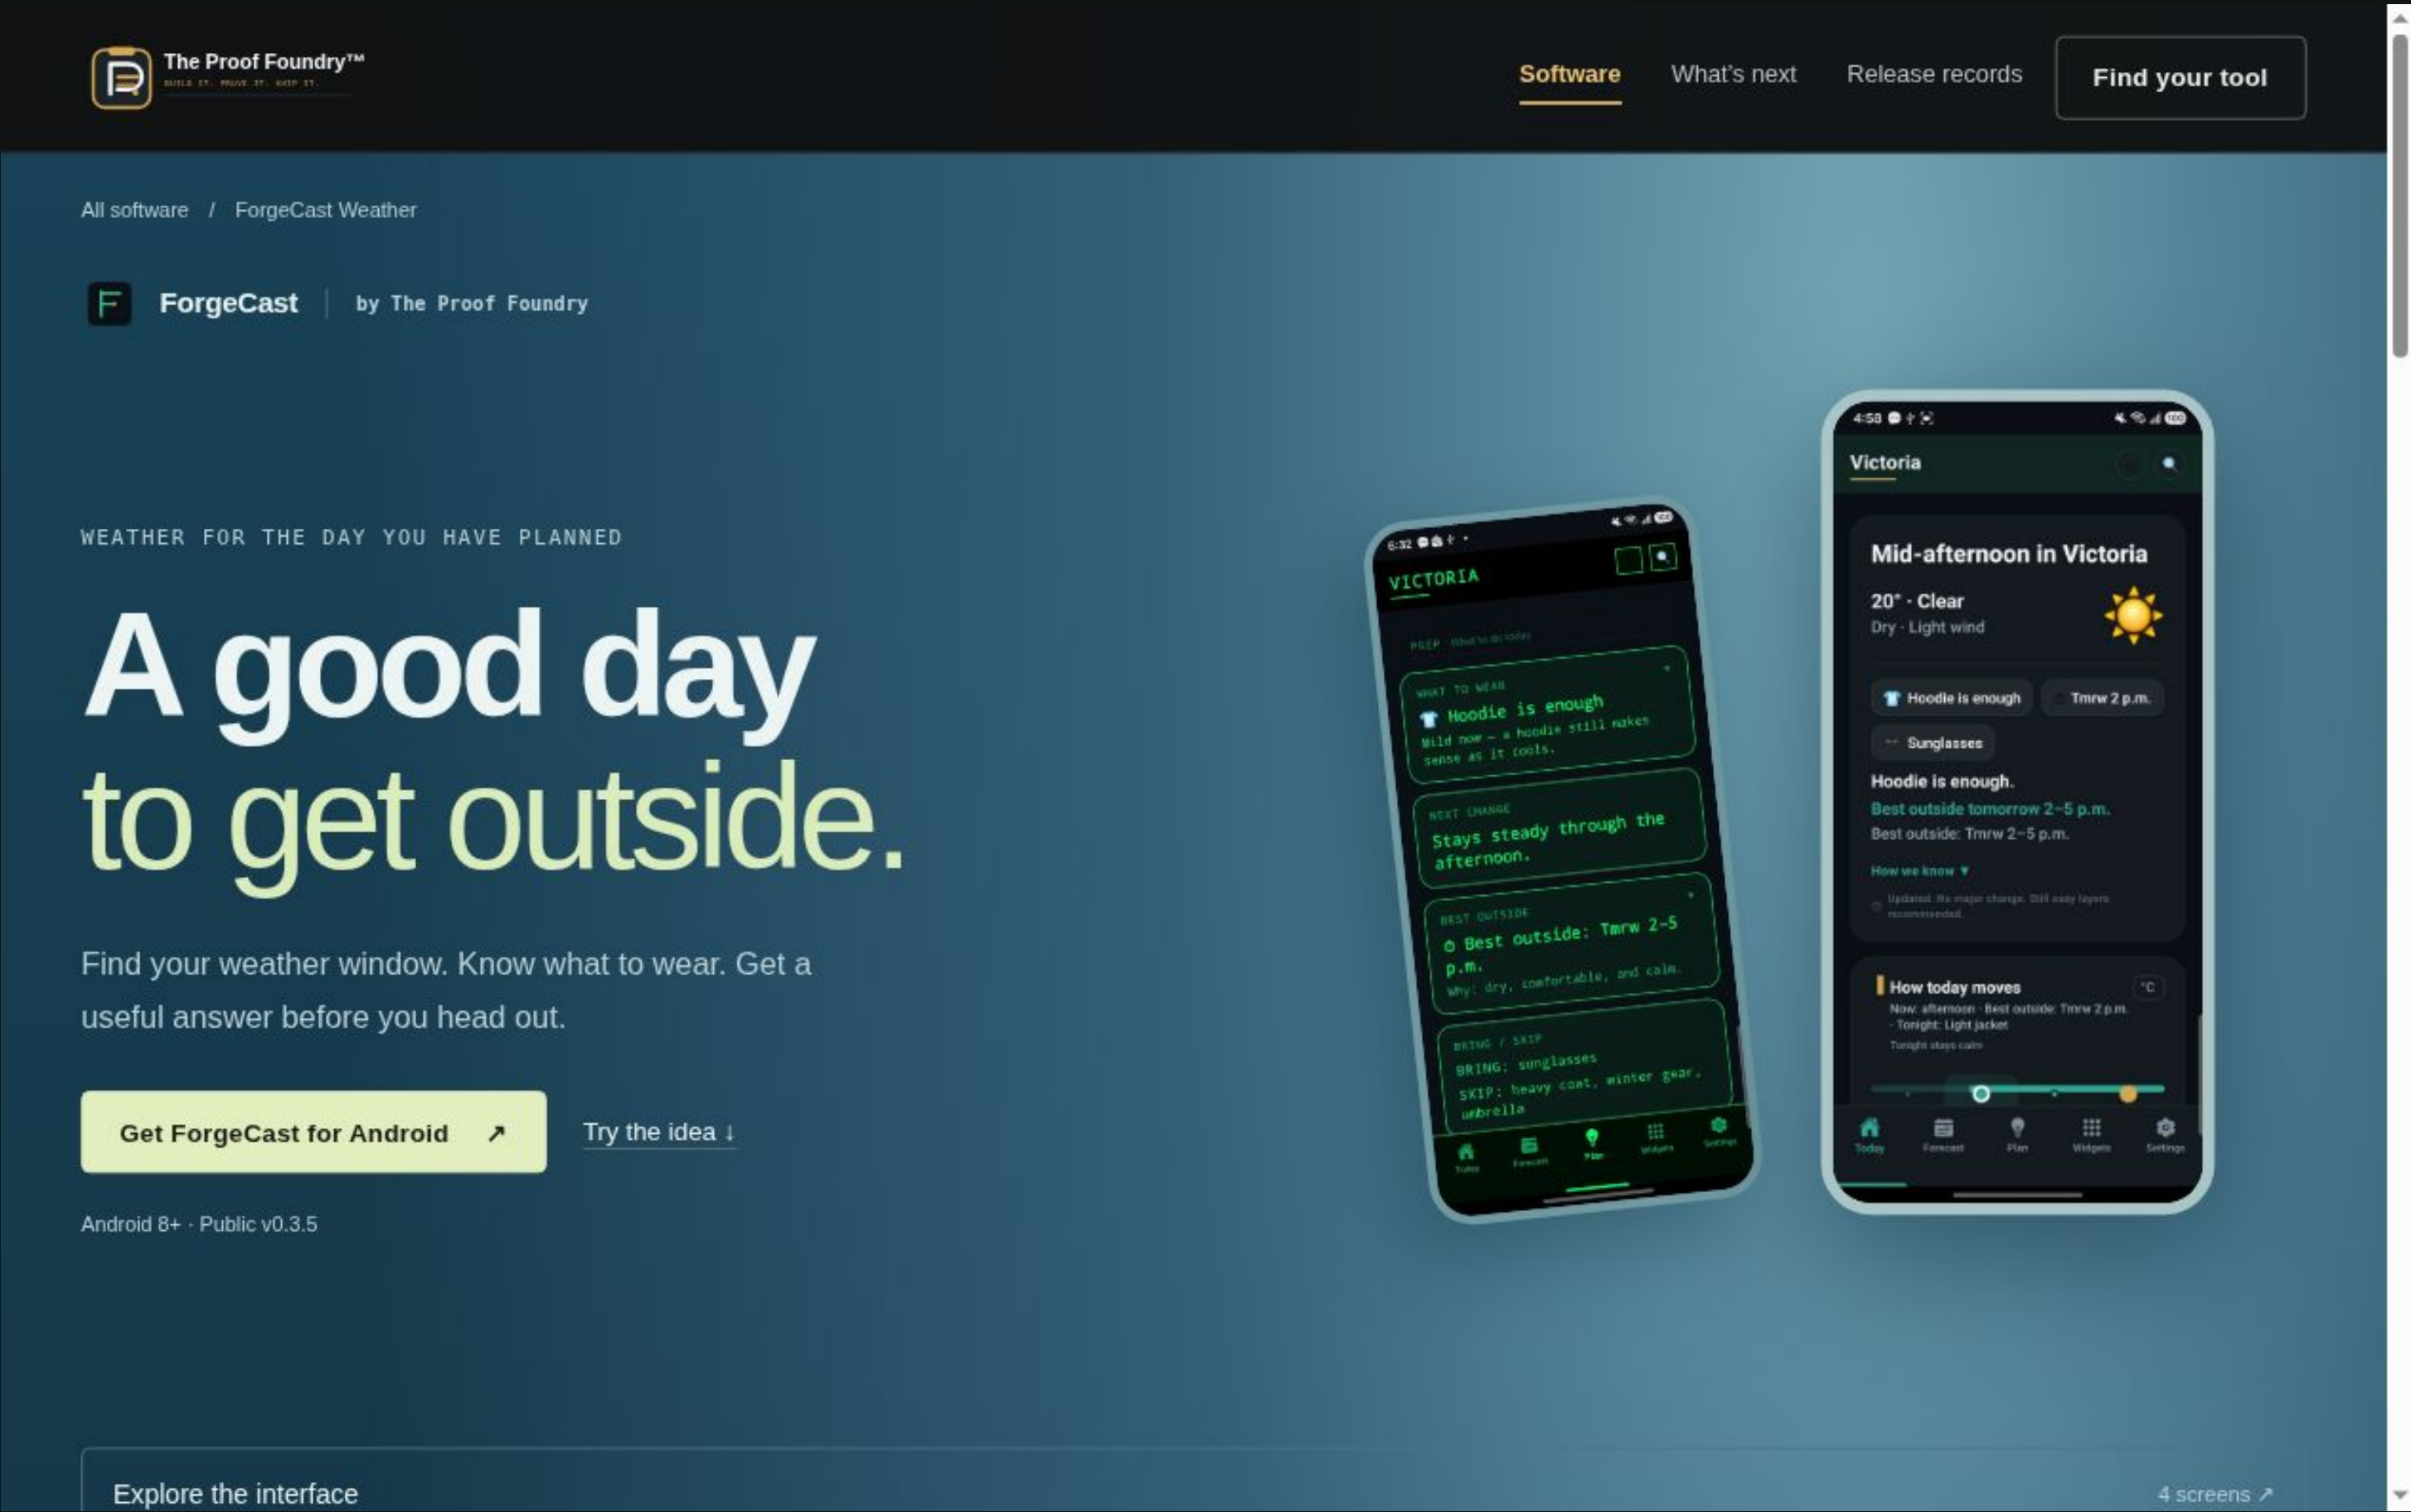

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

ForgeCast - first impression

Atmosphere and real Android screens, with practical weather guidance.

DESKTOP - 1440 x 900 CSS pixels

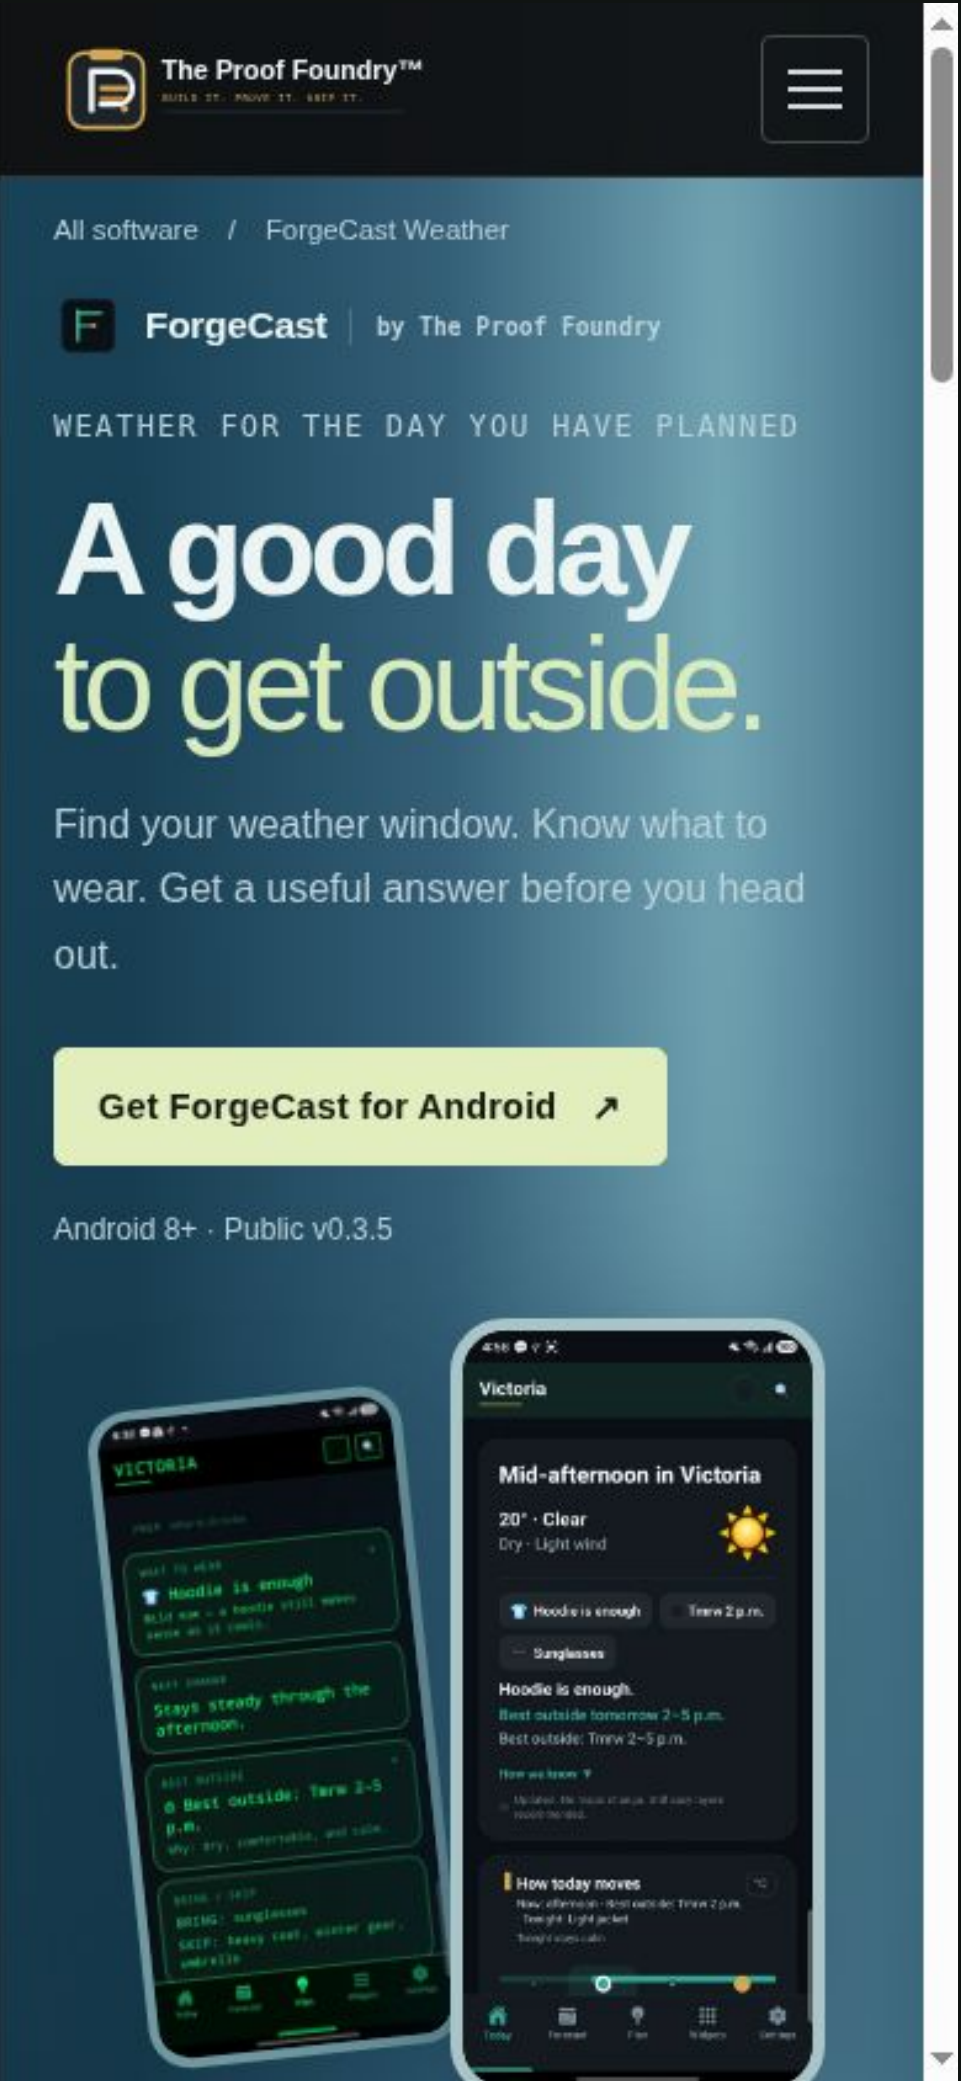

Public v0.3.5 for Android. The website timeline uses illustrative data, not live weather.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

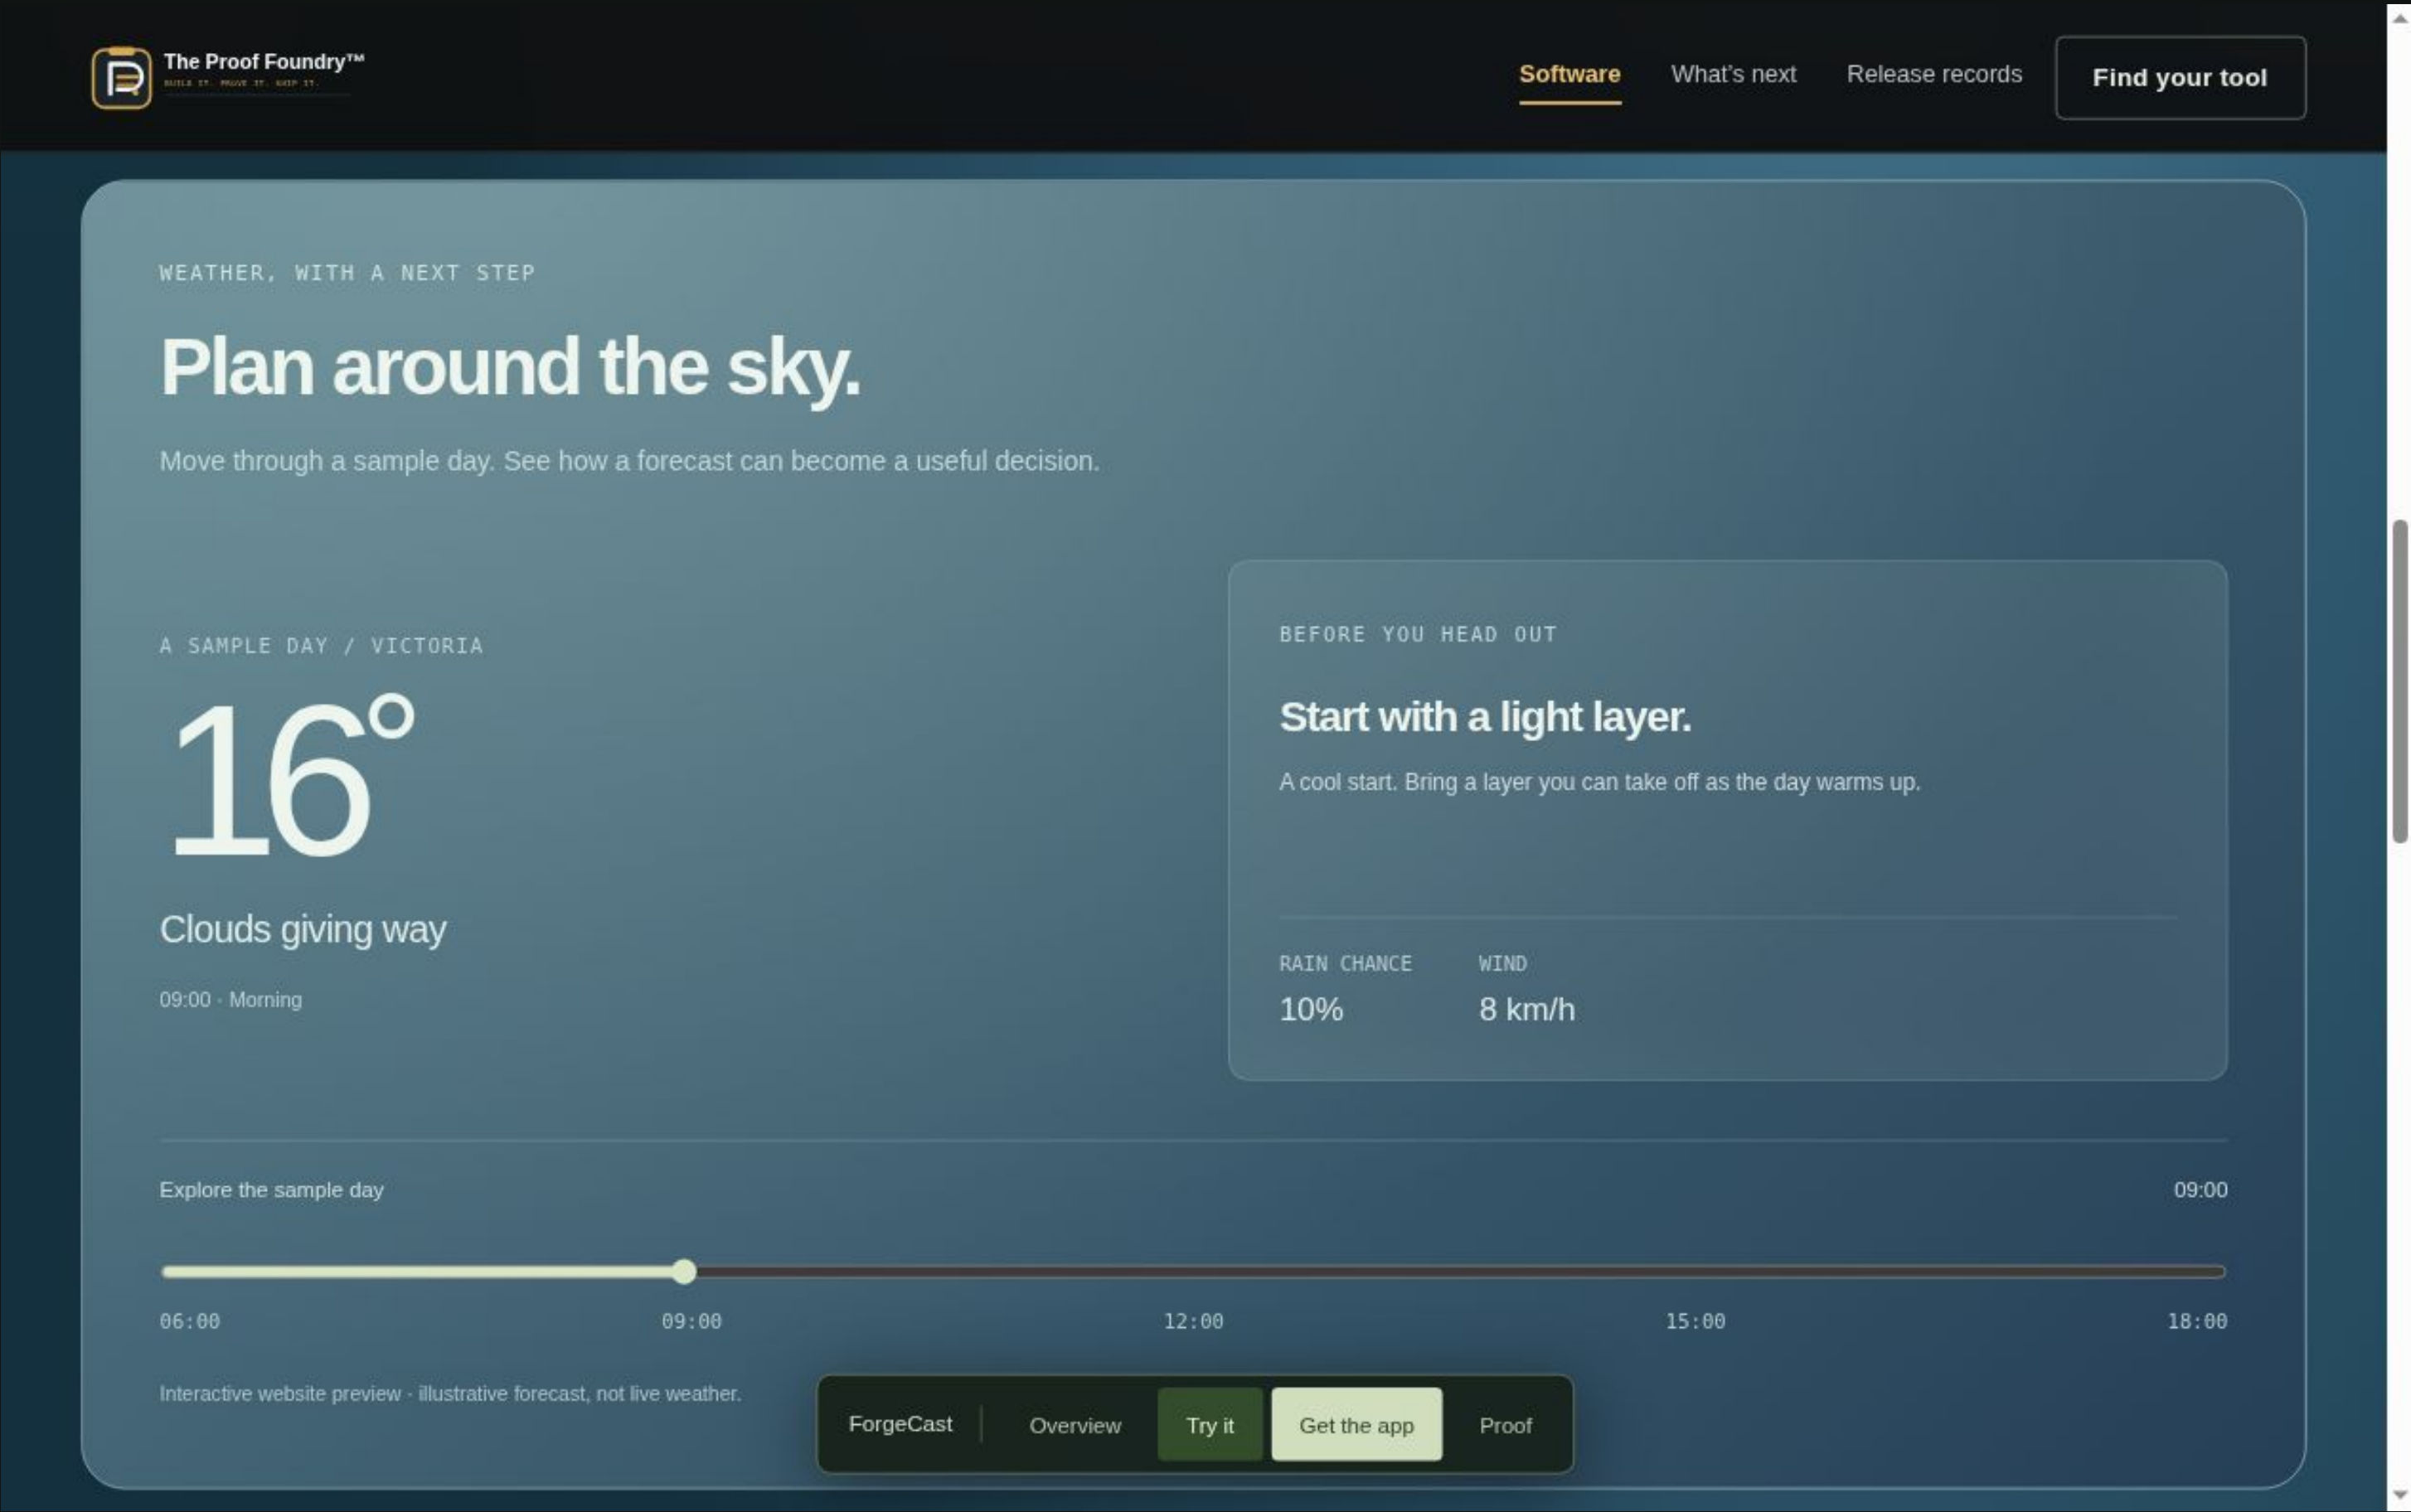

MOBILE - 390 x 844 CSS pixels

ForgeCast - hands on

Move through a sample day to change conditions, timing and advice.

DESKTOP - 1440 x 900 CSS pixels

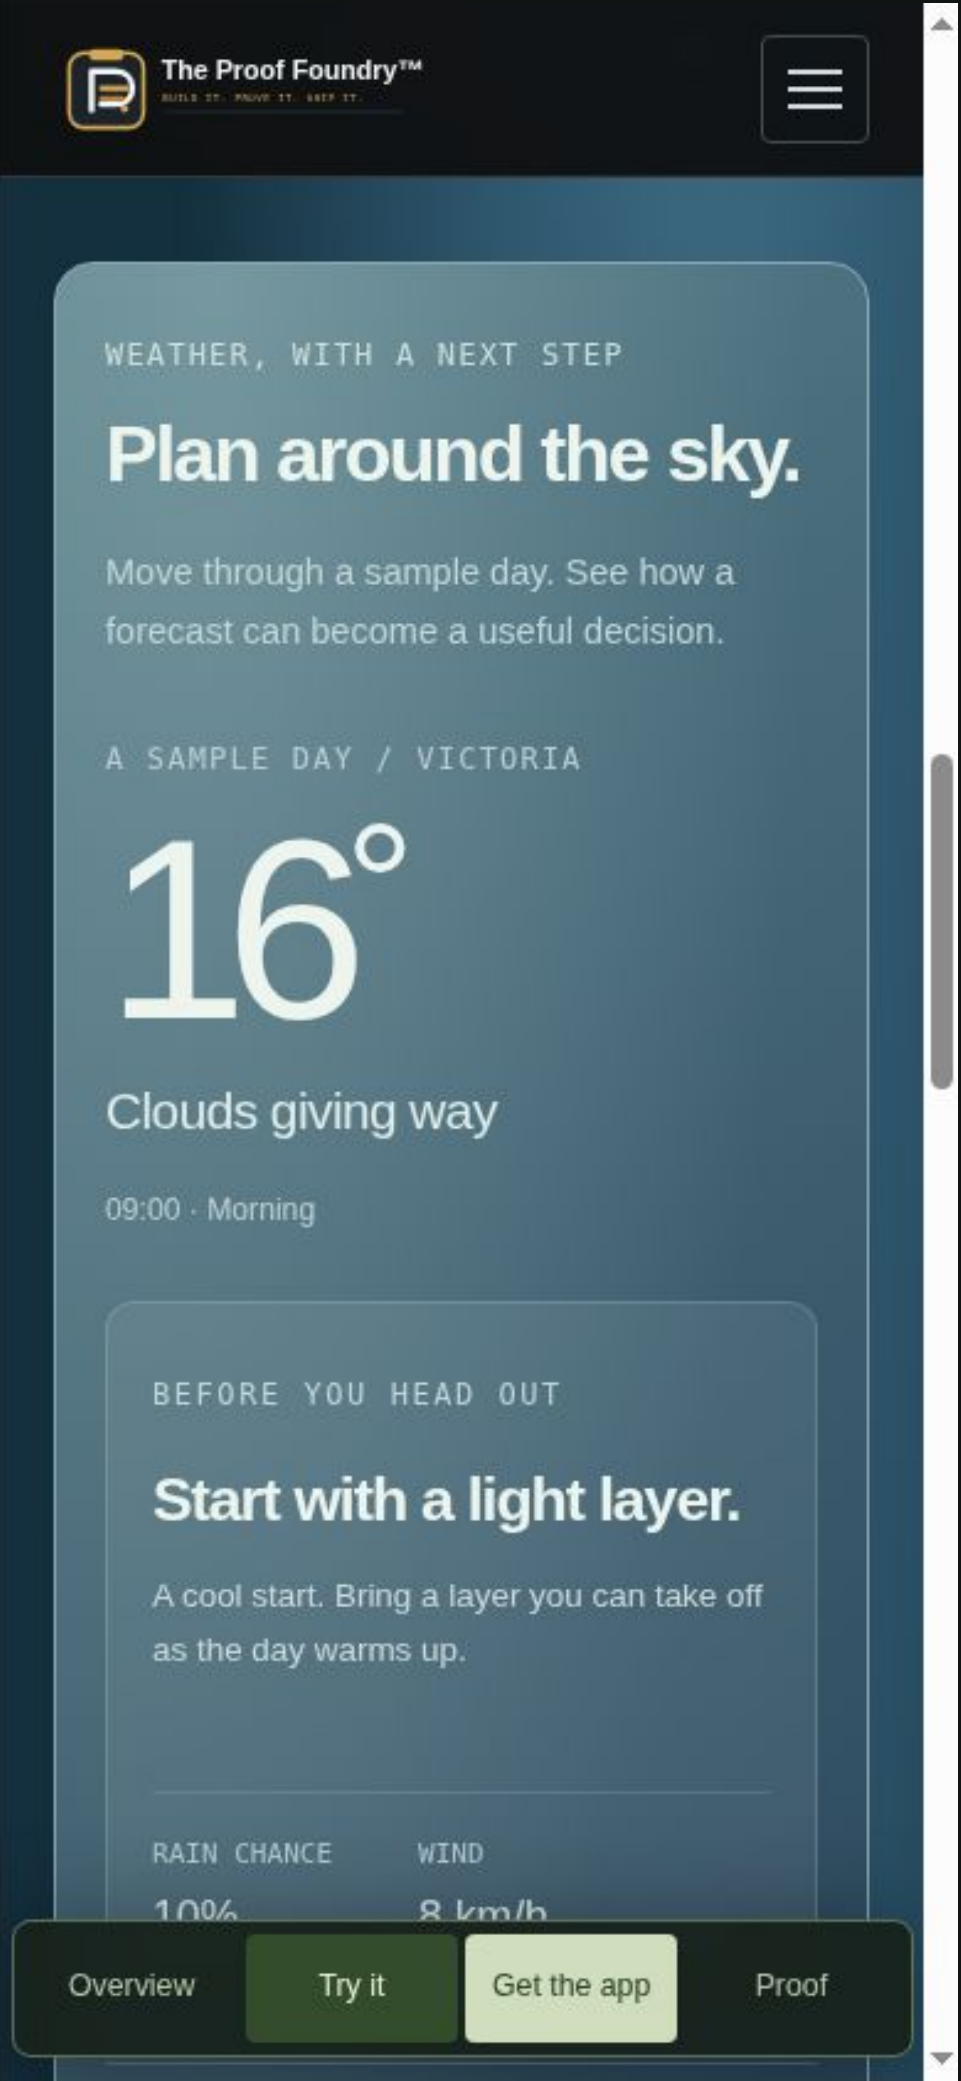

Public v0.3.5 for Android. The website timeline uses illustrative data, not live weather.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

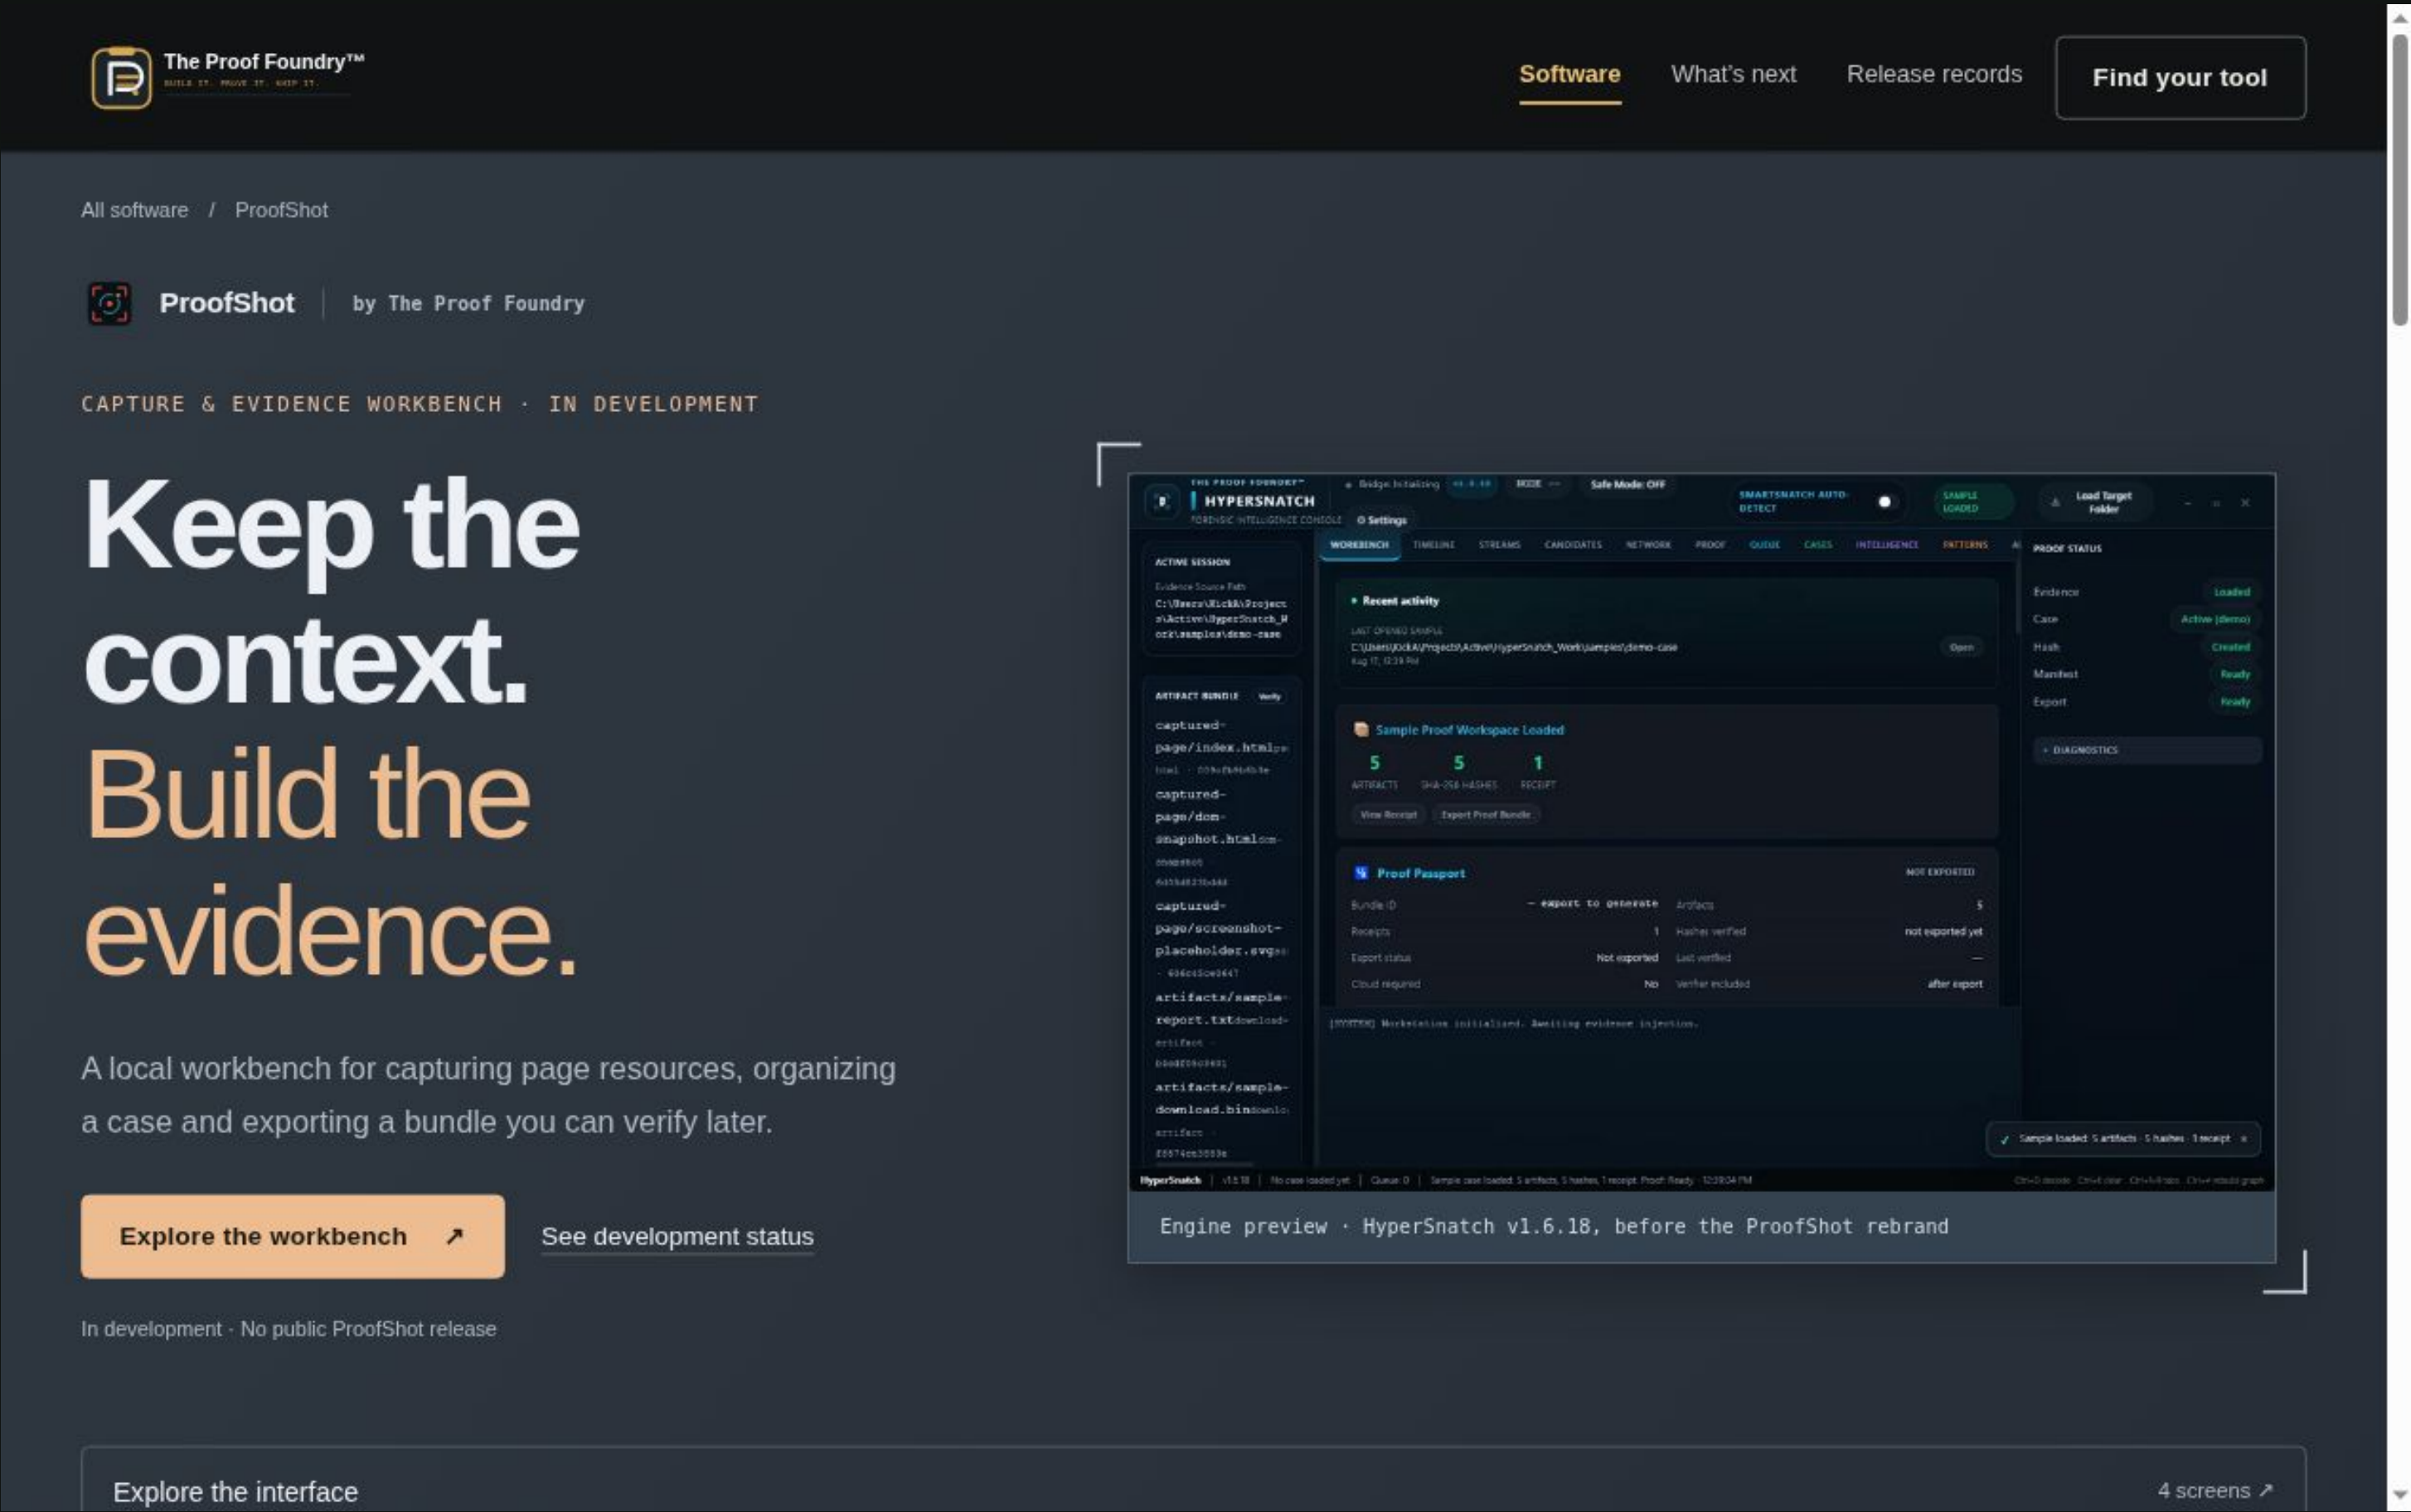

MOBILE - 390 x 844 CSS pixels

ProofShot - first impression

An unmistakable workbench, explicitly still in development.

DESKTOP - 1440 x 900 CSS pixels

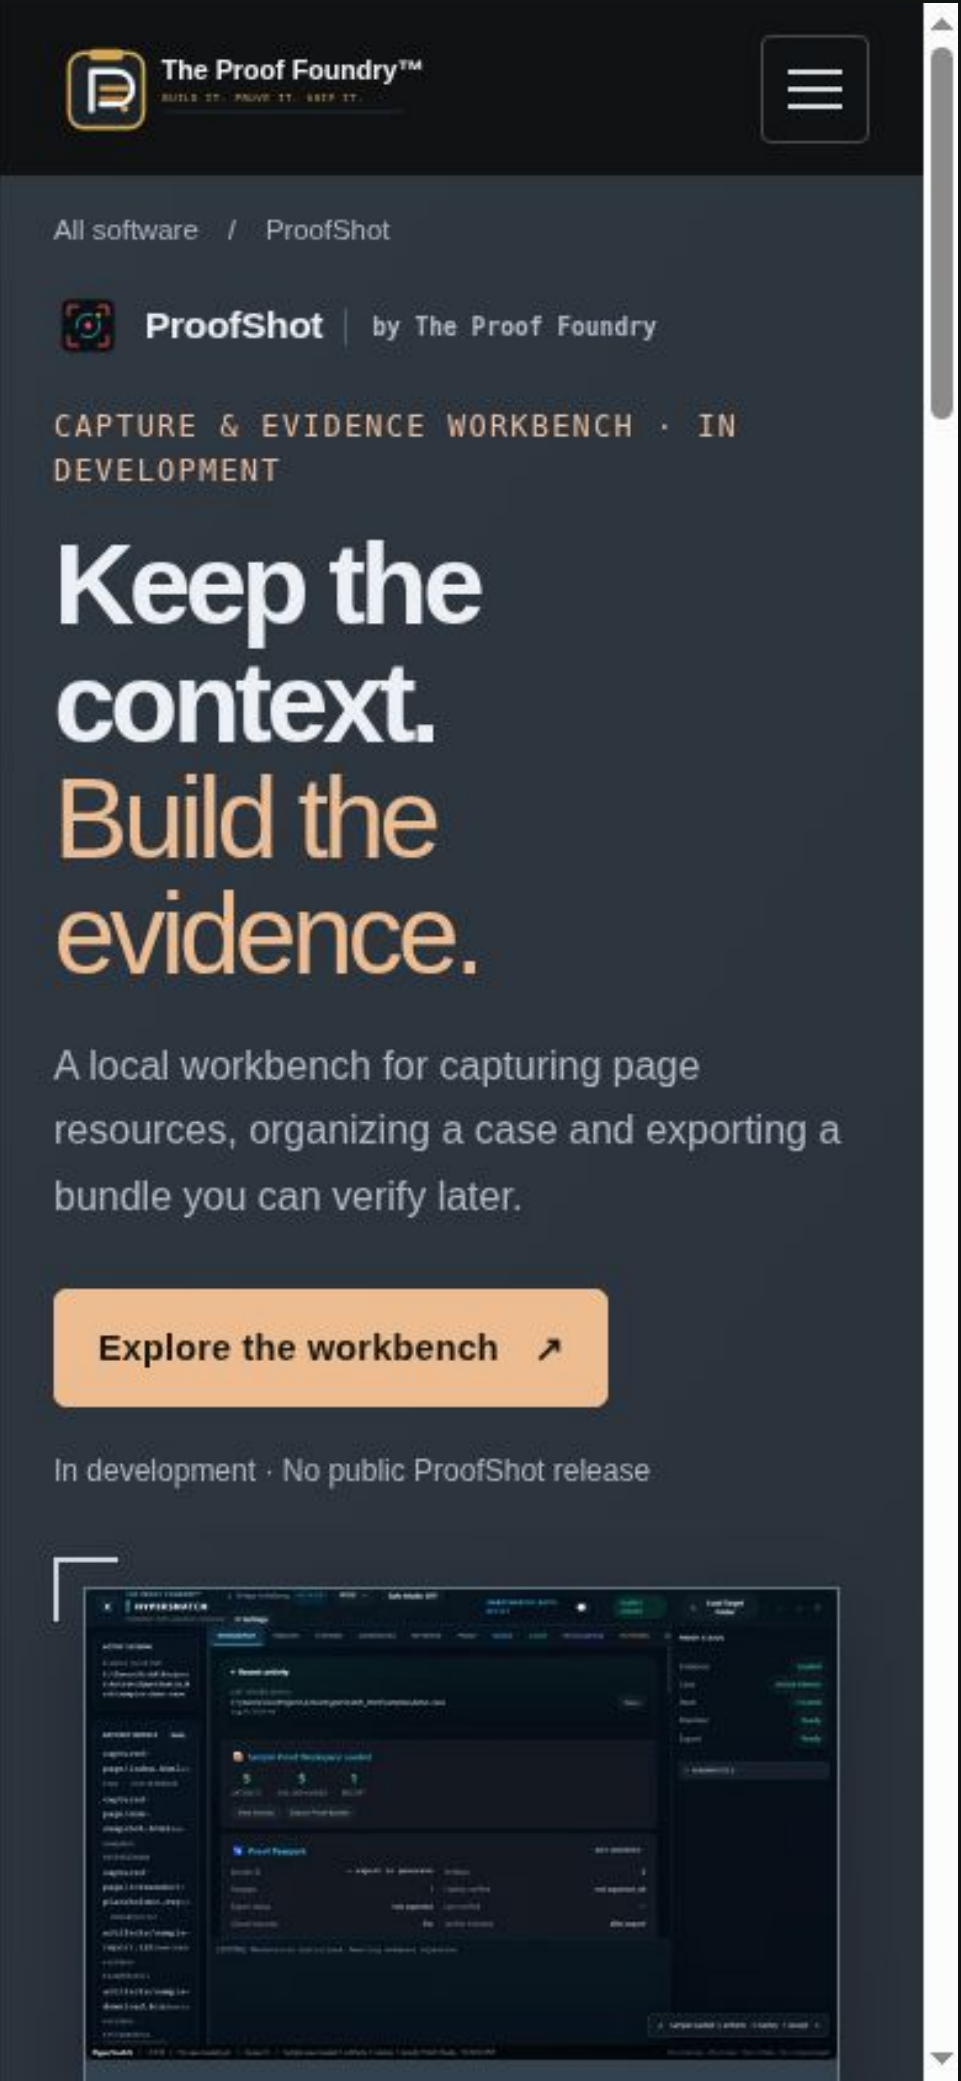

No public ProofShot release. Engine v1.6.18; its HyperSnatch name remains visible in real UI.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

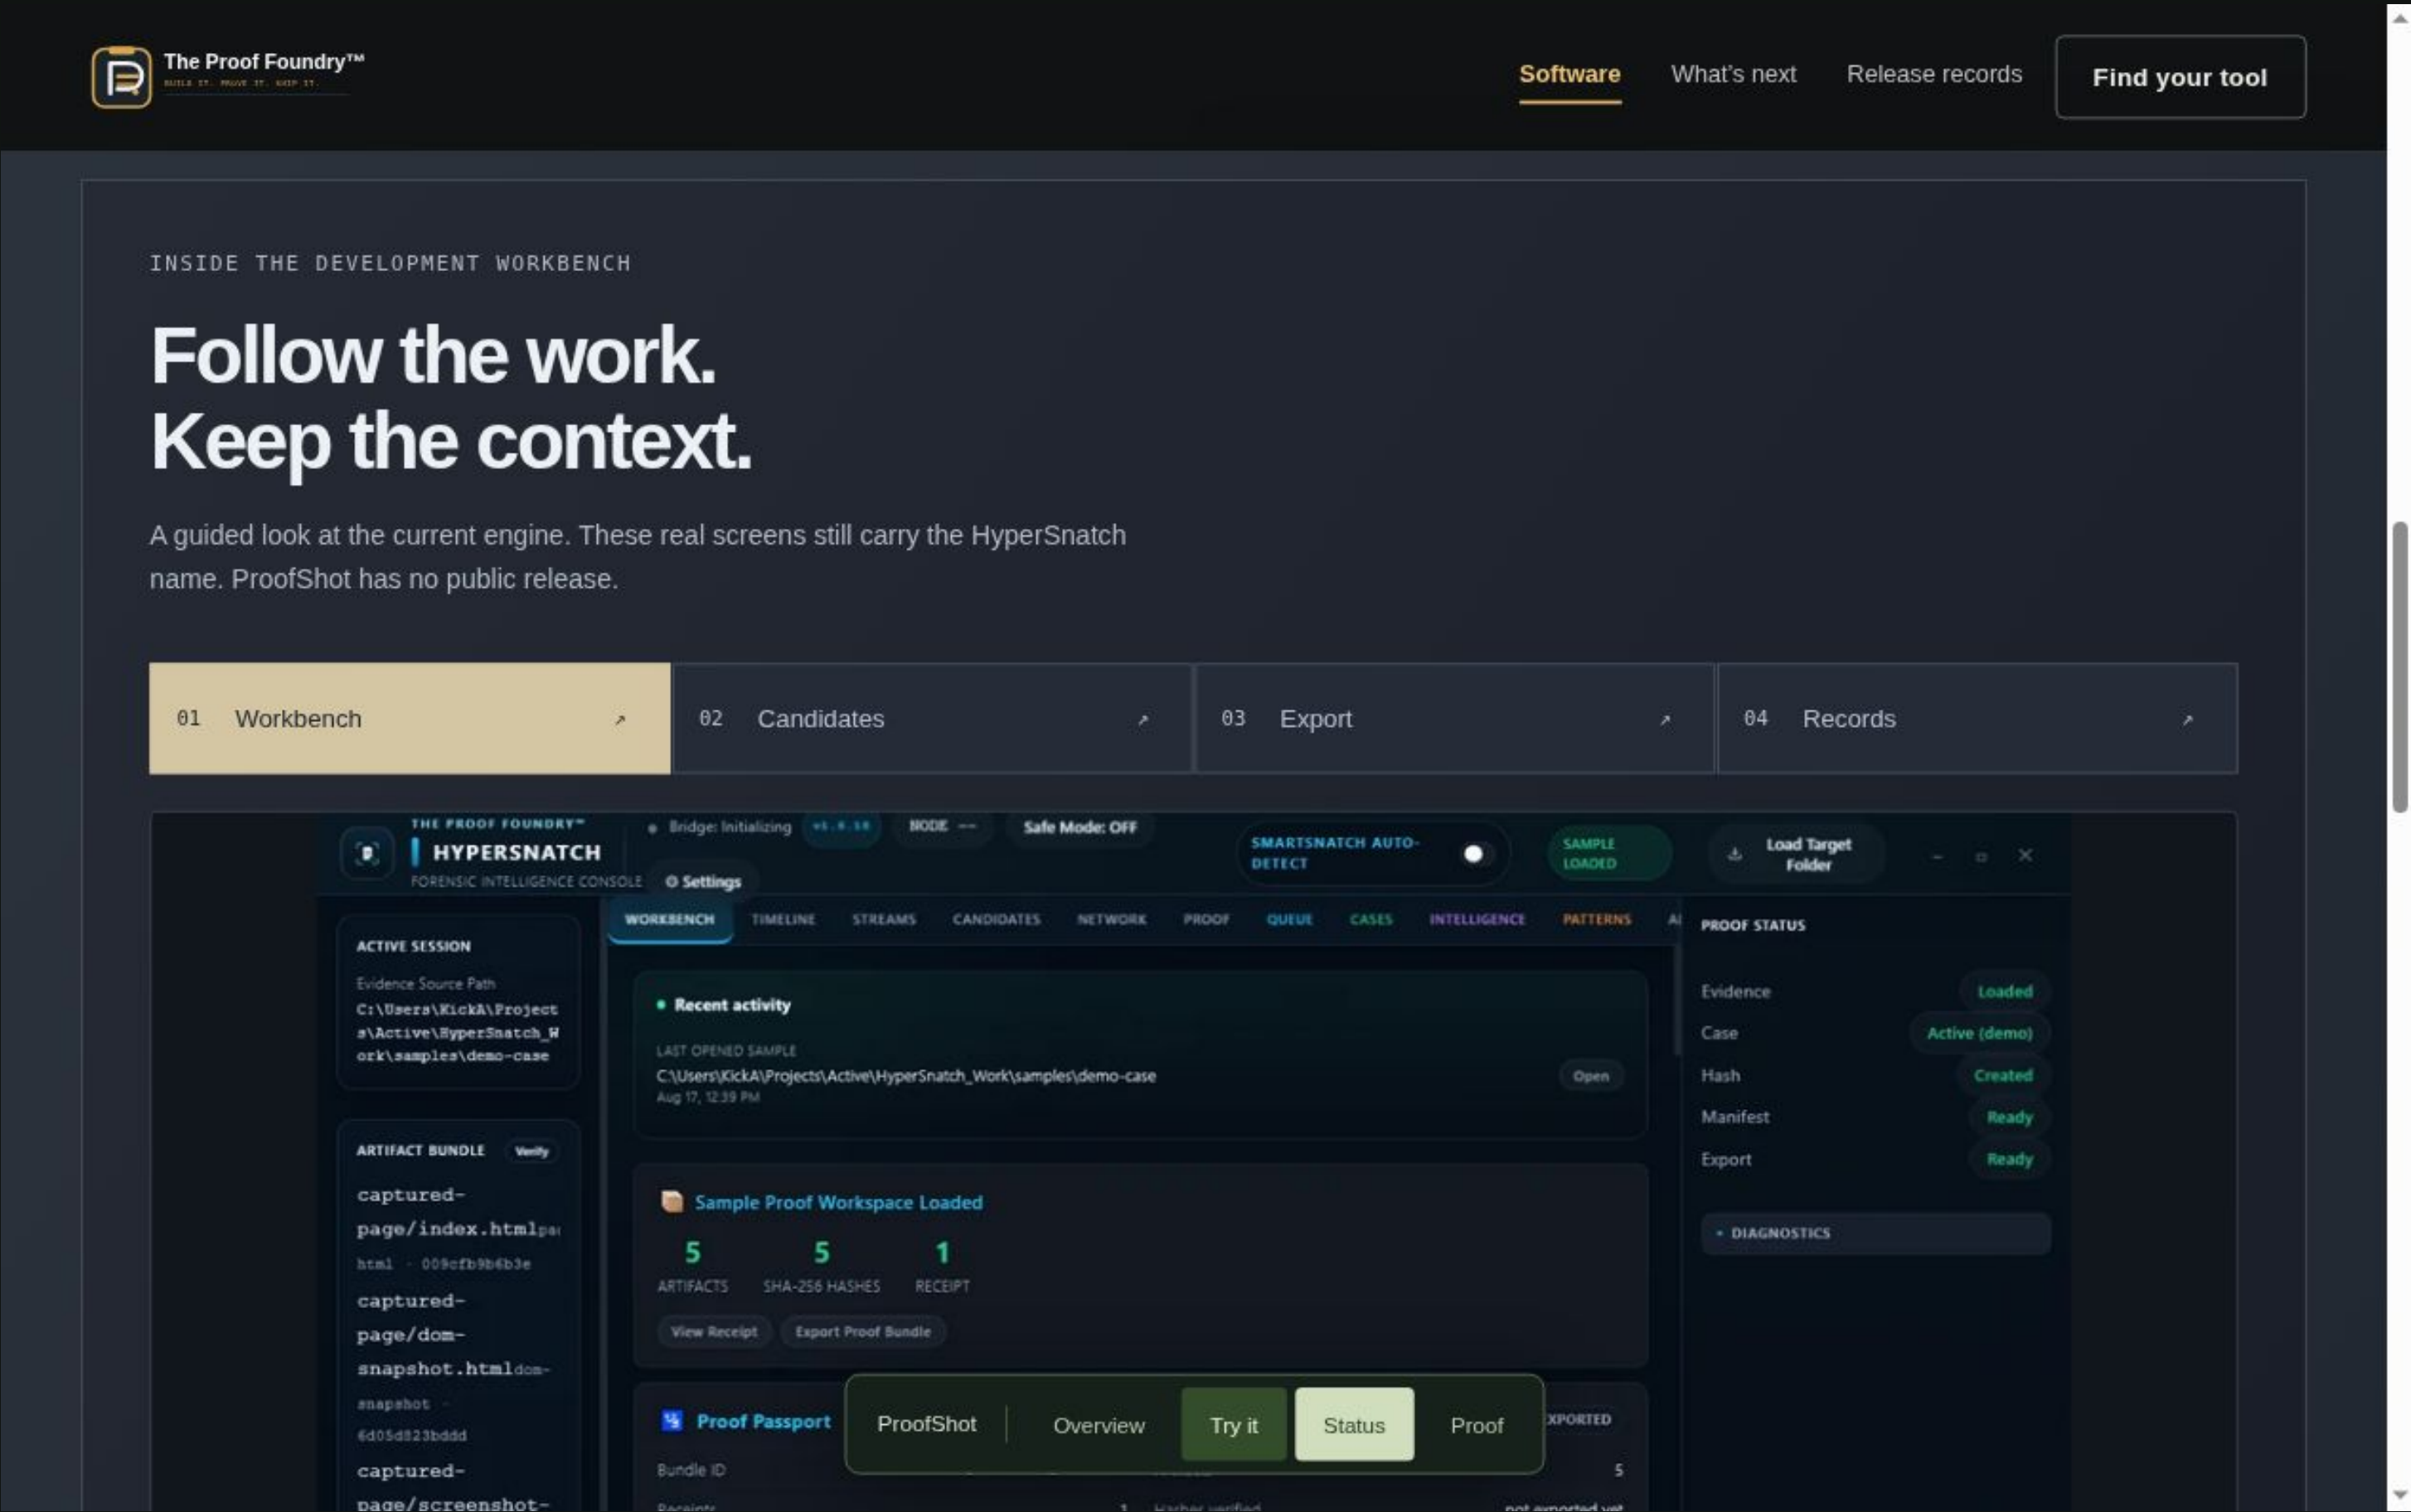

MOBILE - 390 x 844 CSS pixels

ProofShot - hands on

Explore actual Workbench, Candidates, Export and Records screens.

DESKTOP - 1440 x 900 CSS pixels

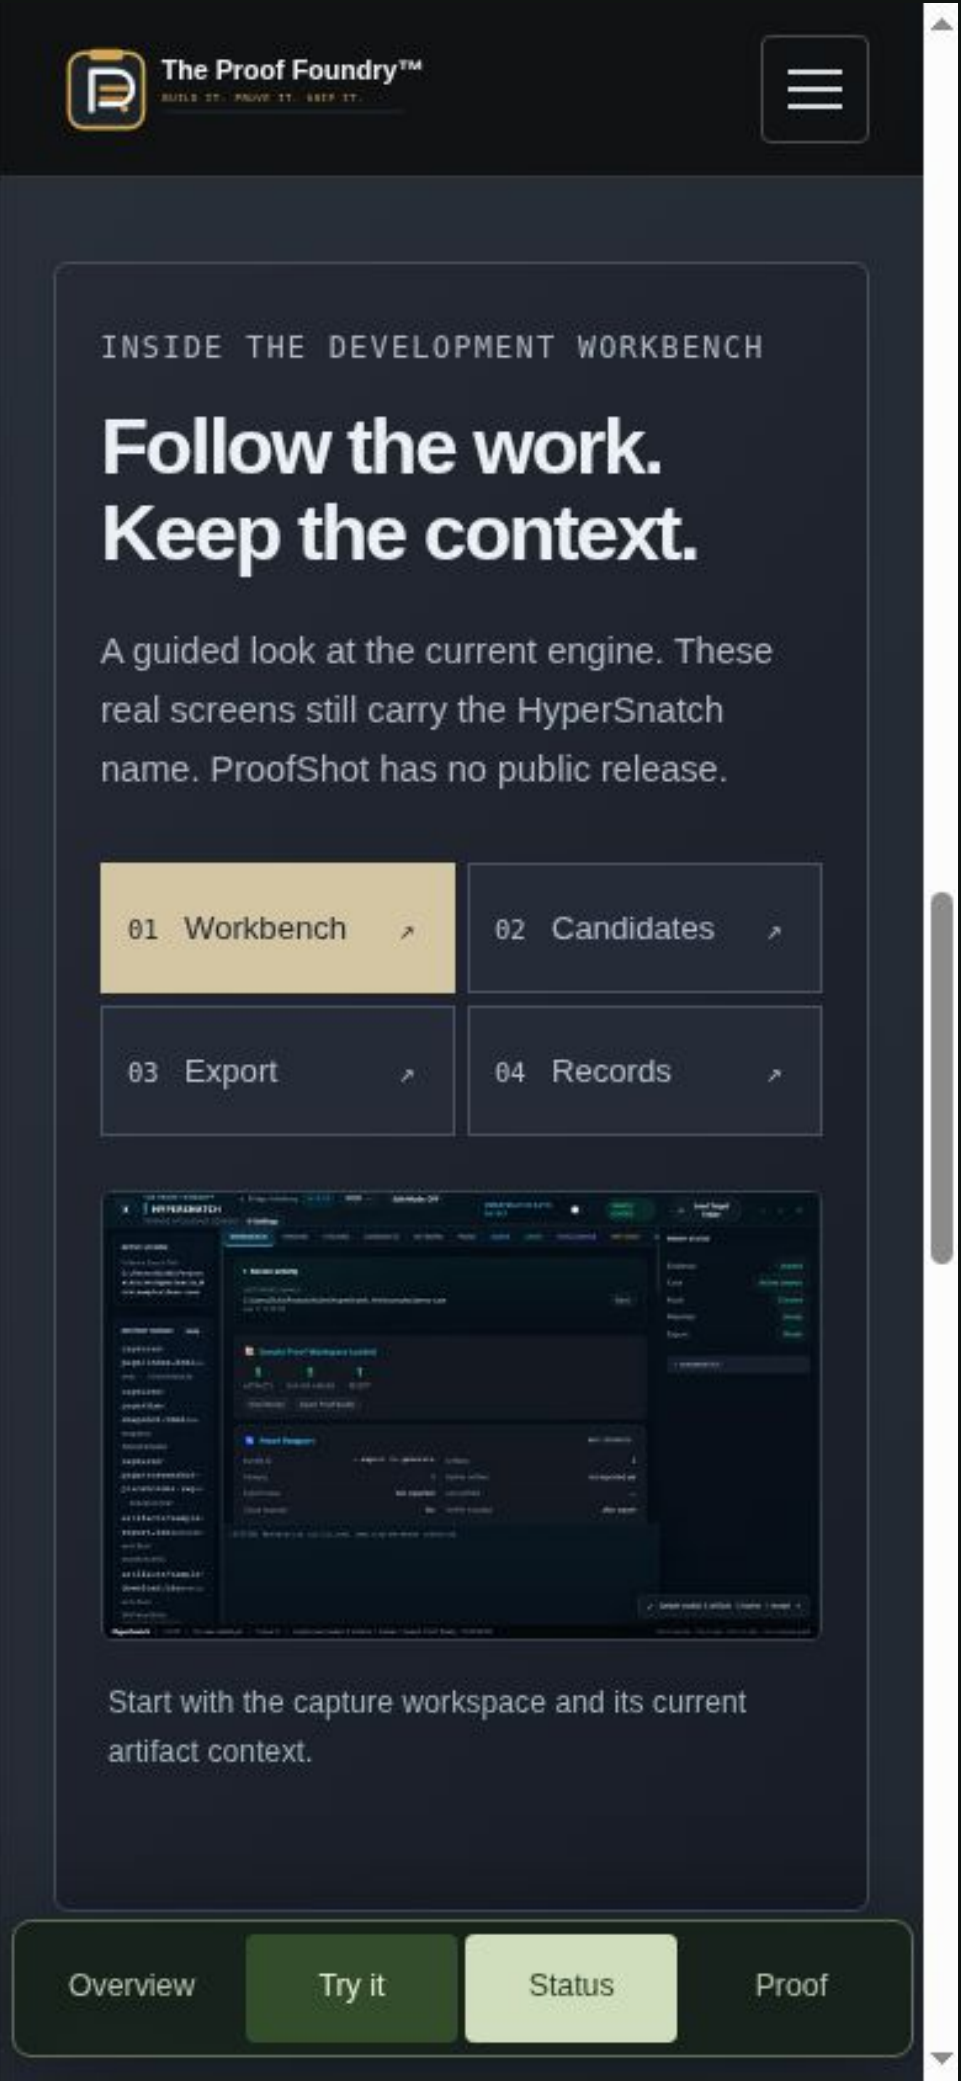

No public ProofShot release. Engine v1.6.18; its HyperSnatch name remains visible in real UI.

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

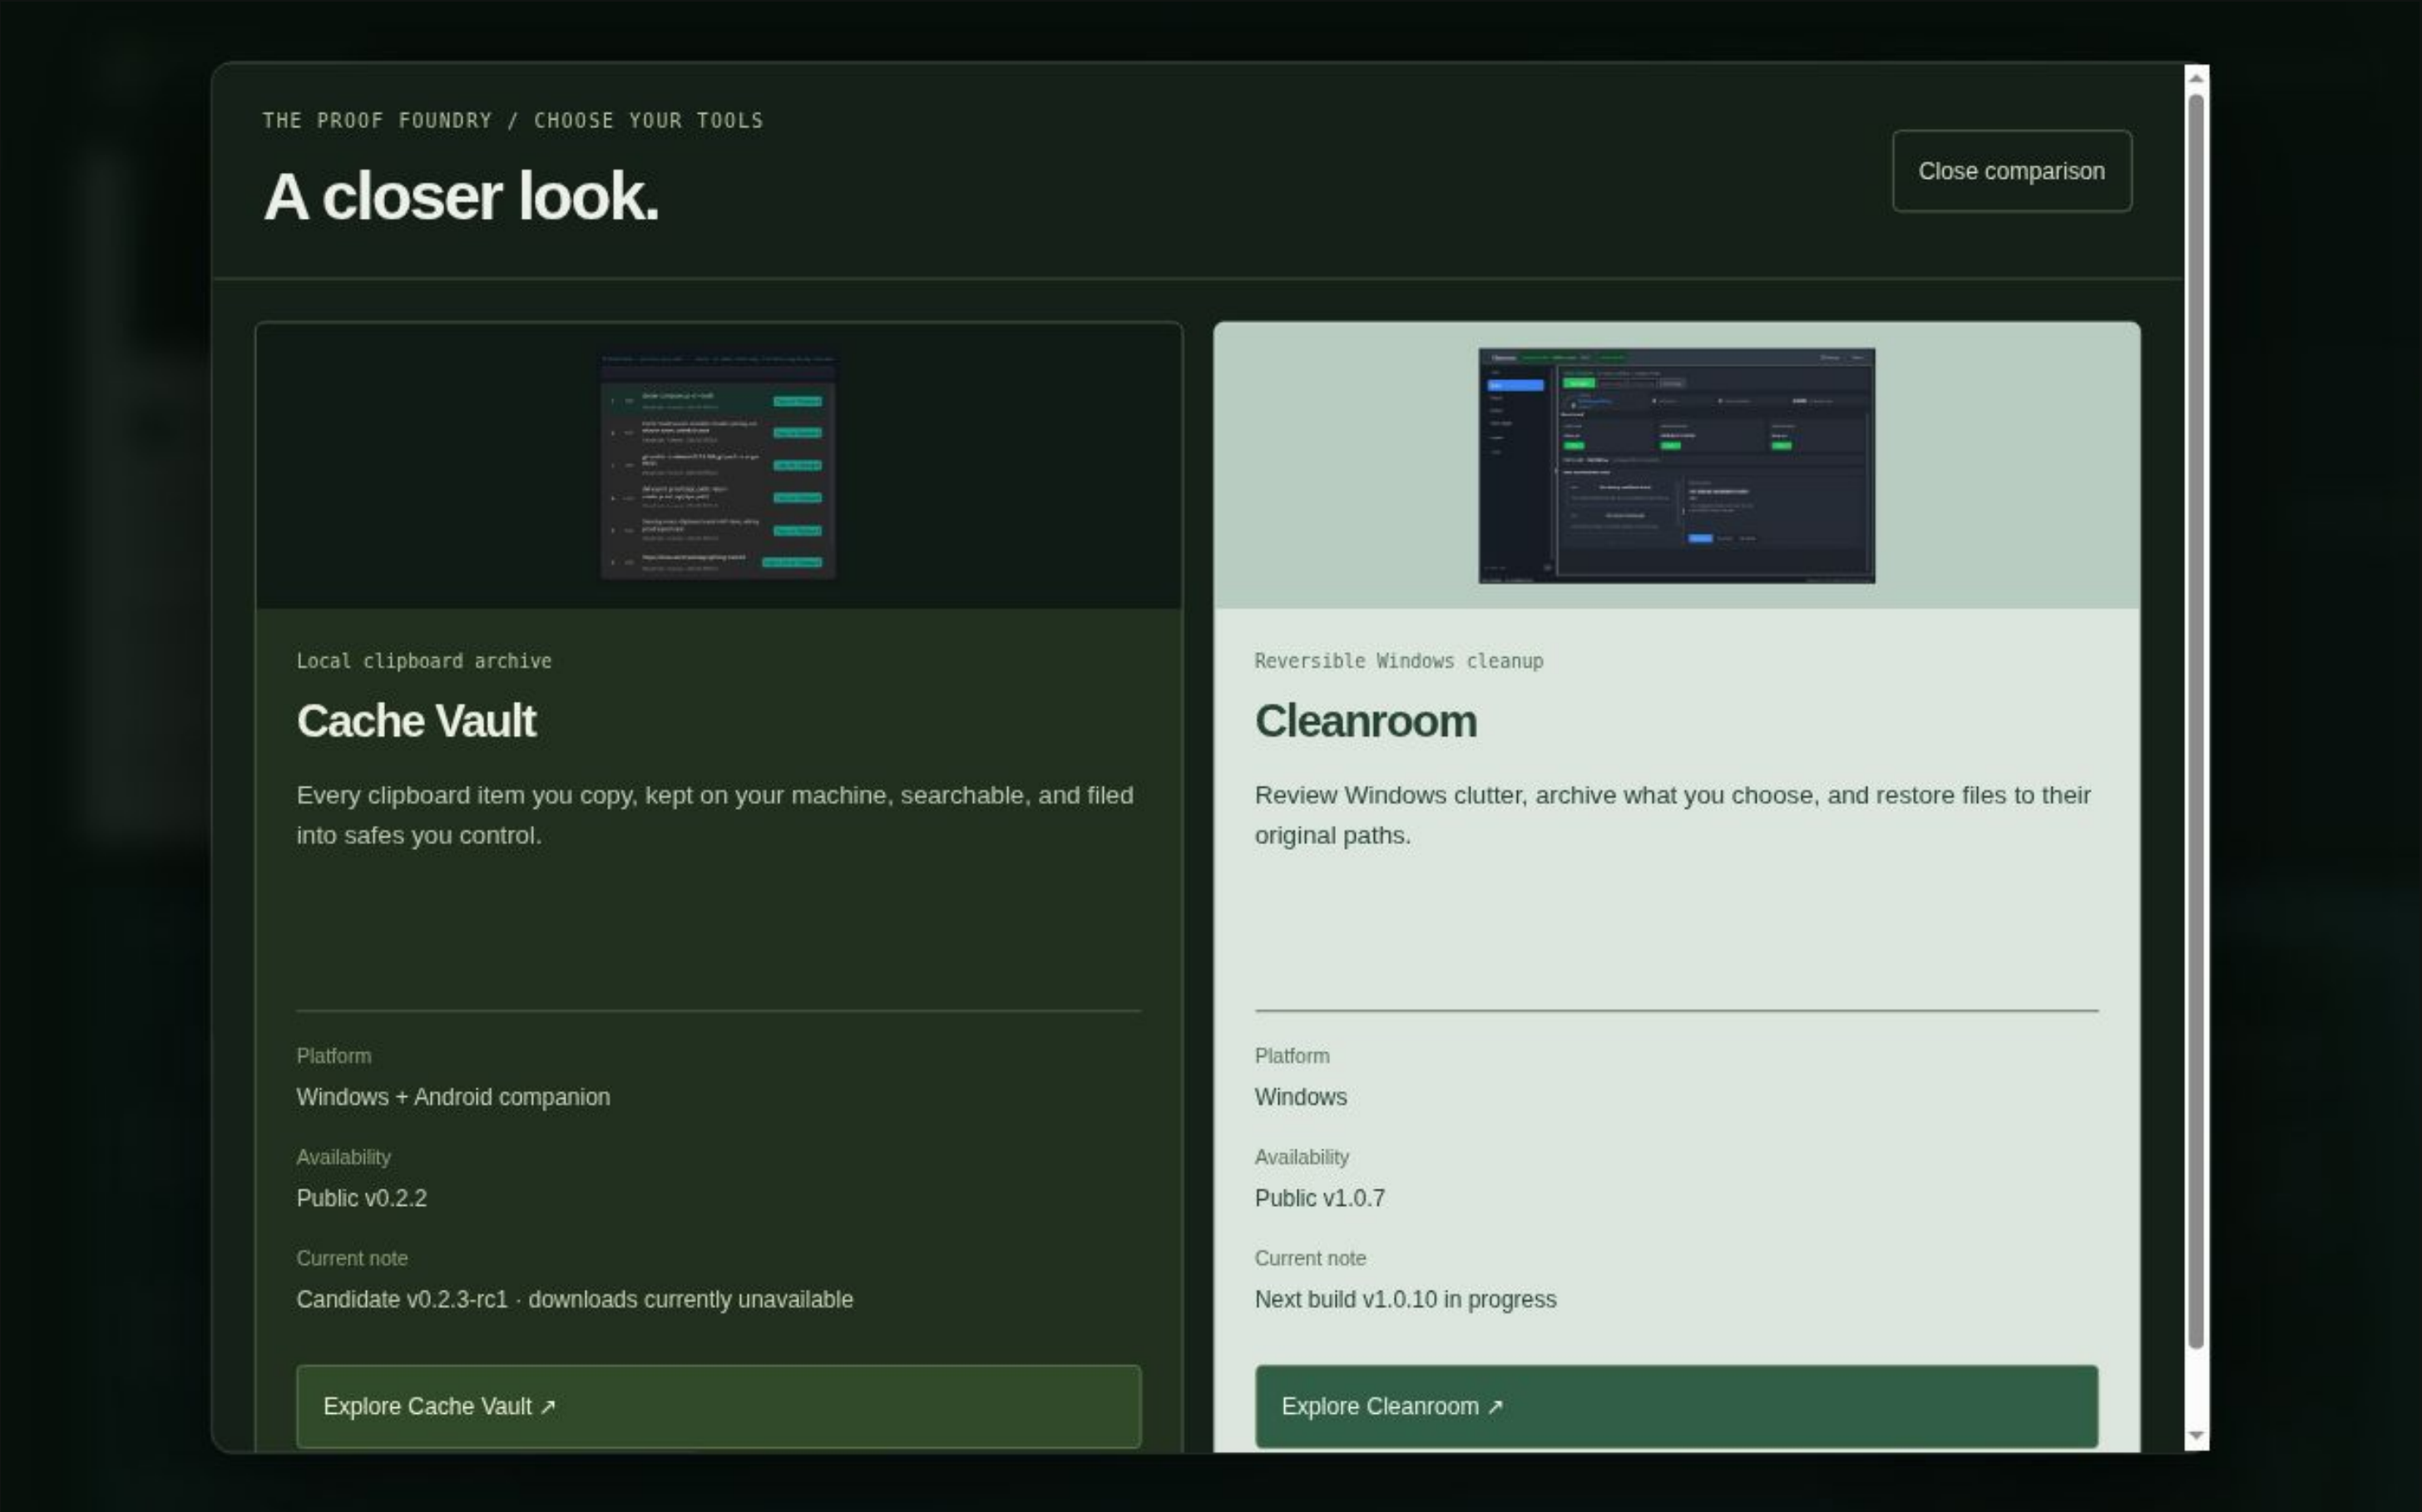

MOBILE - 390 x 844 CSS pixels

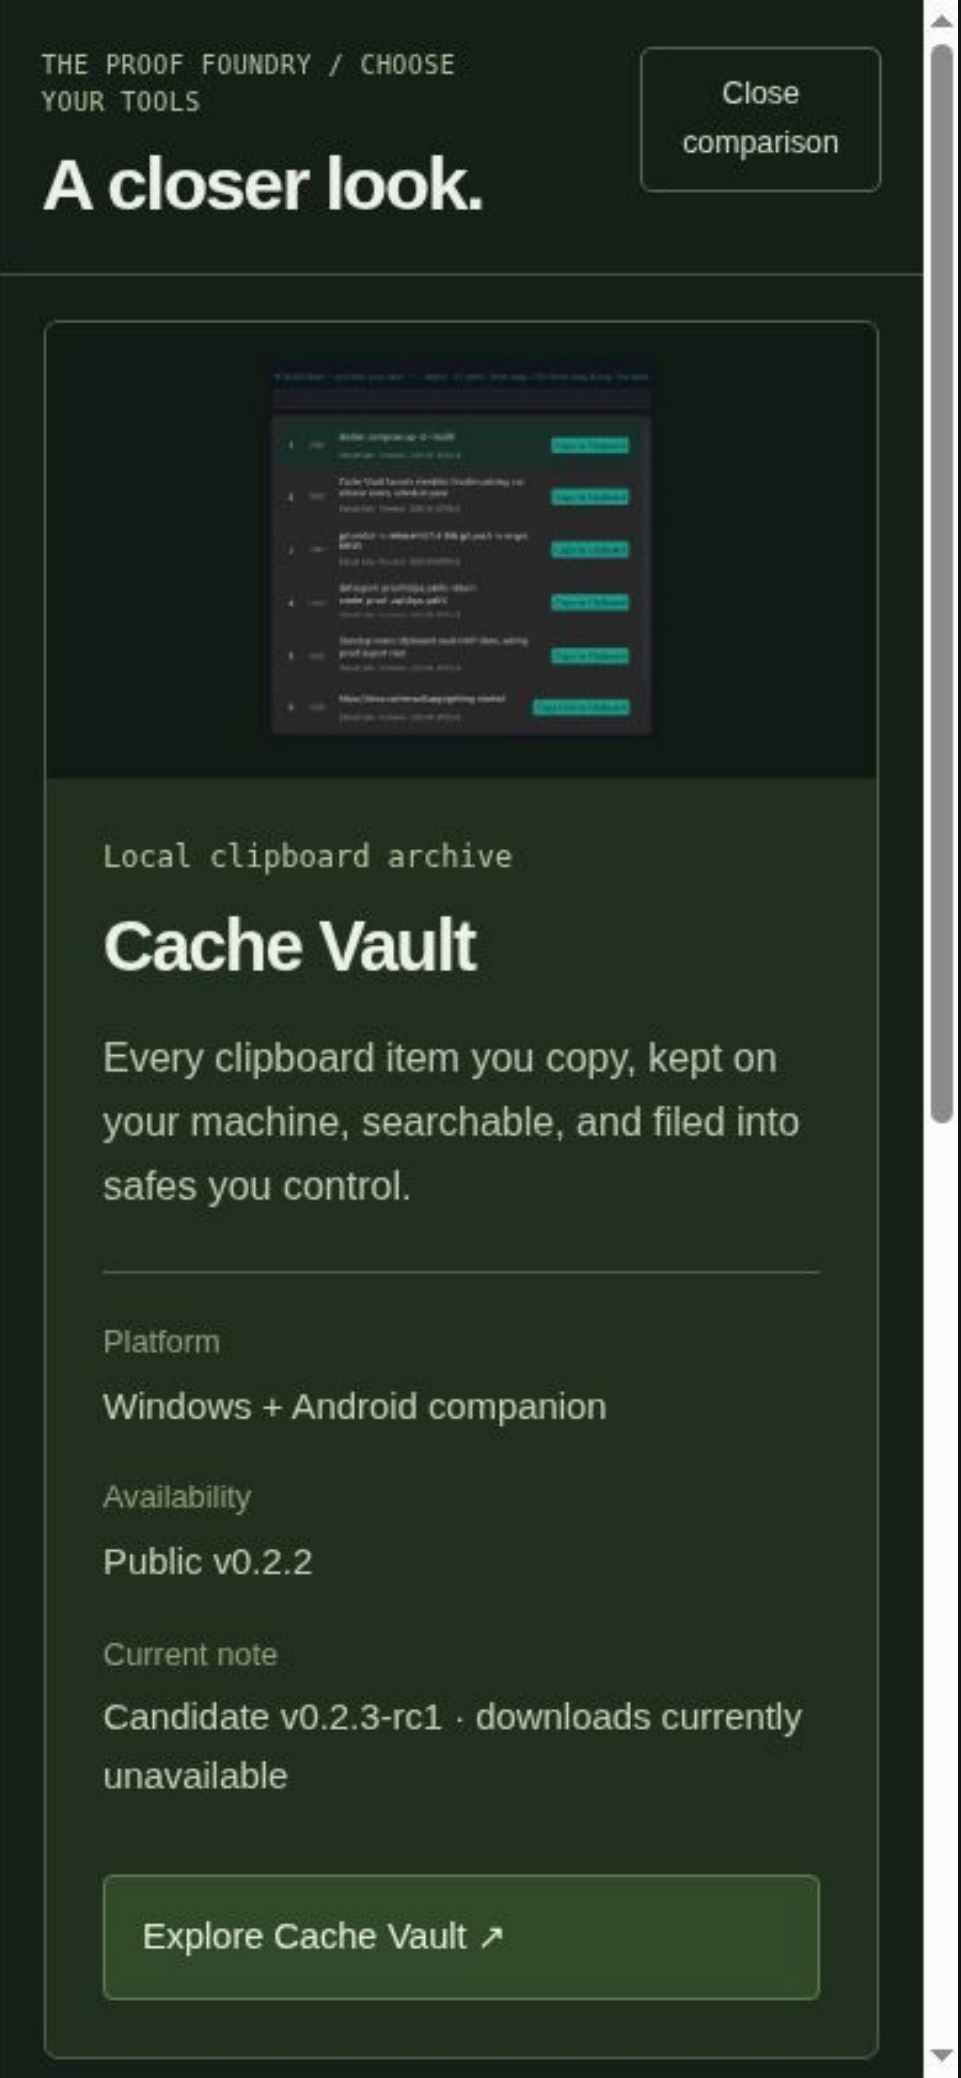

Choose your tools.

Compare purpose, platform and current availability in one place.

DESKTOP - 1440 x 900 CSS pixels

MOBILE - 390 x 844 CSS pixels

Comparison uses the manifest-rendered catalog. Two or three products; no invented release claims.

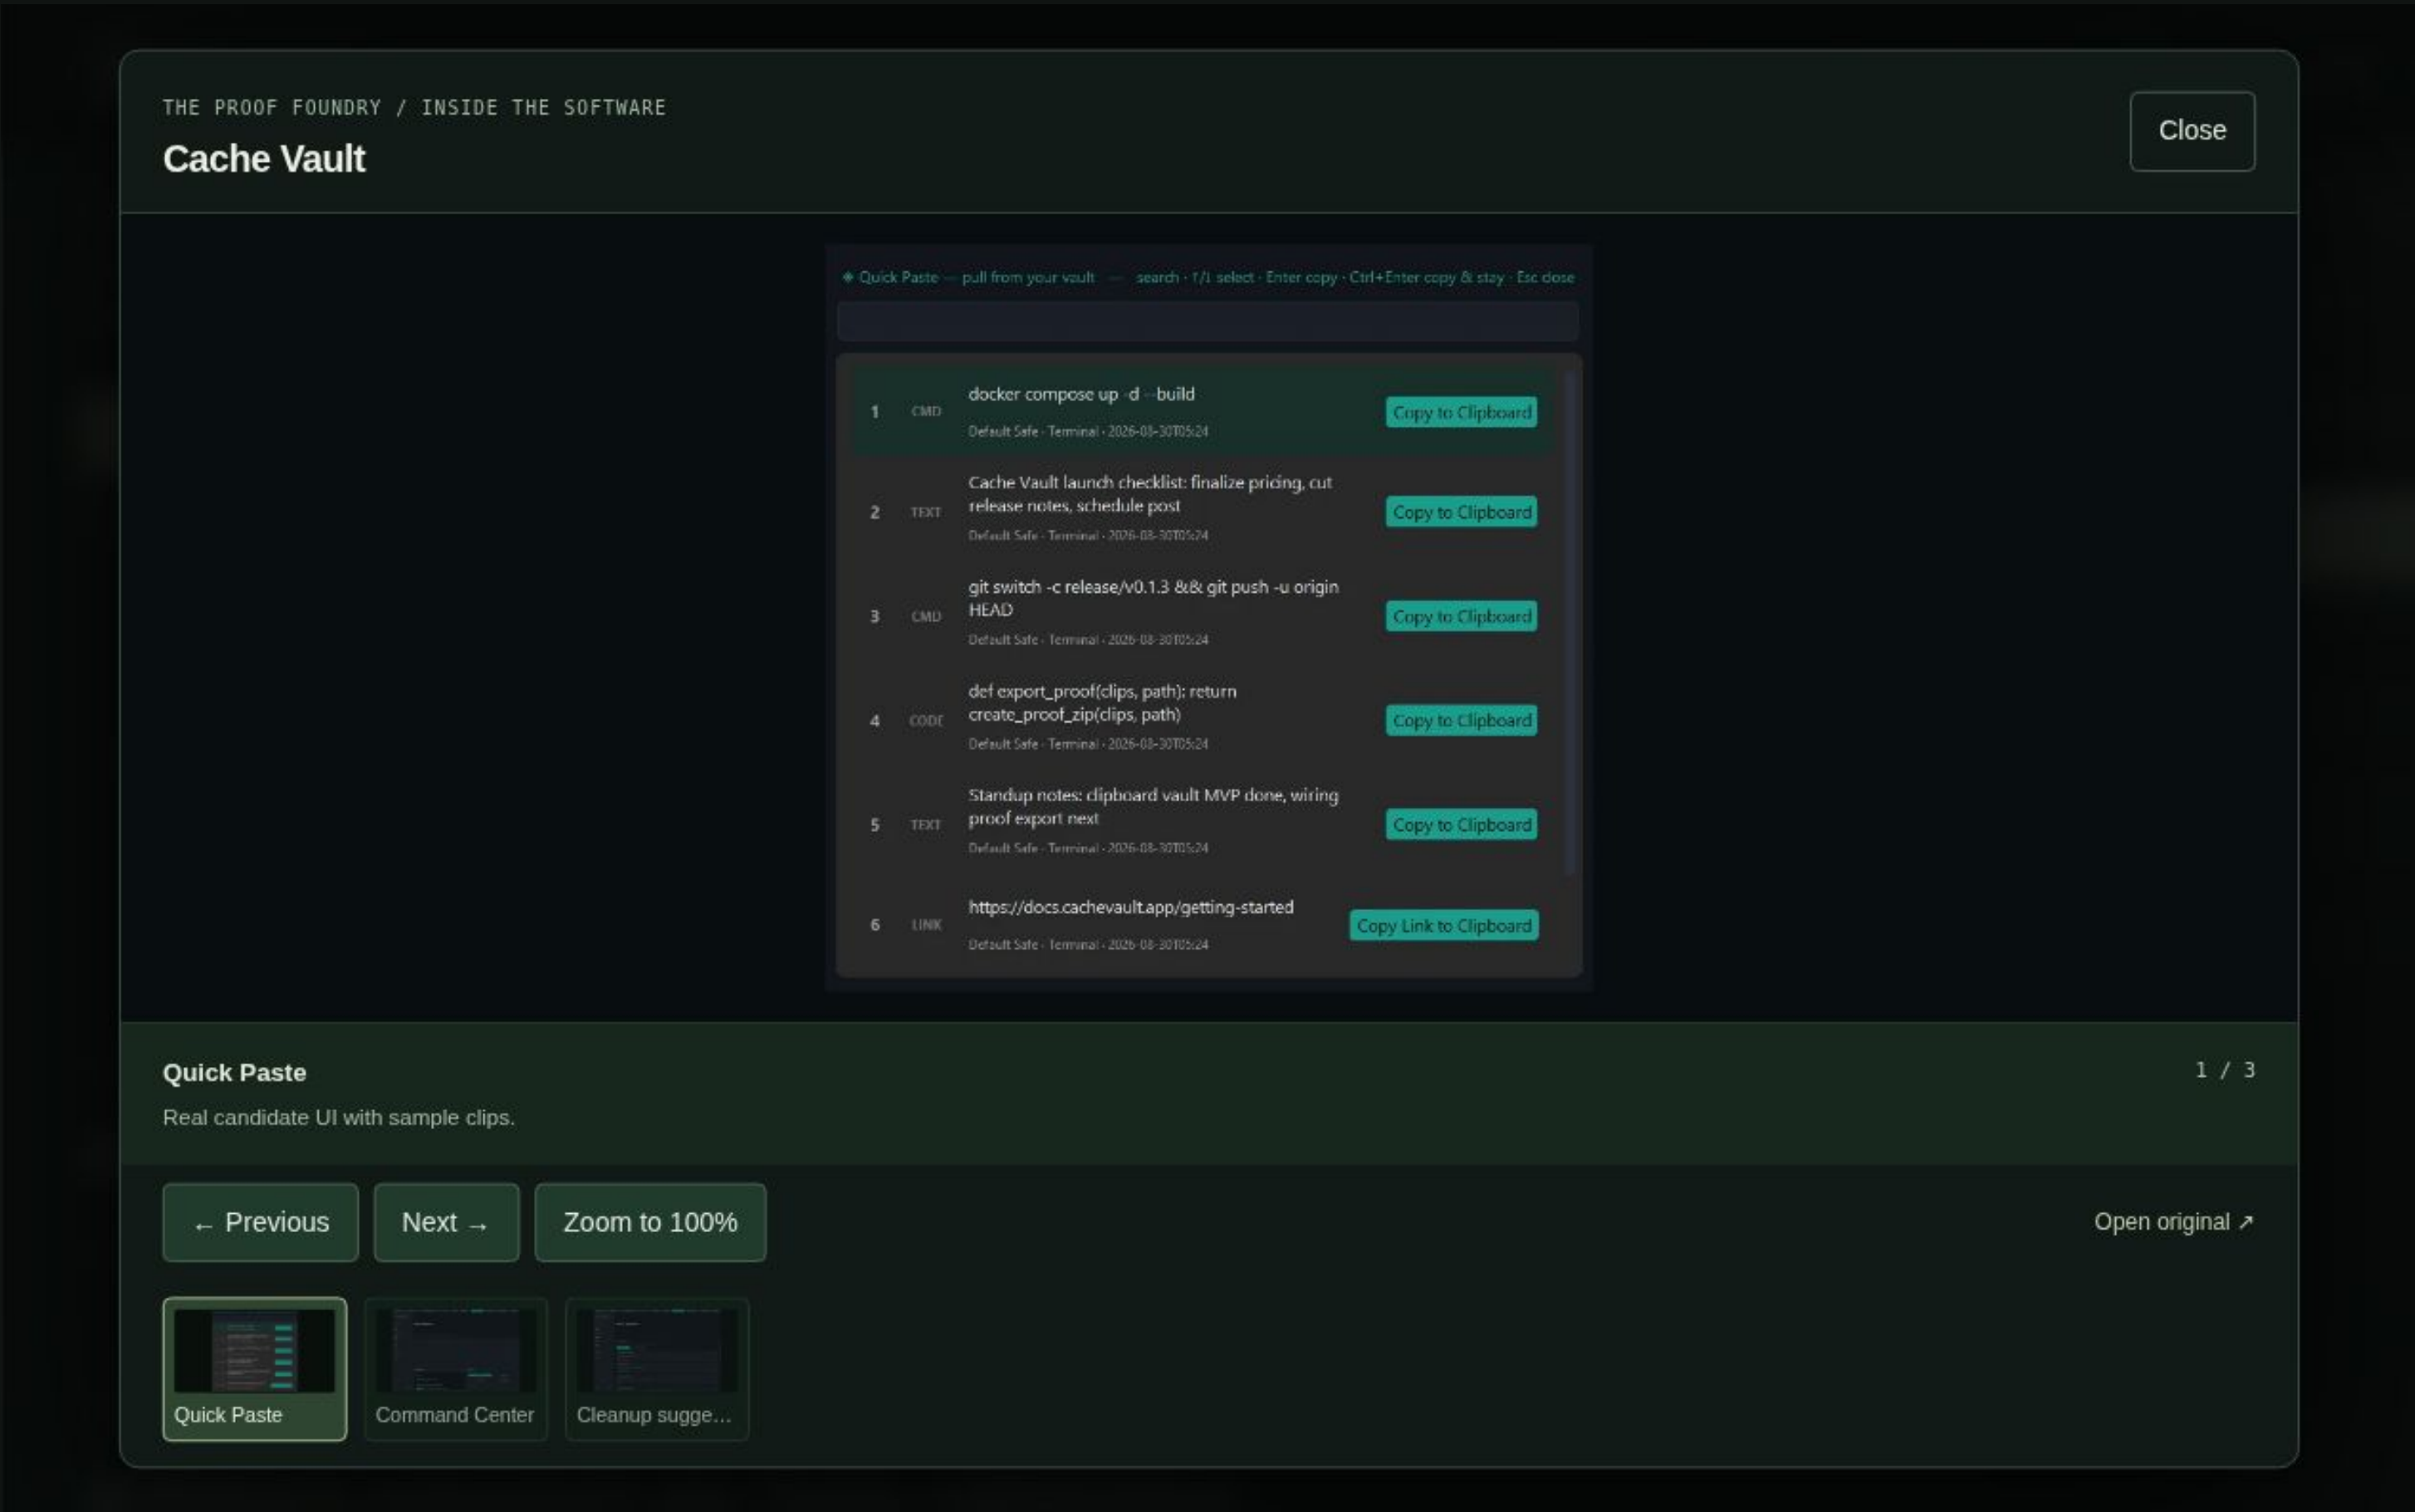

Actual Chrome captures. Desktop scaled to fit; mobile captured at 390 CSS pixels. Scroll continues below each viewport.

NOT DEPLOYED - Source locally validated. Production publication requires explicit visual approval.

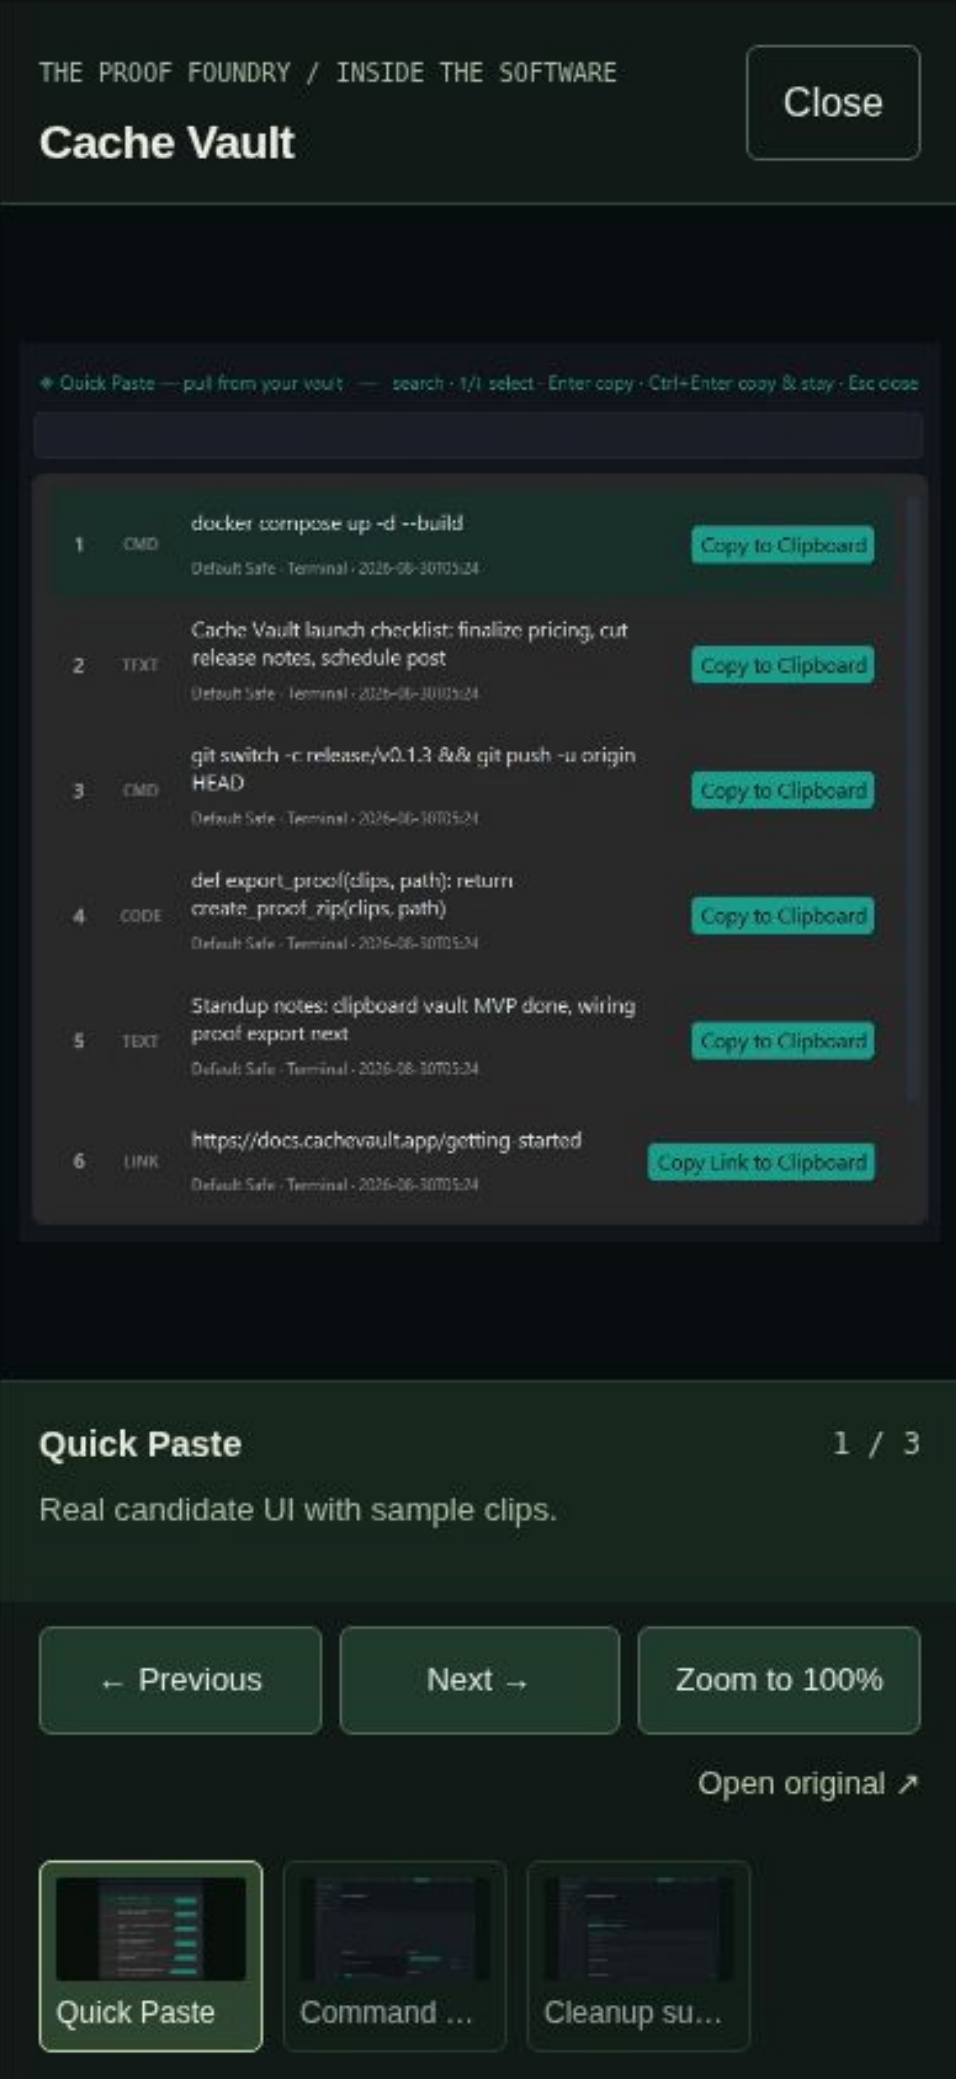

Look inside the software.

Browse real captures with thumbnails, keyboard navigation and original-resolution zoom.

DESKTOP - 1440 x 900 CSS pixels

MOBILE - 390 x 844 CSS pixels

All 21 curated screens checked. Lightweight previews load first; original PNGs are available on request.
